The animal that is four years old is called Charlie.

Bodyparts

1. Read the clues and colour.

There are two monsters with one eye. The eye is red.

One monster has three teeth. It has yellow fur.

The monster on the right side has two green eyes.

The monster on the left has pink fur.

2. Draw what is missing.

I have three eyes and a big mouth.

My fur is curly.

I have one tooth.

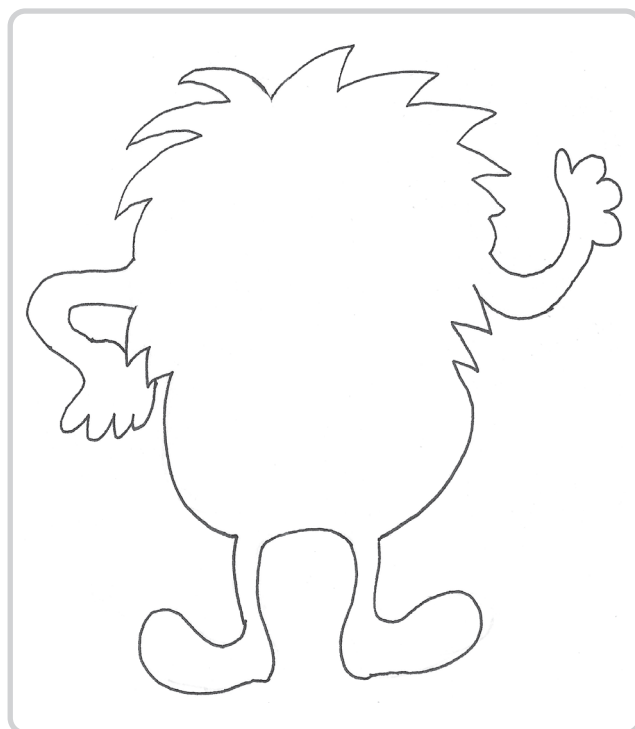

This may help you:

curly = lockig

fur = Fell

In the garden

1. Read the clues. Write the names of the plants to the correct pots and colour them.

Draw in what is missing.

The tomatoes grow in a red pot with a stick.

Some tomatoes are still green. Some are already red.

The yellow pot with the beans is on the right.

The beans grow around the stick. Some are already purple.

Tomatoes and spinach don't grow in the green pot.

The blueberries don't grow in the brown pot and not in the red pot.

The brown pot has a heart. Green spinach grows here.

2. Which plants are we looking for?

Who am I?

I am red.

I am sweet.

I am as big as a pingpong ball and sometimes smaller.

I have little dots.

You can eat me in summer.

I am a _____.

Who am I?

You keep me in the dark until you need me.

You put me in a hole in the ground.

You wait a few months.

You can make fries out of me.

I am a _____.
