

CONTENTS

I INTRODUCTION

<i>D. Voth, P. Glees</i> Preface and overview.....	3
<i>D. Voth</i> Introduction.....	5

II BASIC RESEARCH AND DIAGNOSTIC METHODS

<i>J. Lang</i> The Orbit, some anatomical details	9
<i>R. Renella, S. Hussein, M. Waidner</i> Microsurgical Anatomy of the ophthalmic artery.....	33
<i>J.P. Haas, G. Kahle, W. Draf</i> The topography of the orbit as demonstrated by High-Resolution Computed Tomography and multiplanar reconstructions	41
<i>A. F. Markl, K. G. Riedel, T. Vogl</i> MRI of the orbit and optic chiasm	50
<i>M. Langer, CH. Zwicker, D. Grannemann, R. Felix</i> MRI imaging of space-occupying lesions in the orbit.....	62
<i>F. Koschorek, H. Gremmel, G. Brinkmann</i> MRI in lesions of the visual pathway and surrounding structures	71
<i>B. Nägele-Wöhrle, O. Nickel, H. Höhrmann, S. Fischer, K. Hahn</i> Single photon emission tomography of the cranium.....	78

VI Contents

G. Richard

Videoangiography - a new technique for the
quantification of the retinal circulation 83

W. Buschmann, W. Haigis

Measurement-based, reproducible
ultrasonography of the orbit..... 91

H.-E. Nau, M. Foerster, F. Rimbach

The possible value of Visual Evoked Potentials
Potentials (VEP) in neurosurgical patients
with tumors afflicting the visual pathway
(a critical discussion) 103

III TUMORS OF THE ORBIT AND THE VISUAL PATHWAY

F. Gullotta

Tumours of intracranial visual pathways. A Review 117

W. Lieb, A. Nover

Orbital Invasion by Intraocular Tumours 121

H. v. Domarus

Reconstructive Surgery of the Orbital Region..... 128

H. Scheunemann

Hemangiomas in the periorbital
region of infants and children 145

G. Kommerell

Transconjunctival excision of retrobulbar
cavernous hemangiomas 154

R. Hohle, K. Merkel, D. Dienemann,

H. Stein, H.-H. Goebel

Primary Non-Hodgkin's Lymphomas of the Orbit 159

S. Zapf, J. Kutzner

Radiation Therapy of Malignant Lymphoma
of the Eye and Orbit..... 168

<i>H. Seyer, F. Erbguth, D. Kämpf, G. Koniszewski, R. Fahlbusch</i> Acute hemorrhage and ischemic necrosis in pituitary adenomas - Pituitary Apoplexy	172
---	-----

<i>K.-E. Richard, P. Sanker, A. Swinka, R.A. Frowein</i> Visual Disturbances in Childhood caused by Craniopharyngiomas	178
--	-----

<i>M. Mohadjer, A. Etou, E. Millios, R. Baden, F. Munding</i> Optic nerve glioma	190
---	-----

IV GRAVE'S OPHTHALMOPATHY

<i>W. Müller-Forell</i> CT-diagnosis in Grave's disease	201
--	-----

<i>W. Buschmann, W. Richter, W. Kley, Ph. Kruse</i> Orbital Decompression in severe Graves' Ophthalmopathy - Indication and Results in 110 operations	211
--	-----

<i>J. M. Gilsbach, G. Kommerell, W. Seeger</i> Extended pterional decompression of the orbit: An alternative treatment in endocrine orbitopathy	226
---	-----

<i>F.X. Brunner, W. Kley, P. Plinkert</i> Results of surgical orbital decompression in Graves' disease	232
--	-----

<i>G. Kahaly, H. Böckmann, U. Cordes, J. Beyer</i> Long-term study of endocrine ophthalmopathy (A retrospective observation of 297 patients)	238
--	-----

V CAROTID CAVERNOUS FISTULA - DISTURBANCES OF CIRCULATION

<i>S. Renella, R. Hussein, H. Dietz</i> Carotid Cavernous Fistula: Anatomical Clinical correlations and Clinical Signs	255
--	-----

VIII Contents

<i>R. Guthoff, J.S. Jürgens</i> Ophthalmological problems in patients with spontaneous AV-fistulas affecting the orbit	268
<i>M. Schlenker, C. Weilles, A. Mertens, S. Wolf, E.B. Ringelstein</i> Dopplersonographic Findings in Retinal Stroke and Chronic Ocular Ischemia - Their Pathogenetic Implications	273
<i>S. Wolf, B. Bertram, J. Rebstock, CH. Teping, M. Reim, M. Schlenker, E.B Ringelstein</i> Quantitative video-fluorescenceangiography: Retinal circulation in internal carotid occlusion.....	281
<i>A. Valentin, R. Karnik, H.P. Ammerer, J. Slany, H. Brenner</i> Amaurosis fugax: Sonographic findings and follow-up.....	286
<i>Ch. Teping, M. Reim, B. Bertram, S. Wolf</i> Hemodynamic in central vein occlusion.....	292

VI TRAUMATIC LESIONS

<i>E. Machtens, L. Heuser</i> Periorbital comminuted Fractures and their Relationship to the Facial Bones	301
<i>D. Schettler, K. Roosen, J. Heesen, Ch. Moor</i> Primary and secondary reconstruction in the case of interdisciplinary surgical management of combined cranio-facial injuries	310
<i>F.X. Brunner</i> Clinical and otolaryngological considerations of skull base injuries with special regard to bone plate fixation	317
<i>J. Esser, Ch. Mohr, D. Schettler, H. Hunz</i> Restoration of eye motility in orbital floor fractures	323

Ch. Milewski

Classification and therapy of orbital floor fractures 334

H. Iro, D. Horst

Functional results achieved by the surgical
management of blow-out fractures 339

H. Kolenda, M. Schröder, H. Mühlendyck,

B. Rama, E. Markakis

Transethmoidal decompression of the optic nerve
in the case of craniocerebral trauma 344

AUTHOR'S INDEX..... 355

SUBJECT INDEX..... 361
