## ENHANCE YOUR EXAM PREPARATION

### Save 70% on Complete Video Course

To enhance your preparation, Pearson IT Certification also sells Complete Video Courses for both streaming and download. Complete Video Courses provide you with hours of expert-level instruction mapped directly to exam objectives.

### Save 80% on Premium Edition eBook and Practice Test

The *CompTIA A+ Core 1 (220-1101) and Core 2 (220-1102) Exam Cram Premium Edition eBook and Practice Test* provides three eBook files (PDF, EPUB, and MOBI/Kindle) to read on your preferred device and an enhanced edition of the Pearson Test Prep practice test software.

---

#### Pearson Test Prep online system requirements:

**Browsers:** Chrome version 73 and above; Safari version 12 and above; Microsoft Edge 44 and above.

**Devices:** Desktop and laptop computers, tablets running Android v8.0 and above or iPadOS v13 and above, smartphones running Android v8.0 and above or iOS v13 and above with a minimum screen size of 4.7". Internet access required.

#### Pearson Test Prep offline system requirements:

Windows 10, Windows 8.1; Microsoft .NET Framework 4.5 Client; Pentium-class 1 GHz processor (or equivalent); 512 MB RAM; 650 MB disk space plus 50 MB for each downloaded practice exam; access to the Internet to register and download exam databases

---

**See card insert in the back of the book**  
for your Pearson Test Prep activation code and special offers.

Contents at a Glance

Table of Contents

Introduction

Part I: Introduction to Core 1 (220-1101)

Core 1 (220-1101) Domains

Core 1 (220-1101) Checklist

CORE 1 (220-1101): DOMAIN 1.0: MOBILE DEVICES

CHAPTER 1 Laptop Hardware and Components

Introduction to Laptops

Power

Keyboards/Keys

Special Function Keys

Troubleshooting Keyboards

Touchpad

Random-Access Memory (RAM)

Storage Drives

Communications

Physical Privacy

CHAPTER 2 Mobile Device Display Components

Display Types

# **Table of Contents**

Inverter and Backlight

Damaged Inverter

Worn-Out Backlight

Digitizers and Touchscreens

Webcam and Microphone

Wi-Fi Antenna Connector and Placement

## **CHAPTER 3 Mobile Device Accessories and Ports**

Connection Types

Wired Connections

Wireless Connections

Accessories

Docking Stations and Port Replicators

Drawing Pads, Touchpads, and Touch Pens

## **CHAPTER 4 Mobile Device Network Connectivity and Application**

**Support**

Enabling Wireless Functions

Bluetooth

Email Configuration

Integrated Commercial Provider Email Configuration

Corporate and ISP Email Configuration

Cellular Radio Technologies

Location Services

GPS

Cellular Location

IMEI and IMSI

Synchronization Methods

Synchronizing to the Cloud

Synchronizing to the Desktop

Synchronizing to the Automobile

Mobile Device Management (MDM)

## **CORE 1 (220-1101): DOMAIN 2.0: NETWORKING**

### **CHAPTER 5 TCP and UDP Ports and Protocols**

TCP vs. UDP

Ports and Protocols

# Table of Contents

HTTP vs. HTTPS

Email Protocols

FTP, SSH, and Telnet

DHCP

DNS

LDAP

RDP

More Protocols and Ports

## CHAPTER 6 Network Devices

Switches

Routers

Wireless Access Points

Firewalls

Network Interface Cards

Hubs

Patch Panels

Power over Ethernet

Cable/DSL Modems

Network Interface Devices

Software-Defined Networking

## CHAPTER 7 Wireless Protocols

802.11 Wireless

Long-Range Fixed Wireless

RFID

## CHAPTER 8 Networked Hosts

Server Roles

File Servers

Web Servers

Print Servers

Mail Servers

Proxy Servers

DHCP Servers

DNS Servers

Syslog Servers

AAA Servers

# Table of Contents

## Internet Security Appliances

- Network Firewall

- UTM

- Spam Gateway

- Load Balancer

## Embedded Systems and IoT

- Embedded Systems

- IoT

## CHAPTER 9 SOHO Network Configuration

- Configuring IPv4

- Private vs. Public Addresses

- Configuring IPv6

## CHAPTER 10 Network Configuration Concepts

- DNS

- Email Authentication Methods

- DHCP

- DHCP Process

- DHCP Reservations

- VLANs

- VPNs

## CHAPTER 11 Network Types

- Network Types

- LAN and WAN

- MAN

- SAN

- WLAN

- WMN

- PAN

- Internet Connection Types

- Cable Internet

- DSL

- Fiber

- Satellite

- Wireless Internet Service Provider

## CHAPTER 12 Networking Tools

# Table of Contents

Network Cabling Tools

Network Tap

Wi-Fi Analyzers

## CORE 1 (220-1101): DOMAIN 3.0: HARDWARE

### CHAPTER 13 Cables and Connectors

Network Cables

Twisted Pair

Coaxial

Optical

Peripheral Cables and Connectors

USB

Lightning and Thunderbolt

Serial

Video Cables and Connectors

Storage Drive Cables and Connectors

Adapters

### CHAPTER 14 RAM

RAM Types

DDR3

DDR4

DDR5

Installing RAM

RAM Technologies

Single-Channel vs. Multichannel Architectures

ECC vs. Non-ECC

### CHAPTER 15 Storage Drives

SATA

Magnetic Hard Drives

Solid-State Drives

RAID

Flash

USB Flash Drives

Secure Digital Cards

Optical Drives

# **Table of Contents**

## **CHAPTER 16 Motherboards and Add-on Cards**

### **Motherboard Form Factors and Connector Types**

ATX

microATX

ITX

Expansion Buses

### **Expansion Cards**

Installing Video Cards

Sound Cards

Other Expansion Cards

### **More Ports and Connectors**

### **BIOS/UEFI Settings**

### **The POST**

## **CHAPTER 17 CPUs**

### **CPU Architecture**

Clock Rate

Overclocking

Types of CPUs

Multithreading and Multicore

Cache Memory

### **CPU Compatibility**

Intel and AMD

Sockets

### **Power Consumption**

### **Cooling Mechanisms**

Heat Sinks

Thermal Paste

Fans

Liquid Cooling Systems

### **Installing CPUs**

## **CHAPTER 18 Power**

### **Planning Which Power Supply to Use**

Types of Power Supplies and Compatibility

Wattage and Capacity Requirements

Number and Type of Power Connectors

# **Table of Contents**

Modular and Redundant PSUs

Installing the Power Supply

## **CHAPTER 19 Multifunction Devices/Printers**

Setup Considerations

Printer Configuration Settings

Basic Printer Configuration Settings

Sharing Printers and Managing Permissions

Local vs. Network Printers

Basic Printer Security

## **CHAPTER 20 Printer Consumables**

Laser Printers

Inkjet Printers

Thermal Printers

Impact Printers

3D Printers

## **CORE 1 (220-1101): DOMAIN 4.0: VIRTUALIZATION AND CLOUD COMPUTING**

### **CHAPTER 21 Cloud Computing Concepts**

Introduction to Cloud Computing

Common Cloud Models

Cloud Computing Characteristics

Desktop Virtualization

### **CHAPTER 22 Client-Side Virtualization**

Purpose of Virtual Machines

Hypervisors

Examples of Virtual Machine Software

Virtual Machine Requirements

Cross-Platform Virtualization

Containers and Sandboxes

OS-Level Virtualization (Containers)

Sandboxes

## **CORE 1 (220-1101): DOMAIN 5.0: HARDWARE AND**

# **Table of Contents**

## **NETWORK TROUBLESHOOTING**

### **CHAPTER 23 Computer Troubleshooting 101**

#### **The CompTIA Six-Step Troubleshooting Process**

Step 1: Identify the Problem

Step 2: Establish a Theory of Probable Cause (Question the Obvious)

Step 3: Test the Theory to Determine the Cause

Step 4: Establish a Plan of Action to Resolve the Problem and Implement the Solution

Step 5: Verify Full System Functionality and, if Applicable, Implement Preventive Measures

Step 6: Document the Findings, Actions, and Outcomes

### **CHAPTER 24 Troubleshooting Motherboards, CPUs, RAM, and Power**

Troubleshooting Motherboards

Troubleshooting CPUs

Troubleshooting RAM

Troubleshooting Power Supply Issues

Heating and Cooling

### **CHAPTER 25 Troubleshooting Storage Drives and RAID Arrays**

Preventive Maintenance and Troubleshooting of Storage Drives

Storage Drive Preventive Maintenance

Storage Drive Troubleshooting

Troubleshooting RAID Arrays

### **CHAPTER 26 Troubleshooting Video Issues**

PC Video Troubleshooting

External Laptop Monitors and Projectors

External Laptop Monitors

Projectors

### **CHAPTER 27 Troubleshooting Mobile Devices**

Mobile Device Display Troubleshooting

Mobile Device Overheating

More Mobile Device Troubleshooting

Disassembling Processes

### **CHAPTER 28 Troubleshooting Printers**

Troubleshooting Printers

Print Jobs and the Print Spooler

# Table of Contents

Managing Printers and Print Jobs

The Windows Print Spooler

## CHAPTER 29 Troubleshooting Wired and Wireless Network Problems

Troubleshooting Common Symptoms

## A+ Core 1 (220-1101) Practice Exam

Exam Questions

Answers at a Glance

Answer Explanations

## Part II: Introduction to Core 2 (220-1102)

Core 2 (220-1102) Domains

Core 2 (220-1102) Checklist

## CORE 2 (220-1102): DOMAIN 1.0: OPERATING SYSTEMS

### CHAPTER 30 Comparing Windows Editions

Windows 10 Editions and Feature Differences

Windows Desktop/User Interface and Components

Windows 10 Upgrade Paths

Windows 11

### CHAPTER 31 Microsoft Command-Line Tools, Part I

Microsoft Command-Line Basics

Command Prompt

PowerShell

Windows Terminal

Ask for Help!

Navigating in the Command Line

Working with Directories and Files

Partitioning and File System-Based Commands

chkdsk and sfc

chkdsk

SFC

winver and shutdown

shutdown

Advanced Commands: gpupdate and gpresult

# Table of Contents

## CHAPTER 32 Microsoft Command-Line Tools, Part II

### Networking Commands

ipconfig

ping

tracert and pathping

hostname

netstat

nslookup

net

Bonus Command: arp

## CHAPTER 33 Microsoft Operating System Features and Tools, Part I

### Task Manager

### The MMC and Administrative Tools

The MMC

Event Viewer

Task Scheduler

Device Manager

Certificate Manager

Local Users and Groups

Performance Monitor

Group Policy Editor and Local Security Policy

Services

Bonus Tool: Computer Management

## CHAPTER 34 Microsoft Operating System Features and Tools, Part II

### Disk Management

The Disk Management Utility

Mount Points and Mounting a Drive

Storage Spaces

Disk Cleanup

Optimize Drives/Disk Defragmenter

### Additional Windows Tools

System Information/msinfo32

Resource Monitor

System Configuration/MSConfig

# Table of Contents

The Windows Registry

## CHAPTER 35 Windows Control Panel Utilities

### Opening and Viewing the Control Panel Utilities

- Internet Options
- Devices and Printers
- Programs and Features
- Program Compatibility
- Windows Defender Firewall
- Mail
- Sound
- User Accounts
- Indexing Options
- File Explorer Options
- Power Management
- Ease of Access Center

## CHAPTER 36 Windows Settings

### How to Access Settings

#### Time & Language

#### Update & Security

- Windows Update
- Windows Defender Firewall

#### Personalization

#### Apps

#### Privacy

#### System

- Display
- Power & Sleep
- Storage
- About and System Properties
- Virtual Memory

#### Devices

#### Network & Internet

#### Gaming

#### Accounts

## CHAPTER 37 Windows Networking

# **Table of Contents**

## Workgroup vs. Domain Setup

- Sharing Resources and Making Network Connections

- Printer Sharing and Access

## Establishing Networking Connections

## Proxy Settings

## **CHAPTER 38 Application Installation and Configuration Concepts**

### 32-Bit vs. 64-Bit

### System and OS Requirements for Applications

- Scenario 1: Video Editing Program

- Scenario 2: Developer Program

### Distribution Methods

### Other Considerations for New Applications

- Application Impact

- User Permissions

- Security Considerations

## **CHAPTER 39 Common Operating Systems**

### Workstation Operating Systems

### Smartphone and Tablet Operating Systems

- Android

- iOS

- iPadOS

### File System Types and Formatting

- Windows File System Basics

- Linux File System Basics

- macOS File System Basics

### Vendor Life-Cycle Limitations

### Compatibility Concerns Between Operating Systems

## **CHAPTER 40 Operating System Installations and Upgrades**

### Boot Methods

### Types of Installations

### Partitioning

- Primary and Extended Partitions and Logical Drives

- Basic and Dynamic Drives

- GPT vs. MBR

### More OS Installation and Upgrade Considerations

# **Table of Contents**

## **CHAPTER 41 macOS**

macOS Basics

System Preferences

macOS Features

Managing and Maintaining macOS

Installation and Uninstallation of Applications

Apple ID

## **CHAPTER 42 Linux**

Linux Basics

Linux Desktop Distributions

Linux Partition Scheme and File System

Linux Command Line

Samba

Linux Best Practices

Updates and Patches

Backups

Anti-malware

In Closing

## **CORE 2 (220-1102): DOMAIN 2.0: SECURITY**

### **CHAPTER 43 Physical Security**

Physical Locks

Entry Systems

Biometrics

Other Physical Security Precautions

Protecting Data Physically

### **CHAPTER 44 Logical Security**

Authentication

Principle of Least Privilege

MDM Policies

Active Directory

User Profiles

Logon Script

Home Folder

# Table of Contents

Group Policy

Security Groups

## More Logical Security Concepts

Authenticator Applications

Hard Tokens vs. Soft Tokens

Access Control Lists

SMS

Email Security

## CHAPTER 45 Wireless Security and Malware

### Comparing/Contrasting Wireless Security Protocols and Authentication Methods

Wireless and Encryption Protocols

RADIUS and TACACS+

Kerberos

### Detecting, Removing, and Preventing Malware Using the Appropriate Tools and Methods

Malicious Software Types

Preventing Malicious Software

## CHAPTER 46 Social Engineering

### Social Engineering

Phishing

Evil Twin

Shoulder Surfing

Piggybacking/Tailgating

Dumpster Diving

Impersonation

### Threats and Vulnerabilities

Network-Based Attacks

Password Cracking

Additional Security Threats

Vulnerabilities and Security Best Practices

## CHAPTER 47 Windows Security Settings

The CIA of Computer Security

Windows Defender Antivirus

Windows Defender Firewall

Users and Groups

# **Table of Contents**

## Permissions

- Permission Inheritance and Propagation

- Moving and Copying Folders and Files

## File Security

- Administrative Shares

- Encrypting File System

- BitLocker Encryption

## **CHAPTER 48 Windows Best Practices**

- Username and Passwords

- Password Policies

- Account Management and End-User Best Practices

- Disabling AutoPlay/AutoRun

## **CHAPTER 49 Mobile Device Security**

- Screen Locks

- Authenticator Applications

- Theft and Loss of Mobile Devices

- Compromised and Damaged Devices

  - Backups

  - Updates

  - Antivirus/Anti-malware/Firewalls

  - MDM and MAM

  - Full Device Encryption

- IoT Security

- Policies and Procedures

  - Profile Security Requirements

## **CHAPTER 50 Data Destruction and Disposal**

- Data Security 101

- Formatting Drives

- Overwriting Drives

- Clear

- Purge

- Destroy

## **CHAPTER 51 SOHO Security**

- Changing Default Passwords

# **Table of Contents**

## Wireless-Specific Security Settings

Changing and Disabling the SSID

Antennas and Radio Power Levels

Guest Networks

Disabling WPS

Enabling MAC Filtering and IP Filtering

Assigning Static IP Addresses

Firewall Settings and Additional Configurations

Content Filtering/Parental Controls

Disabling Physical Ports and More Physical Security

A Final Word on SOHO Routers

## **CHAPTER 52 Browser Security**

Browser Download/Installation

Settings

Extensions and Plug-ins

Password Managers

Secure Connections

TLS

Secure Sites and Tracking

More Settings

## **CORE 2 (220-1102): DOMAIN 3.0: SOFTWARE TROUBLESHOOTING**

## **CHAPTER 53 Troubleshooting Microsoft Windows**

Windows Recovery

Windows Recovery Environment (Windows RE)

Startup Settings

System Restore

Improper, Spontaneous, and Frequent Shutdowns

Stop Errors

Restoring Windows

Common Windows Symptoms and Solutions

## **CHAPTER 54 Troubleshooting PC Security Issues**

The CompTIA A+ Seven-Step Malware Removal Procedure

# **Table of Contents**

## **Malware Removal Scenario**

1. Investigate and Verify Malware Symptoms
2. Quarantine the Infected Systems
3. Disable System Restore in Windows
4. Remediate the Infected Systems
5. Schedule Scans and Run Updates
6. Enable System Restore and Create a Restore Point (in Windows)
7. Educate the End User

## **Symptoms of Viruses**

## **Symptoms of Spyware**

## **More Symptoms of PC Security Issues and Potential Solutions**

## **CHAPTER 55 Troubleshooting Mobile Operating Systems and Applications**

### **Wireless Troubleshooting**

Wi-Fi Troubleshooting

Bluetooth Troubleshooting

NFC and AirDrop Troubleshooting

### **Troubleshooting Email Connections**

### **Troubleshooting and Stopping Applications**

### **Initiating Resets**

### **More Mobile Application and OS Troubleshooting**

Updates: The Good and the Bad

Application Issues

Random Reboots

Poor Battery Life

### **Video Issues**

## **CHAPTER 56 Troubleshooting Mobile Operating Systems Security Issues**

### **Mobile Device Security Concerns and Symptoms**

## **CORE 2 (220-1102): DOMAIN 4.0: OPERATIONAL PROCEDURES**

### **CHAPTER 57 Documentation**

#### **Types of Documents**

Network Topology Diagrams

# Table of Contents

- Incident Report Documentation
- Standard Operating Procedure
- Compliance and Regulatory Policy
- Acceptable Use Policy
- User Checklists (Onboarding and Offboarding)

Knowledge Bases/Articles

Ticketing Systems

Asset Management

## CHAPTER 58 Change Management and Backup Methods

Understanding Basic Change Management Best Practices

Implementing Workstation Backup and Recovery Methods

- Using Windows File History and Recovery

- Backup Methods

- Backup Testing

- Backup Rotation Schemes

## CHAPTER 59 Safety Procedures

ESD Prevention and Equipment Grounding

Electrical Safety

Electrical Fire Safety

Physical Safety

## CHAPTER 60 Environmental Controls

Temperature, Humidity, and Air

MSDS and Disposal

Power Devices

- Surge Protectors

- Uninterruptible Power Supplies

## CHAPTER 61 Incident Response, Communication, and Professionalism

Understanding the Importance of Prohibited Content/Activity and Privacy,  
Licensing, and Policy Concepts

- Incident Response

- Licensing/DRM/EULA

- Regulated Data

Using Proper Communication Techniques and Professionalism

# Table of Contents

Communication Techniques and Professionalism

## CHAPTER 62 Basic Scripting, Part I

Programming 101

Basic Data Types

Basic Script Constructs

Environment Variables

Comment Syntax

## CHAPTER 63 Basic Scripting, Part II

PowerShell and .ps1

Bash and .sh

Use Cases and Other Considerations for PowerShell and Bash

Python and .py

JavaScript and .js

Visual Basic Script and .vbs

## CHAPTER 64 Remote Access Technologies

Remote Desktop

Remote Assistance

Remote Desktop Connection

Connecting with Remote Desktop

SSH

More Third-Party Tools

VPN

## A+ Core 2 (220-1102) Practice Exam

Exam Questions

Answers at a Glance

Answer Explanations

## CHAPTER 65 Getting Ready for the Exams, and Farewell

Getting Ready for the Exams

Tips for Taking the Real Exams

General Practices for Taking Exams

Smart Methods for Difficult Questions

Wrapping Up the Exam

Beyond the CompTIA A+ Certification

## Index

# **Table of Contents**
