All my FRIENDS...
...drawings that define us.

Welcome to your Creative Friendship Book

This is no ordinary friendship book. It's a special kind of keepsake, one that doesn't rely on words to capture who you are. Instead, it invites you to express yourself through pictures—images that reveal more about you than words ever could.

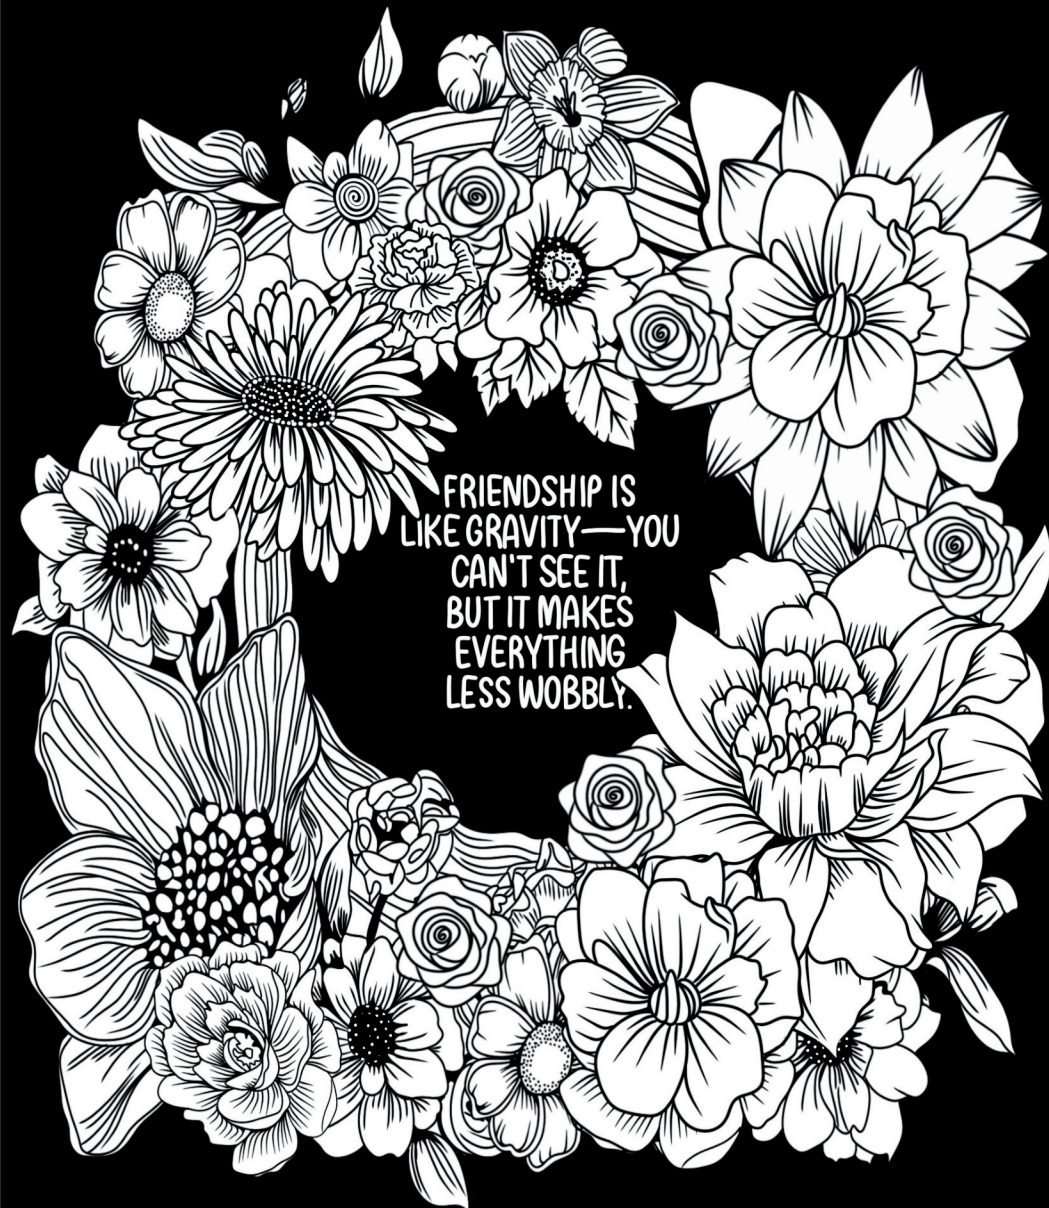

The only things you'll need to write are your name and age. From there, it's all about drawing. Each page offers prompts designed to show the world exactly who you are at the moment you're filling it out. Draw a tree, a house, and a flower. Paint a starry sky above ocean waves. Create a portrait of two friends—yourself and the person who lent you this book—depicted as animals. And don't forget to add a small self-portrait of you as a superhero!

This isn't about getting the details right. It's about sharing a part of yourself in a way that words simply can't.

One little note as you dive in: be kind to the pages! Try to use pens or pencils that won't bleed through, but if you're set on using heavier markers or paints, feel free to glue a thicker sheet of paper over the spot.

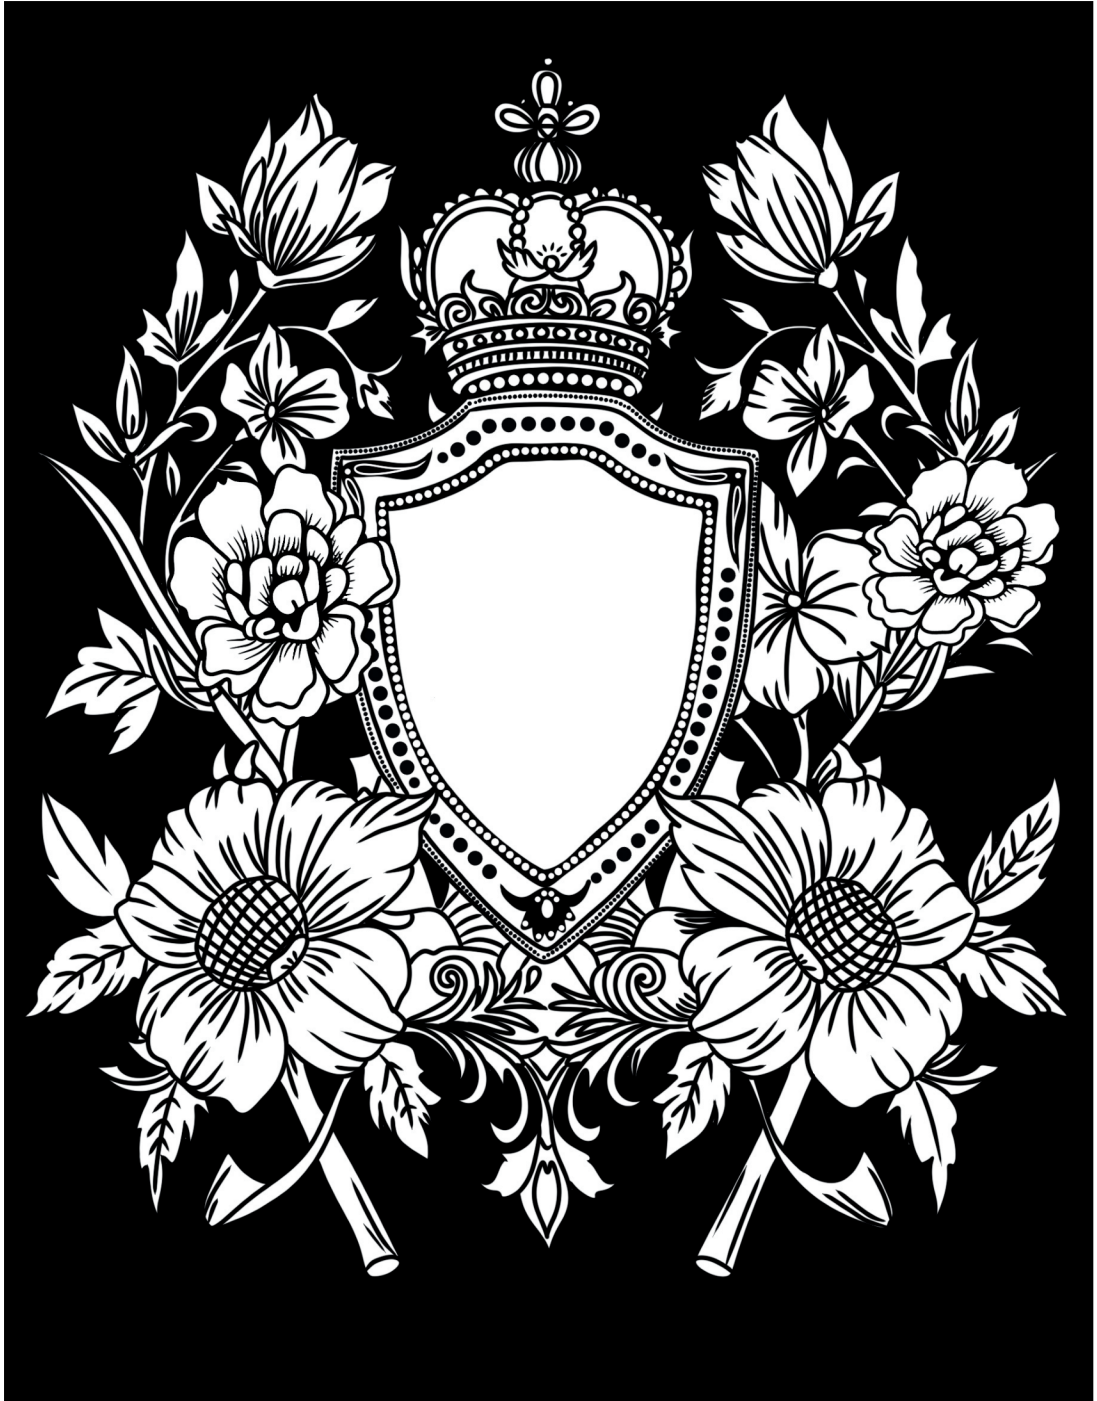

So, let your creativity run free, and have fun! This book will capture not just your answers, but your imagination, your personality, and your unique spirit.

A decorative wreath made of roses and hearts, rendered in a black and white line-art style. The wreath is composed of several large roses and smaller hearts, arranged in a circular pattern around the central text. The roses have detailed petals and leaves, while the hearts are simple outlines. The entire wreath is set against a solid black background.
