Systematic Index	IX
Part I. General Introduction	1
A. Preface	1
B. Historical Summary	3
C. Methodology	7
1. Procedural Considerations	7
2. Technical Methods	10
3. Type Specimens	11
4. Sources of Material	12
5. Acknowledgements	13
D. Observations on Oxydesmid Evolution	14
E. Affinities	16
F. Taxonomic Characters	20
1. Peripheral (Nonsexual) Characters	22
2. Secondary Sexual Character Systems in Males	35
3. Secondary Sexual Characters of Females	43
Part II. Taxonomy	44
Subfamily Oroidesminae	49
Subfamily Plagiodesminae	304
Subfamily Oxydesminae	325
Part III. Phylogeny and Distribution	487
1. Present Distributional Patterns	488
2. Occurrence of Generalized and Derived Taxa	492
3. Former Climatic and Ecological Patterns in Africa	498
4. Provisional Inferences on Phylogeny	500
Bibliography	504
1. References to Oxydesmidae	504
2. Non-oxydesmid References	507
Alphabetic Index	509
