

CONTENTS

Selenium intake by plants, animals and humans

G. Gissel - Nielsen 1

Selenium intake of the Swiss population - Preliminary results

B. Zimmerli, A. Wytttenbach 11

Selenium in food and nutrition in France

M. Simonoff, P. Moretto, G. Simonoff, C. Conri, B. Cornaille, B. Fleury, Y. Ducloux 15

Selenium in wine

H. Eschnauer, F. Alt, J. Messerschmidt, G. Tolg 23

Selenium metabolism

A. Favier 29

Intestinal absorption of selenium in rats : effects of segments and age

S. Ciappellano, M. Porrini, F. Brighenti, G. Testolin 51

Stimulation of intestinal absorption of selenite by cysteine and glutathione

E. Scharrer, R. Würmli, S. Wolffram 55

Transport of selenoaminoacids across the intestinal brush border membrane (BBM)

S. Wolffram, B. Berger and E. Scharrer 59

XII

Kinetics of sodium selenite by intravenous injection in rabbits :
study of selenium and glutathione peroxidase in plasma

O. Guillard, S. Bouquet, C. Tallineau, A. Pirion, P. Courtois . . . 63

Retention and biological half-life of (⁷⁵Se) selenomethionine
in four patients with Duchenne Muscular Dystrophy

T. Westermarck, T. Rahola, M. Puhakainen, R. Lappalainen, T.
Louhimo 69

Selenium in the anterior pituitary after a single injection of
75-Se L-selenomethionine

H. Gronbaek, O. Thorlacius-Ussing 75

Selenium metabolism and availability in Rainbow trout

M. Gissel-Nielsen 79

Selenium homeostasis

D. Behne 83

Effects of corticosteroid treatment on selenium status in man and
animals

A. Peretz, J. Nève, J. Fontaine, F. Vertongen, J.P. Famaey 93

SECTION II : BIOLOGICAL FUNCTIONS OF SELENIUM

Plenary lecture given by : J. Nève

Chairmen : L. Molle

J.M.C. Gutteridge

Biological functions of selenium

J. Nève 97

Study of selenium antioxidant properties on lipid peroxidation :
use of NMR and ESR spectroscopies

F. Nepveu, M. Massol, C. Capul, P. Derache 113

Dietary fats and heart lipid peroxidation status

G. Nalbone, E. Termine, J. Leonardi, J. Lechene, M. Chautant,
H. Lafont 117

Effect of selenium supplementation in rat diet on blood plasma
lipid parameters

A.M. Crespo, R.E. Pinto 121

Effect of selenium intake on lipid peroxidation and cardiac
functions in rats

N. Koukay, M.J. Richard, A. Favier, S. Mouhieddine, J. De Leiris . 125

Prostanoids may mediate the radioprotective effects of selenium
and WR2721

P. Bienvenu, F. Herodin, M. Fatome, J.F. Kergonon 129

Some new aspects of the physiological role of selenium : regula-
tion of glutathione and hydroperoxide metabolism

V. Narayanaswami, K. Lalitha 133

SECTION III : ASSESSMENT OF SELENIUM STATUS

Plenary lectures given by : J. Nève
Y. Thomassen
P. Chappuis

Chairmen : M. Lamand
D. Behne
Y. Thomassen
R. Bourdon

Biological parameters for assessing selenium status

J. Nève 137

XIV

Selenium concentrations in human tissues

J. Aaseth, Y. Thomassen	149
Problems and new trends in selenium determination in biological materials	
P. Chappuis, F. Paolaggi, F. Rousselet, C. Faugeron	159
Direct analysis of selenium in biological samples (serum, erythrocytes) by graphite furnace atomic absorption spectroscopy by the method of standard additions	
C. Charlot, D. Rieu, J. Castel	171
Determination of selenium in serum by electrothermal atomic spectrophotometry	
I. Moynier, E. Bourret, L. Bardet, M. Fussellier	177
Selenium determination in different biological fluids by stable isotope dilution gas chromatography mass spectrophotometry	
V. Ducros, D. Ruffieux, N. Belin, A. Favier	181
Direct determination of selenium in human and animal plasma by energy dispersive X-Ray fluorescence	
E.A. Maier, F. Rastegar, C. Ruch, R. Heimbürger, C. Christophe, M.J.F. Leroy	185
Expression of urinary selenium levels in humans	
J. Nève, A. Peretz	189
An automated method (Ransel kit) for the determination of glutathione peroxidase in erythrocytes from healthy adult patients	
P. Therond, M. Marchand, D. Biou, J.F. Demelier	193

SECTION IV : SELENIUM IN HUMAN DISEASES

Plenary lectures given by : I. Lombeck
 J.M.C. Gutteridge
 A. Peretz
 G.N. Schrauzer
 Chairmen : J.K. Huttunen
 J.F. Narbonne
 J. Nève
 M. Tolonen

Selenium in neonates and children

I. Lombeck, H. Menzel 197

Selenium at delivery

D. Bouglé, J. Voirin, R. Venezia, J.F. Duhamel, G. Muller,
 F. Bureau, M. Drosdowky 207

Serum selenium levels and selenium intakes in newborn

J.M. Fraga, J.R. Cervilla, J. Varela-Iglesias, J. Pena,
 J.A. Cocho 211

Glutathione peroxidase activity in erythrocytes of newborns fed
maternal or formula milk

J.R. Cervilla, J.R. Fernandez-Lorenzo, J.M. Fraga, J.A. Cocho,
 J.I. Ramos-Martinez 215

Selenium and antioxidant injury in cystic fibrosis children

M.J. Richard, J. Arnaud, A. Favier, P. Aguilania, J.P. Gout,
 G. Decoux 219

Oxygen free radicals and antioxidants

J.M.C. Gutteridge 225

Selenium in inflammation and immunity

A. Peretz 235

Selenium and other trace elements in patients with rheumatoid
arthritis

J. Arnaud, V. Imbault-Huart, A. Favier, A. Zagala, X. Phelip . . 247

XVI

Selenium and cancer

G.N. Schrauzer	251
--------------------------	-----

Selenium and other antioxidants in breast cancer

M. Gerber, S. Richardson, P. Chappuis	263
---	-----

Selenium and cancer in children (Preliminary data)

J.M.D. Malvy, D. Amédée-Manesmes, J. Arnaud, A. Favier, O. Houot, B. Montagnon	267
---	-----

Blood selenium concentration and glutathione peroxidase activity in male patients with alcohol dependence

B.A. Zachara, J. Rybakowski, K. Borowska, E. Pilaczynska, R. Zamorski, B. Stefaniak	269
--	-----

Serum selenium in alcoholic diseases

J. Arnaud, A. Favier, J.P. Zarski, M. Rachail, H. Labadie, M. Beaugrand	273
--	-----

Plasma selenium in cardiomyopathy

P. Therond, M. Marchand, D. Biou, J.F. Demelier, Ph. Auzépy, C. Richard	277
--	-----

Is non obstructive cardiomyopathy (NOMC) in AIDS selenium-deficiency related ?

J.F. Zazzo, A. Lafont, H. Darwiche, F. Sayegh, F. Camus, P. Chappuis, J. Chalas, C. Benattar	281
---	-----

Lipid peroxidation, relationship with selenium and glutathione peroxidase activities in patients with chronic renal failure

M.J. Richard, J. Arnaud, N. Koukay, A. Favier, C. Jurkowitz, E. Dechelette, T. Hachache, H. Meftahi, M. Foret, F. Laporte. .	283
---	-----

Blood selenium, glutathione peroxidase and cadmium in chronic renal failure patients

F. Dubois, B. Nicolas, R. Hoffman, F. Belleville, O. Paysant, M. Kessler, B. Jonon, T. Cao-Huu	289
---	-----

Implication of selenium and glutathione peroxidase deficiency in the pathology of hemodialyzed patients

M. Saint-Georges, C.L. d'Auzac, D. Bonnefont, B. Bourelly, M.C. Jaudon, A. Galli	293
---	-----

SECTION V : SELENIUM SUPPLEMENTATION AND TOXICITY

Plenary lectures given by : J.K. Huttunen

A. Pineau

F. Baruthio

Chairmen

: A. Favier

M. Lamand

D. Behne

Selenium supplementation in humans

A. Aro, J.K. Huttunen 297

A comparison of ten selenium supplementation products

J. Clausen, S.A. Nielsen 305

Selenium status in humans as investigated by the effects of supplementation with Se-enriched yeast tablets

J. Nève, S. Chamart, S. Van Erum, F. Vertongen, M. Dramaix . . 315

Effect of selenium supplementation with Se-enriched yeast tablets on hepatic, muscular, renal and hematological parameters in humans

S. Van Erum, P. Capel, F. Vertongen, J. Nève 321

Selenium content of the mineral water of La Roche Posay.
Interest for dietary supplementation

S. Ducos-Fonfrède, F. Clanet, E. Delrez 325

Antioxydant supplementation reduces serum lipid peroxides in the elderly. Randomized double-blind one-year study.

M. Tolonen, S. Sarna, M. Keikonen, M. Halme, U.R. Nordberg . . 329

Selenium and vitamin E supplementation in cystic fibrosis

P. Therond, M. Marchand, D. Biou, J.F. Demelier, F. Brion,
F. Foncaud, J. Navarro 333

XVIII

Plasma and erythrocyte selenium, glutathione peroxidase, malondialdehyde, and plasma lipid hydroperoxides as a function of selenium supplementation in 12 treated phenylketonuric children

B. Wilke, M. Vidailhet, C. Guillemin, A. Favier, V. Ducros,
J. Arnaud, M.J. Richard 337

Selenium fertilization in practice in Finland

T. Ylaranta 341

Selenium toxicology

A. Pineau 345

Selenium toxicity in industrial applications : present knowledge

F. Baruthio 351

SECTION VI : SELENIUM IN ANIMALS

Plenary lecture given by : M. Lamand
Chairman : J. Fontaine

Selenium deficiency in animals

M. Lamand 357

Whole blood and plasma selenium concentrations, erythrocyte and plasma glutathione peroxidase activities in dams and lambs

B.A. Zachara, R. Zamorski, K. Borowska, R. Kanarkowski 369

Plasma selenium concentration and its relationship with the activity of glutathione peroxidase and some plasma enzymes of fighting bulls killed during a bullfight

A. Purroy, D. Revuelta, S. Garcia-Belenguer, M. Gascon,
J.M. Gonzalez 373

Alterations in the semen quality and plasma enzymes in bulls. Relation with selenium deficiency	
E.G. Capaul, A.R. Carcagno, L. Deluca	377
Selenium in marine waders	
A.A. Goede	381
Effect of selenium on the metabolism of a novel methanogen	
S. Krishnan, N. Vasanthy, K. Lalitha	385
The addition of selenium to feedstuffs and the legal res- tructions related to this practice	
M. Lamand	389
Toxicology of selenium in veterinary medicine	
G. Keck	393
List of participants	397
Authors index	407
Subject index	409
