Section 1

Bone 1

Chapter 1

Osteopenia 3

Chapter 2

Osteosclerosis 13

Chapter 3

Periosteal Reactions 35

Chapter 4

Trauma and Fractures 47

Chapter 5

Localized Bone Lesions 59

Chapter 6

Joint Diseases 83

Chapter 7

Joint and Soft-Tissue Calcifications 107

Chapter 8

Skull 121

Chapter 9

Orbits 155

Chapter 10

Nasal Fossa and Paranasal Sinuses 161

Chapter 11

Jaws and Teeth 169

Chapter 12

Spine and Pelvis 177

Chapter 13

Clavicles, Ribs, and Sternum 219

Chapter 14

Extremities 227

Chapter 15

Hands and Feet 267

Section 2

Chest 307

Chapter 1

Cardiac Enlargement 309

Chapter 2

Mediastinal or Hilar Enlargement 347

Chapter 3

Pleural Effusion 375

Chapter 4

Intrathoracic Calcifications 385

Chapter 5

Alveolar Infiltrates and Atelectasis 397

Chapter 6

Interstitial Infiltrates 415

Chapter 7

Pulmonary Edema and Symmetrical Bilateral Infiltrates 437

Chapter 8

Pulmonary Nodules and Mass Lesions 449

Chapter 9

Pulmonary Cavitary and Cystic Lesions 465

Chapter 10

Hyperlucent Lung 477

Chapter 11

Localized Lesions in Mammography 491

Section 3

Abdomen 503

Chapter 1

Abnormal Gas Pattern 505

Chapter 2

Abdominal Calcifications 535

Chapter 3

Displacement of Abdominal Organs 559

Chapter 4

Dilatation and Motility Disorders in the Gastrointestinal Tract 587

Chapter 5

Abnormal Mucosal Pattern in the Gastrointestinal Tract 609

Chapter 6

Narrowing in the Gastrointestinal Tract 639

<i>Chapter 7</i>		<i>Chapter 13</i>	
Filling Defects in the Gastrointestinal Tract . . .	665	Abnormal Nephrogram	755
<i>Chapter 8</i>		<i>Chapter 14</i>	
Ulcers, Diverticula, and Fistulas in the		Abnormal Renal Papillae and Calices	767
Gastrointestinal Tract	699	<i>Chapter 15</i>	
<i>Chapter 9</i>		Filling Defects in the Urinary Tract	777
Gallbladder and Bile Duct Abnormalities	719	<i>Chapter 16</i>	
<i>Chapter 10</i>		Urinary Tract Obstruction and Dilatation	797
Enlarged Kidney	733
