List of Contributors	vii	5 Complications Associated with Proximal Tibial Epiphysiodesis	61
Preface	ix	<i>Aldo Vezzoni, Joshua S. Zuckerman, and Ron Ben-Amotz</i>	
Foreword	xi		
Acknowledgments	xiii		
Disclosures	xv		
I Introduction	1	III Extraarticular Repair Techniques	85
1 Pathology, Diagnosis, and Treatment Goals of Cranial Cruciate Ligament Rupture and Defining Complications	3	6 Extracapsular Stabilization Using Synthetic Material	87
<i>David L. Dycus, Jeffery Biskup, Michael G. Conzemius, and Ron Ben-Amotz</i>		<i>Ian G. Holsworth</i>	
2 Surgeon and Patient Preparation to Minimize Surgical Site Complications and Infection Surveillance Programs	15	7 Complications Associated with Extracapsular Stabilization Using Monofilament Material	109
<i>Katie L. Hoddinott, J. Scott Weese, and Ameet Singh</i>		<i>R. Randy Basinger</i>	
3 Identification, Addressing, and Following Up on Surgical Site Infection After Cranial Cruciate Ligament Stabilization	33	8 Complications Associated with Extracapsular Stabilization using Multifilament Material	121
<i>Katie L. Hoddinott, J. Scott Weese, and Ameet Singh</i>		<i>Matt Corse and Ian G. Holsworth</i>	
II Intraarticular Repair Techniques	43	IV Osteotomy Repair Techniques	145
4 Complications Associated with Intraarticular Repair Techniques	45	9 Complications Associated with Cranial Closing Wedge Osteotomy	147
<i>Jeffery Biskup and Michael G. Conzemius</i>		<i>Bill Oxley</i>	
		10 Complications Associated with Tibial Plateau Leveling Osteotomy	163
		<i>Ron Ben-Amotz and Joshua S. Zuckerman</i>	
		11 Complications Associated with CORA-Based Leveling Osteotomy	189
		<i>David L. Dycus and Don Hulse</i>	

12 Complications Associated with Tibial Tuberosity Advancement <i>Matthew D. Barnhart</i>	199	VI Adjunctive Information	261
13 Complications Associated with the Modified Maquet Technique <i>Marc H. Balligand</i>	217	16 Complications Associated with Feline Cranial Cruciate Ligament Techniques <i>Sorrel J. Langley-Hobbs and Eva Schnabl-Feichter</i>	263
V Nonsurgical Management and Physical Rehabilitation	235	17 Complications Associated with Arthroscopic Evaluation of the Stifle and Decision Making <i>Brian S. Beale, Stephen C. Jones, and Selena Tinga</i>	287
14 Complications Associated with Stifle Orthotics <i>Bryan T. Torres and Steven C. Budsberg</i>	237	18 Complications Associated with the Meniscus and Decision Making <i>Stephen C. Jones, Selena Tinga, and Brian S. Beale</i>	307
15 Complications from Cranial Cruciate Ligament Surgery: Rehabilitation Considerations <i>Matthew W. Brunke, David Levine, David L. Dycus, and Denis J. Marcellin-Little</i>	247	Index	327
