

CONTENTS TABLE

1	PREFACE.....	3
2	SCIENTIFIC MODEL.....	5
2.1	The 'STIPPS' Model.....	5
2.2	Peer learning.....	6
2.2.1	Introduction.....	6
2.2.2	Piagetian peer learning.....	7
2.2.3	Vygotskyan peer learning.....	8
2.2.4	References.....	9
2.3	Effective communication skills.....	11
2.3.1	Layer 1 & 2 – Effective communication skills.....	11
2.3.2	Layer 3 – Effective communication skills.....	12
2.3.3	Layer 4 – Effective communication skills.....	12
2.4	Good social skills.....	16
2.4.1	Layer 1 & 2 – Good social skills.....	16
2.4.2	Layer 3 – Good social skills.....	17
2.4.3	Layer 4 – Good social skills.....	18
2.5	Effective classroom organization.....	22
2.5.1	Layer 1 & 2 – Effective classroom organization.....	22
2.5.2	Layer 3 – Effective classroom organization.....	23
2.5.3	Layer 4 – Effective classroom organization.....	26
2.6	Active learning.....	30
2.6.1	Layer 1 & 2 – Active learning.....	30
2.6.2	Layer 3 – Active learning.....	31
2.6.3	Layer 4 – Active learning.....	33

2.7	Lesson is at the right level.....	34
2.7.1	Layer 1 & 2 – Lesson is at the right level.....	34
2.7.2	Layer 3 – Lesson is at the right level.....	35
2.7.3	Layer 4 – Lesson is at the right level.....	37
2.8	Scientific thinking circle	38
2.8.1	Layer 1 & 2 – Scientific thinking circle	38
2.8.2	Layer 3 – Scientific thinking circle	39
2.8.3	Layer 4 – Scientific thinking circle	46
2.9	Building understanding through mediation	49
2.9.1	Layer 1 & 2 – Building understanding through mediation	49
2.9.2	Layer 3 – Building understanding through mediation	50
2.9.3	Layer 4 - Building understanding through mediation.....	53
3	ARTICLES concerning the STIPPS project	60
3.1	How children learn science?	60
3.2	Peer learning in primary school science: Theoretical perspectives and implications for classroom practice	68
3.3	The Scientific Thinking Circle as Instructional Training Tool to increase Scientific Thinking in Pre primary and Primary School Children	76
