

Contents

Introduction	
G. RIECKER	1
I. Sinus Node	
The Sinoatrial Node Function	
F. I. M. BONKE	5
Clinical Aspects of the Sick Sinus Syndrome	
H. P. GURTNER, H. R. LENZINGER, and M. DOLDER	12
The Significance of the Sinus Node Recovery Time in the Sick Sinus Syndrome	
W. DELIUS and A. WIRTZFELD	25
Premature Atrial Stimulation for Evaluation of Sinoatrial Conduction in Man	
H. C. STRAUSS and A. G. WALLACE	33
Sinus Node Recovery Time and Sinoatrial Conduction Time	
G. STEINBECK and B. LÜDERITZ	45
The Influence of Drugs on Sinoatrial Conduction Time in Man	
G. BREITHARDT and L. SEIPEL	58
Evaluation of Suction Electrode Recording	
J. CABASSON and P. PUECH	73
The Recording of the Human Right Atrial Monophasic Action Potential	
T. POP, D. FLEISCHMANN, and S. EFFERT	80
II. Atrioventricular Conduction	
Contributions of Intracardiac Electrography to the Understanding of Normal and Disturbed AV Conduction	
M. SCHLEPPER	87
Clinical Significance of AV Conduction Disturbances	
K. LANG	99
Fascicular Block Patterns – Observations on Differential Diagnosis	
M. GERTSCH and D. BERNOULLI	111
AV Nodal Tachycardias	
PH. COUMEL	119

Drug Effects on AV Conduction	
H. NEUSS, H.-J. SCHAUMANN, and B. STEGARU	132
Split His	
M. RUNGE and O. S. NARULA	142
Atrioventricular (AV) and Ventriculoatrial (VA) Conduction Pattern in Patients with Short P-R Interval and Normal QRS Complex	
L. SEIPEL, G. BREITHARDT, and A. BOTH	152
The Wolff-Parkinson-White Syndrome	
H. J. J. WELLENS	164
 III. Supraventricular and Ventricular Tachycardias	
An in Vitro Model of Circulating Excitation in the Absence of an Anatomic Obstacle	
M. A. ALLESSIE, F. I. M. BONKE, F. J. G. SCHOPMAN, and W. J. E. P. LAMMERS	175
Clinical and Electrocardiographic Features of Supraventricular and Ventricular Tachycardias	
D. M. KRIKLER	185
Reentry-Mechanism within the His-Purkinje-System in Man During Extrasystolic Stimulation of the Right Ventricle	
D. FLEISCHMANN, T. POP, and J. M. A. DEBAKKER	194
Patient Initiated Rapid Atrial Pacing to Manage Supraventricular Tachycardia	
A. R. KAHN and P. CITRON	205
Fundamentals of Orthorhythmic Pacing	
F. I. ZACOUTO and L. J. GUIZE	212
Orthorhythmic Stimulation and Endocardial Detection as a Diagnostic Tool	
K. THEISEN and H. JAHRMÄRKER	219
The Use of Programmed Rate-Related Premature Stimulation in Managing Tachyarrhythmias	
B. LÜDERITZ and G. STEINBECK	227
Future Aspects of Cardiac Pacing	
R. A. J. SPURRELL	235
Subject Index	241
