

# Contents

<b>1. History of Tobacco .....</b>	<b>1</b>
1.1 Tobacco Plants and Their Origin .....	1
1.2 Use of Tobacco for Religious Purposes.....	1
1.3 The Appropriation of Tobacco by Europeans.....	2
1.4 Worldwide Spread of Tobacco.....	3
1.4.1 Development of the Cigar.....	5
1.4.2 Development of the Cigarette.....	5
1.5 Objections to Smoking on Health Grounds .....	7
1.6 Women Won Over by the Cigarette .....	8
1.7 The Medical Use of Tobacco in the Nineteenth Century.....	12
1.8 Tobacco Research in the Twentieth Century.....	12
1.9 Concluding Remarks.....	14
<b>2. Epidemiology of Tobacco Dependence.....</b>	<b>17</b>
2.1 Tobacco Consumption in the Twentieth Century.....	18
2.2 Cigarette Smoking in the USA since 1965 .....	19
2.3 Smoking Habits in Germany.....	20
2.4 Cigarette-Related Mortality in Different Countries.....	22
2.5 Other Forms of Tobacco Use .....	25
2.6 Smokers and Other Risk Factors .....	27
2.7 Smoking Behaviour and Educational Level in the EU .....	28
2.8 Concluding Remarks.....	30
<b>3. Tobacco Constituents and Additives .....</b>	<b>35</b>
3.1 Non-Disclosure of Findings by the Tobacco Industry .....	35
3.2 Constituents of Tobacco.....	36
3.3 Nicotine and Dependence .....	40
3.3.1 The Cigarette as a Vehicle for Nicotine Release.....	41
3.3.2 Modifications of Nicotine Release.....	41
3.3.3 Maintaining Nicotine Dependence .....	42
3.3.4 Marketing of Cigarettes with a "Reduced" Health Risk.....	43
3.3.5 Compensatory Behaviour by Smokers .....	43
3.3.6 Optimising Nicotine Release .....	44

3.3.7	Importance of Absorption Rate.....	45
3.3.8	Ammonium and pH Manipulation.....	45
3.4	Tobacco Additives .....	46
3.5	Cigarettes with Reduced Tar Yield .....	48
3.6	Snuff Tobacco .....	50
3.7	Concluding Remarks.....	55
<b>4.</b>	<b>Pharmacology and Pharmacokinetics of Nicotine .....</b>	<b>61</b>
4.1	The Nicotine Receptor .....	61
4.2	Agonists and Antagonists of the nAChR and its Subtypes.....	65
4.3	Pharmacology .....	66
4.3.1	Effects of Nicotine on Receptors in Different Organs .....	66
4.3.2	Organ Effects and Toxicity .....	67
4.3.3	Metabolic and Hormonal Effects of Nicotine.....	68
4.3.4	Central Nervous System Effects of Nicotine .....	68
4.4	Pharmacokinetics of Nicotine.....	69
4.5	Nicotine Dependence.....	73
4.5.1	Types of Dependence.....	73
4.5.2	Molecular Biological Aspects of Dependence.....	75
4.5.3	Genetic Aspects .....	77
4.5.4	Withdrawal Symptoms.....	79
4.6	Concluding Remarks.....	80
<b>5.</b>	<b>Smoking and Lung Disease .....</b>	<b>87</b>
5.1	Immunological Reactions Caused by Cigarette Smoking .....	87
5.2	Cigarette Smoking and Lung Cancer.....	88
5.2.1	Association Between Smoking and Lung Cancer.....	90
5.2.2	Types of Lung Cancer.....	91
5.2.3	Genetic Factors That Increase the Risk for Bronchial Carcinoma .....	93
5.3	Cigarette Smoking and COPD.....	99
5.3.1	Pathophysiology of COPD.....	100
5.3.2	Important Risk Factors for COPD .....	102
5.4	Cigarette Smoking and Bronchial Asthma .....	103
5.4.1	Caveats Concerning the Informative Value of Studies .....	103
5.4.2	Cigarette Smoking and Bronchial Asthma in Adults.....	103
5.4.3	Bronchial Asthma in Children .....	104
5.5	Bronchitis and Pneumonia.....	106
5.6	Other Lung Diseases Influenced by Cigarette Smoking.....	107
5.7	Concluding Remarks.....	107
<b>6.</b>	<b>Cardiovascular Disease, Disturbances of Blood</b>	
	<b>Coagulation and Fibrinolysis.....</b>	<b>119</b>
6.1	Coronary Artery Disease and Myocardial Infarction.....	119
6.2	Systemic Vascular Changes .....	123
6.2.1	Regulation of Vascular Tone.....	125

6.2.2	Changes in Endothelial Function and Microcirculation.....	129
6.2.3	Microcirculation and O <sub>2</sub> Supply .....	130
6.2.4	Arteriosclerotic and Inflammatory Vascular Reactions .....	134
6.3	Blood Coagulation and Fibrinolysis .....	135
6.3.1	Genetic Factors .....	136
6.3.2	Nicotine and Ischaemic Heart Disease .....	136
6.4	Concluding Remarks.....	137
<b>7.</b>	<b>Other Organ Systems .....</b>	<b>149</b>
7.1	Central Nervous System .....	149
7.1.1	Cognitive Impairment.....	150
7.1.2	Influence on Cognitive Performance .....	151
7.1.3	Intellectual Impairment in Childhood.....	152
7.1.4	Smoker Personality Profiles and Genetic Inheritance of Smoking.....	154
7.1.5	Depression .....	155
7.1.6	Schizophrenia.....	157
7.1.7	Effects of Smoking in Forms of Dementia .....	159
7.1.8	Smoking and Parkinson's Disease.....	160
7.2	Ocular Diseases.....	161
7.2.1	Diabetic Retinopathy .....	161
7.2.2	Cataract and Lens Opacity .....	162
7.2.3	Graves' Ophthalmopathy.....	163
7.2.4	Macular Degeneration.....	163
7.2.5	Glaucoma.....	164
7.2.6	Strabismus.....	164
7.2.7	Ocular Tumours .....	164
7.2.8	Retinal Detachment.....	165
7.3	Ears, Oral Cavity and Larynx .....	165
7.3.1	Harmful Effects on the Ears.....	165
7.3.2	Changes in the Oral Cavity.....	165
7.3.3	Oral and Laryngeal Cancer.....	166
7.4	Disorders of Lipid and Glucose Metabolism.....	167
7.4.1	Lipid and Cholesterol Metabolism .....	167
7.4.2	Diabetes and Smoking .....	169
7.5	Gastrointestinal Tract.....	173
7.5.1	Oesophageal Cancer.....	173
7.5.2	Gastrointestinal Ulcers.....	174
7.5.3	Cancers of the Gastrointestinal Tract.....	175
7.5.4	Pancreatic Cancer.....	175
7.6	Urinary Tract Diseases.....	176
7.6.1	Toxic Substances and Inducers .....	177
7.6.2	Kidney Cancer .....	178
7.6.3	Bladder Cancer .....	179
7.6.4	Cancer of the Cervix .....	179

7.6.5	Prostatic Hyperplasia and Prostatic Cancer .....	180
7.6.6	Fertility Disorders .....	181
7.7	Disorders of Mineral Metabolism and Bone.....	182
7.7.1	Vitamin D and Oestrogen Metabolism .....	182
7.7.2	Osteoporosis.....	183
7.7.3	Hip Fractures.....	185
7.8	Skin and Mucosa.....	185
7.8.1	Skin Changes .....	186
7.8.2	Psoriasis .....	187
7.8.3	Skin Tumours.....	188
7.8.4	Breast Cancer.....	188
7.9	Haematopoietic System .....	189
7.10	Concluding Remarks.....	191
<b>8.</b>	<b>Smoking and Pregnancy .....</b>	<b>221</b>
8.1	Effects of Smoking on the Placenta .....	222
8.2	Complications of Pregnancy .....	224
8.3	Malformations Possibly Caused by Smoking.....	227
8.4	Smoking and Sudden Infant Death Syndrome (SIDS) .....	230
8.5	Foetotoxic Effects of CO .....	232
8.6	Effects of Nicotine on the Foetus.....	233
8.7	Smoking and Breast-feeding.....	234
8.8	Medical Care Costs Attributable to Smoking During Pregnancy.....	236
8.9	Concluding Remarks.....	236
<b>9.</b>	<b>Passive Smoking.....</b>	<b>247</b>
9.1	ETS in the Workplace and at Home.....	250
9.2	Changes at the Molecular and Cellular Level.....	252
9.2.1	Fibrinogen.....	253
9.2.2	Cholesterol.....	253
9.2.3	Endothelium and Platelets .....	253
9.2.4	Markers of Inflammation .....	254
9.2.5	ETS and Drug Metabolism .....	256
9.3	Passive Smoking During and After Pregnancy .....	256
9.4	Cardiovascular Disease.....	258
9.4.1	Coronary Heart Disease.....	258
9.4.2	Arteriosclerosis .....	260
9.4.3	Stroke and Subarachnoid Haemorrhage.....	262
9.5	Respiratory Tract.....	263
9.5.1	Respiratory Tract in Children and Teenagers .....	263
9.5.2	Bronchial Carcinoma .....	267
9.6	Complications of Anaesthesia .....	270

9.7	Otitis Media .....	271
9.8	Meningococcal Infections .....	273
9.9	Breast Cancer .....	273
9.10	Psychosocial Changes .....	274
9.11	Concluding Remarks .....	275
<b>10.</b>	<b>Non-Drug Treatments to Promote Smoking Cessation .....</b>	<b>289</b>
10.1	Indications and Diagnostic Considerations .....	291
10.2	Objective of Treatment .....	292
10.3	Self-Help Interventions by the Smoker .....	293
10.4	Physician Advice for Smoking Cessation .....	295
10.5	Nursing Involvement .....	297
10.6	Group Behaviour Therapy Programmes .....	297
10.7	Aversion Therapy .....	298
10.8	Mass Media Communication Strategies .....	299
10.9	Hypnosis .....	302
10.10	Acupuncture .....	302
10.11	Reduced Smoking .....	303
10.12	Pregnancy .....	303
10.13	E-Learning, Email and Internet for Smoking Cessation .....	304
10.14	Concluding Remarks .....	304
<b>11.</b>	<b>Pharmacotherapy of Nicotine Dependence .....</b>	<b>311</b>
11.1	Nicotine .....	311
11.1.1	Evaluation of Nicotine Products .....	314
11.1.2	Nicotine Chewing Gum .....	315
11.1.3	Nicotine Patch .....	316
11.1.4	Nicotine Sublingual Tablet .....	317
11.1.5	Nicotine Nasal Spray .....	317
11.1.6	Nicotine Inhaler .....	318
11.1.7	Nicotine Lozenge .....	318
11.1.8	Treatment and Dosage .....	319
11.1.9	Adverse Events Associated with NRT .....	321
11.1.10	Withdrawal Symptoms .....	324
11.1.11	Drug Interactions During Smoking Cessation .....	324
11.1.12	Contraindications for the Use of Nicotine Products .....	325
11.1.13	Nicotine Formulations as OTC Products .....	325
11.2	Bupropion .....	328
11.2.1	Pharmacodynamics .....	328
11.2.2	Pharmacokinetic Properties .....	329
11.2.3	Therapeutic Efficacy .....	330
11.2.4	Dosage .....	331
11.2.5	Adverse Effects .....	332
11.2.6	Contraindications and Drug Interactions .....	333
11.2.7	Summary .....	333

11.3	Other Pharmacotherapies .....	334
11.3.1	Varenicline .....	334
11.3.2	Nortriptyline.....	335
11.3.3	Clonidine.....	335
11.3.4	Mecamylamine.....	336
11.3.5	Tranquillisers and $\beta$ -Receptor Blockers .....	336
11.3.6	Buspirone .....	336
11.3.7	Rimonabant.....	337
11.3.8	Various Antidepressants.....	337
11.3.9	Opioid Antagonists .....	338
11.3.10	Lobeline .....	338
11.3.11	Silver Acetate.....	339
11.3.12	Nicotine-Vaccination .....	339
11.4	Therapeutic Monitoring in Smoking Cessation .....	339
11.5	Special Therapeutic Situations.....	340
11.5.1	Ischaemic Heart Disease .....	340
11.5.2	Pregnancy.....	341
11.5.3	Weight Gain .....	342
11.5.4	Alcohol Consumption .....	342
11.5.5	Organic Depression and Schizophrenia .....	342
11.5.6	Pre-operative Smoking Cessation .....	345
11.6	Concluding Remarks.....	346
<b>12.</b>	<b>Primary Prevention .....</b>	<b>359</b>
12.1	Smoking Initiation .....	360
12.2	Reasons for Smoking .....	362
12.3	Primary Prevention Programmes .....	363
12.3.1	Prevention Programmes for Schools.....	364
12.4	“Be Smart: Don’t Start”.....	367
12.5	Class 2000 Health Promotion Programme.....	370
12.6	Trier University Health Programme .....	371
12.7	Long-Term Studies.....	371
12.8	Role of Teachers in Primary Prevention .....	373
12.9	Prevention by Restricting Sales of Tobacco Products to Minors.....	374
12.10	Role of the Mass Media in Sales of Tobacco Products to Adolescents...	376
12.11	Role of Government and Community in Primary Prevention .....	378
12.12	Concluding Remarks.....	379
<b>13.</b>	<b>Tobacco Industry, Advertising and Advertising Bans.....</b>	<b>387</b>
13.1	Tobacco Advertising Strategies .....	388
13.2	Advertising Messages .....	392
13.3	Effect of Tobacco Industry Advertising Messages .....	393
13.4	Tobacco Advertising and Adolescent Smoking Initiation .....	396
13.5	Advertising with “Light” Cigarettes .....	398
13.6	Tobacco Smuggling .....	399

13.7	Effect of Advertising Bans.....	401
13.8	Smoking Bans in Public Buildings and Public Spaces.....	403
13.9	Concluding Remarks.....	404
<b>14.</b>	<b>Society, Politics and the Tobacco Industry .....</b>	<b>411</b>
14.1	Tobacco Industry, Governmental and Non-governmental Organisations .....	412
14.2	Politicians and Their Attitude to Smoking .....	414
14.3	Scientists and the Tobacco Industry.....	415
14.4	“Subsidised” Tobacco Growing.....	416
14.5	Governmental Control of Toxic Tobacco Constituents .....	418
14.6	Tobacco Taxes.....	419
14.7	Regulations on Smoking.....	420
14.8	Bans on Advertising in Various Countries.....	422
14.9	Tobacco Industry: Playing Down the Risks of Smoking and Passive Smoking.....	423
14.10	Smoking and Non-smoking: Weighing the Benefits.....	424
14.11	Concluding Remarks.....	426
<b>15.</b>	<b>Appendix: Experiences from a Smoker Counselling Centre .....</b>	<b>433</b>
15.1	Treatment Strategy.....	433
15.2	The Counselling Process.....	434
15.3	Experiences with Outpatient Smoker Counselling.....	435
15.4	Success in Smoking Cessation.....	436
15.5	Concluding Remarks.....	436
