

Contents

Preface	5
Acknowledgments	6
Introduction	8
Historical Resumé	8
Classification	10
Reproductive Biology	12
Materials and Methods	15
The Peruvian Landscape	16
Physiography	18
Climate	21
Ecoregions	22
Human Impact on the Environment	32
Geologic and Climatic History	33
Characters of Strabomantid Frogs	36
Meristic Characters	37
Morphological Characters	45
Coloration	61
Trigeminal Nerve and Adductor Jaw Musculature	67
Advertisement Calls	67
Keys to Identification	68
Key to the Strabomantids in the Cordillera Occidental and Pacific Lowlands of Peru	68
Key to the Strabomantids in the Cordillera Central of Peru	69
Key to the Strabomantids in the Northern Cordillera Oriental of Peru	71
Key to the Strabomantids in the Southern Cordillera Oriental of Peru	73
Key to the Strabomantids in the Amazon Basin of Peru	74
Accounts of the Genera and Species	76
<i>Bryophryne</i>	76
<i>Hypodactylus</i>	80
<i>Lynchius</i>	86
<i>Noblella</i>	90
<i>Oreobates</i>	97

<i>Phrynopus</i>	104
<i>Pristimantis</i>	127
<i>Pristimantis (Hypodictyon)</i>	128
<i>Pristimantis (Pristimantis)</i>	131
<i>Pristimantis (Yunganastes)</i>	257
<i>Psychrophrynella</i>	259
<i>Strabomantis</i>	262
Biogeography	265
The Andean Cordilleras	266
The Arid Lowlands	282
The Amazon Basin	282
Conservation	286
Future Research	291
Literature Cited	293
Appendix I—Material	306
Appendix II—Localities	320
Appendix III—Distribution Maps	328
Addenda	370
<i>Bryophryne</i>	370
<i>Pristimantis (Pristimantis)</i>	370
Additional new species of <i>Pristimantis</i>	375
<i>Psychrophrynella</i>	375
Biogeography	375
Conservation	375
Taxonomic Index	376
