

Table of contents

1. Introduction	1
2. Structure of the Alveolar System	2
2.1 Type I Pneumocytes	3
2.2 Type II Pneumocytes	5
2.3 Interstitium	6
3. Biosynthesis of Surfactant	10
3.1 Control of Surfactant Production	17
4. Physiology of Surfactant	18
5. Morphology of the Surfactant in the Alveolar System	19
5.1 Surfactant as a Component of Alveolar Defence Mechanisms	28
6. Morphology of Surfactant in the Bronchial System	34
7. Abnormalities of the Surfactant System	47
7.1 Surfactant and Tobacco Smoking	47
7.2 Respiratory Distress Syndrome of the Newborn (IRDS), Hyaline Membrane Disease	52
7.3 Adult Respiratory Distress Syndrome (ARDS)	65
7.4 The Surfactant System in Pneumonia	80
7.5 The Surfactant System in Pneumoconiosis	91
7.6 Disturbances of the Surfactant System as a Component of Mucostasis	106
Bibliography	109
