

AI – The pros and cons of a new technology – Role play

You read the following statement on a blog:

1. Prepare a role-play discussion about the positive and negative sides of AI:
 - a) Choose one *discussion guardian* and form four groups.
 - b) Every group and the discussion guardian get one role card each and read it carefully.
 - c) Talk about your role and arguments on the role card in your group. If there are any questions, feel free to ask.
 - d) Think of more arguments which fit to your role and take notes.
 - e) Choose a speaker of your group. He or she will present your arguments and ideas. You have 20 minutes to do this.
2. Make a discussion with all groups.

Language support

First of all, I would like to say/state that ...

In my opinion ...

As far as I am concerned ...

I entirely agree with you.

I disagree with you: I am sure you are wrong.

I stick to my opinion.

May I interrupt you?

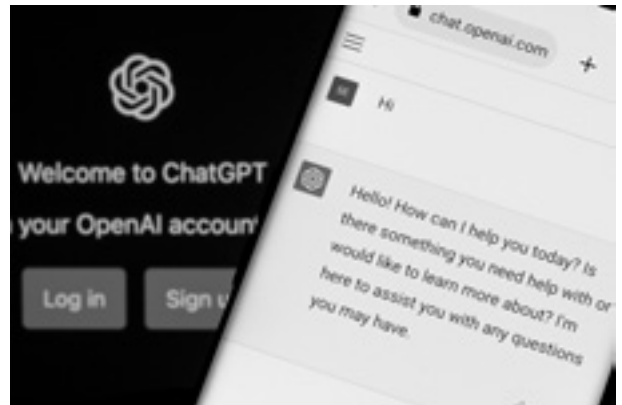

3. After the discussion: Which argument did you like? Which did persuade you? Did you change your mind – why or why not? Collect all your opinions and feelings on the board.

ChatGPT – A curse or a blessing?

1. Fill in the survey and compare your answers with your classmates.

- a) Have you ever heard of ChatGPT? yes ☐ no ☐
- b) Have you tried it so far? yes ☐ no ☐
- c) If you have already used ChatGPT – tell us about your experiences with the system.

- d) Which task would you like to source out to systems like ChatGPT? Why?

2. Search for information about ChatGPT online. Write a definition about the system and explain how it works.

3. Make a list with the pros and cons of ChatGPT. Compare with the other pupils' arguments.
