

# Contents

Chapter 1	Introduction . . . . .	1
	Comparison of the Scanning Electron Microscope with Other Microscopes . . . . .	1
	Basic Theory and Operation of the Scanning Electron Microscope . . . . .	3
	Modes of Operation of the Scanning Electron Microscope . . . . .	5
	Methods of Specimen Preparation in Scanning Electron Microscopy . . . . .	8
Chapter 2	One-Celled Organisms . . . . .	19
	Ciliate Protozoa . . . . .	20
	Flagellate Protozoa . . . . .	46
	Amoeboid Protozoa . . . . .	55
Chapter 3	Cells in Culture . . . . .	63
	Introduction . . . . .	63
	Surface Specializations . . . . .	66
	Variations in Cell Surface Specializations . . . . .	74
	Cells in Mitosis . . . . .	76
	Chick Embryo Chondroblasts . . . . .	78
	Phagocytosis by Normal and Abnormal Tissue Culture Cells . . . . .	81
	Induced Morphogenesis of Glial Cells . . . . .	84
Chapter 4	Prokaryotes . . . . .	87
	Bacteria . . . . .	88
	Blue-green Algae . . . . .	94
Chapter 5	Fungi and Algae . . . . .	97
	Slime Molds . . . . .	98
	Fungi . . . . .	104
	Algae . . . . .	110

Chapter 6	Multicellular Plants . . . . .	121
	Liverworts and Mosses . . . . .	122
	Lower Vascular Plants . . . . .	126
	Gymnosperms . . . . .	130
Chapter 7	Organ Systems of Angiosperms . . . . .	137
	Roots . . . . .	138
	Shoot Apex . . . . .	142
	Stem . . . . .	144
	Leaf . . . . .	148
	Flower . . . . .	164
	Seed . . . . .	176
Chapter 8	Multicellular Animals . . . . .	181
	Sponges . . . . .	182
	Hydra and Other Coelenterates . . . . .	185
	Flatworms . . . . .	190
	Spiny-headed Worms . . . . .	205
	Nematodes . . . . .	208
	Ectoprocts or Lophophorate Coelomates . . . . .	213
	Annelid Worms . . . . .	216
	Molluscs . . . . .	223
	Arthropods . . . . .	228
Chapter 9	Tissue and Organ Systems of Animals . . . . .	263
	Blood . . . . .	264
	Muscle Tissue . . . . .	274
	Digestive System . . . . .	276
	Respiratory System . . . . .	290
	Excretory System . . . . .	296
	Male Reproductive System . . . . .	301
	Female Reproductive System . . . . .	304
	Sense Organs . . . . .	310
Chapter 10	Development . . . . .	333
	Fertilization and the Cortical Reaction in Sea Urchins . . . . .	334
	Embryology of the Frog . . . . .	338
	Subject Index . . . . .	343
