SECTION I. FACIAL SURGERY

Fixation of a Fractured Zygoma and Orbital Floor	4
Caldwell-Luc	7
Alloplastic Restoration of a Fractured Orbital Floor	8
Segmental Mandibular Resection	10
Retromaxillism	12
Reconstruction of a "Dish Face" Deformity	15
Excision of a Tumor of the Ascending Ramus	18
Advancing Mandibular Symphysis	21
Total Maxillectomy	24
Ridge Onlay Graft for Microgenia	26
Nasal Reconstruction	28
Removal of a Nasal Hump	29
Lateral Nasal Osteotomy (Rhinoplasty)	30
Cartilage or Bone Grafting Following Subtotal Nasal Reconstruction	31
Krönlein Procedure	34
Excision of an Ossifying Fibroma of the Frontal Bone	35
Dacryocystorhinostomy	36
Reconstruction of the Auricle	38
Technique Suggestions	40
Bibliography	41

SECTION II. ORAL SURGERY

Vertical Osteotomy of the Ascending Ramus	46
Anterior Maxillary Osteotomy	48
Bilateral Oblique Sliding Osteotomy of the Rami of the Mandible	52
Bilateral Midsagittal Osteotomy of the Rami of the Mandible	56
Intraoral Step Osteotomy of the Body of the Mandible	61
Horizontal Mandibular Osteotomy	64
Degloving the Mandible for Mentoplasty	66
Condylectomy	68
Surgical Orthodontia	70
Surgical-Orthodontic Treatment of Interincisal Diastemas	73
Internal-External Fixation of a Mandibular Fracture	74
Simple Fixation of a Fracture of the Mandibular Symphysis	76
Figure Eight Wiring of a Mandibular Symphysis Fracture	77
Intraoral Mandibular Reduction	78
Interseptal Wiring	80
The "L" Splint for Immobilization of Iliac Bone Grafts to the Mandible	81
Ostectomy of a Mandibular Ameloblastoma	84
Unroofing of a Mandibular Dentigerous Cyst	86
Marsupialization of a Globulomaxillary Cyst	87
Removal of Torus Palatinus	88
Removal of Torus Mandibularis	89
Maxillary Alveolectomy	90
Removal of a Palatal Root from an Edentulous Maxilla	91
Surgical Removal of a Partially Impacted Wisdom Tooth	92
Sectioning of a Horizontal Impacted Mandibular Third Molar	94

Contents

Removal of an Unerupted Mandibular Second Bicuspid	95
Excision of an Ankylosed Deciduous Mandibular Molar	96
Removal of an Impacted Maxillary Third Molar	98
Removal of an Impacted Palatal Maxillary Cuspid	99
Apicoectomy of a Maxillary Incisor	100
Periodontal Alveoloplasty	102
Operative Dentistry	104
Technique Suggestions	106
Bibliography	107

SECTION III. TEMPORAL BONE SURGERY

Excision of an Osteoma of the External Auditory Meatus	112
Removal of the Mastoid Cortex	114
A Radical Mastoidectomy	115
Cryosurgical Treatment of Meniere's Disease	116
Exposure of the Middle Ear	118
Fenestration of the Solid Footplate	119
Transtemporal Translabyrinthine Approach to an Acoustic Neuroma	120
Preservation of the Posterior Canal Wall and Bridge in Surgery for Cholesteatoma	122
Technique Suggestions	124
Bibliography	125

SECTION IV. HAND RECONSTRUCTIVE SURGERY

Insertion of a Silastic® Carpal Scaphoid Implant	130
Insertion of a Silastic Trapezium Implant in Trapeziometacarpal Arthroplasty	136
Insertion of a Silastic® Carpal Lunate Implant	142
Silastic® Implants for Replacement of Arthritic or Destroyed Joints of the Hand	146
Technique Suggestions	155
Bibliography	156

SECTION V. SOFT TISSUE SURGERY

Dermabrasion	160
Discussion of Methods of Management of Lower Extremity Soft Tissue Trauma in Arteriosclerotic Patients	163
Permanent Camouflage of Capillary Hemangiomas	164
Tissue Biopsy	166
Excision of a Fibroma	167
Liver Biopsy	168
Operative Management of Heavily Calcified Aortic Valve	170
Intimectomy	172
Technique Suggestions	173
Bibliography	174

SECTION VI. EQUIPMENT GUIDE

Air Pressure Regulator	
Connecting the Regulator to the Nitrogen Tank	178
Attaching Air Instruments to the Regulator	180
Disconnecting Air Instruments from the Regulator	182
Sterilization of Equipment: Steam	184
Sterilization of Equipment: Gas	186
Cleaning of Air Instruments	187
Lubrication of the Air Drill 100	188
Lubrication of the Air Driver II	189
Air Drill 100	191
Air Driver II	206
Repair and Maintenance Guide	218

SECTION VII. POWER SYSTEMS

Power Systems	221
Glossary	233
Index	235
