Functional Morphology of the Gastrointestinal Tract 1
Le Shen

***Vibrio cholerae* Interactions with the Gastrointestinal
Tract: Lessons from Animal Studies 37**
Jennifer M. Ritchie and Matthew K. Waldor

**Interaction of *Yersinia* with the Gut: Mechanisms
of Pathogenesis and Immune Evasion 61**
Peter Dube

Molecular Mechanisms of *Salmonella* Virulence and Host Resistance 93
Yanet Valdez, Rosana B. R. Ferreira, and B. Brett Finlay

**Virulence Mechanisms and Persistence Strategies of the Human
Gastric Pathogen *Helicobacter pylori* 129**
Wolfgang Fischer, Sandra Prassl, and Rainer Haas

***Listeria* as an Enteroinvasive Gastrointestinal Pathogen 173**
Sukhadeo B. Barbuddhe and Trinad Chakraborty

Molecular Mechanisms of *Campylobacter* Infection 197
Jos P.M. van Putten, Lieke B. van Alphen, Marc M.S.M. Wösten,
and Marcel R. de Zoete

***Shigella* Infection of Intestinal Epithelium and Circumvention
of the Host Innate Defense System 231**
Hiroshi Ashida, Michinaga Ogawa, Hitomi Mimuro, and Chihiro Sasakawa
