

CONTENTS
(Seminars are labeled by S)

URBAN, P. Introduction.....	VII
WILDERMUTH, K. Reaction Theory of Composite Particles (Clusters).....	1
SCHMID, E. Comments on Nuclear Reaction Theory (S).....	44
SANDHAS, W. The Three-Body Problem.....	57
ALT, E. O. Results of Three-Nucleon Calculations (S)....	139
YAES, R. J. The Crossing Symmetric Bethe-Salpeter Equation (S).....	179
NAMYSLOWSKI, J. M. Eikonal Approximation in the 3-Body System (S).....	184
STUMPF, H. Functional Relativistic Cluster Theory.....	195
THIRRING, W. Fivedimensional Theories and CP-Violation..	256
OAKES, R. J. The $K_L^0 \rightarrow \mu^+ + \mu^-$ Puzzle (S).....	272
GAILLARD, M. K. Review of the Status of $K_{\ell 3}$ Form Factors (S).....	283
PREDAZZI, E. Survey of High Energy Inelastic Models and Kinematical Constraints for Inclusive Processes.....	308
OTTER, G. Experimental Survey of Diffraction Dissociation Processes.....	378
KENNEY, V. P. Selected Review of Single-Particle and Two-Particle Inclusive Reaction Experiments (S).....	463
BIALAS, A. Diffractive Dissociation.....	479
WESS, J. Anomalous Ward Identities.....	494
OAKES, R. J. Symmetry Breaking and Sigma Commutators....	518
KLEINERT, H. Low Energy Aspects of Broken Scale Invariance.....	533
MOFFAT, J. W. Current Topics in the Electromagnetic Interactions of Hadrons.....	605
CALLAN, C. G. Exotic Applications of Light-Cone Algebra.	700
GELL-MANN, M. Quarks.....	733
SATZ, H. Asymptotic Aspects of Inclusive Production Processes.....	762

VI

WINTER, K. First Experimental Results from The Intersecting Storage Rings.....	795
BIEDENHARN, L. C. A Two-Component Alternative to Dirac's Equation (S).....	837
CASTELL, L. The SO_4 -Invariant Solutions of the $\lambda\phi^4$ Theory (S).....	847
COHEN, H. A. On Time Non-Special Quantum Mechanics (S)..	851
HEGERFELDT, G. C. (and KLAUDER, J. R.). The Ultralocal Model: Fields without Partners (S)....	856
KARPF, A. D. Unitarity Corrections to Dual Resonance Models (S).....	860
LICHARD, P. A Statistical Method for Testing of Analyticity and its Application (S).....	867
RAYSKI, J. On a Divergence-Free Example of Interaction Constituting a Dynamical Model of Quarks and Hadrons (S).....	870
CAPRA, F. Particle Physics and Eastern Philosophy (S)...	874
PIETSCHMANN, H. Summary - First Week.....	894
OAKES, R. J. Summary - Second Week.....	905
