

Table of Contents

Preface, Committee

Chapter 1: Properties and Processing of Metals

Investigation on the Effect of Water Quenching to Microstructure, Crystal Structure, Hardness, and Wear of Gray Iron A.M.H.S. Lubis, A.S. Darmawan, A.D. Anggono, N. Ngafwan, A.C. Putra and K.A. Ramadani	3
Analysis of Fatigue Crack Propagation in AISI 4140 Steel with Multi-Austempering Treatment S. Sugiyanto, D.T. Saragih, K.A. Khan, S. Matanari, S. Sumardi, H. Supriadi and M. Badaruddin	13
Optimization of Aluminium Casting with Alumina Reinforcement via Stir Casting: Impact on Physical and Mechanical Properties S.M.B. Respati, N. Kholis, H. Purwanto and P. Wibowo	21
The Effect of Post Weld Heat Treatment in Multi Layer Welding on Tensile Strength and Hardness M.R. Anggoro and A.D. Anggono	29
Microstructure, Hardness, and Toughness Evolution in Nodular Cast Iron under 450°C Quenching and Tempering A.S. Darmawan, A. Yulianto, B.W. Febriantoko, B. Sugito, M. Masyrukan, A. Hamid and T.L. Ginta	39

Chapter 2: Composites

Utilization of Silica from Palm Ash Waste as an Abrasive Material in Brake Friction Composite P. Nawangsari, R.P.C. Dedi, W. Fatra and D. Masnur	49
The Regression Models of Ultraviolet Rays Effect on Break Strain and Strain at the Ultimate Tensile Strength of Polypropylene Composite Materials M. Fitri, A. Hamid, N. Nurhatisyah, D. Romahadi, A. Firdaus and G.A. Yudhistira	59

Chapter 3: Physical Chemistry

Study on Physical Properties of Silicene Nanoribbons Doped As M.T. Tran	71
---	----

Chapter 4: Materials for Energy Storage

Synthesis of Ni-Rich Cathode from Li-Ion Battery Waste Using Environmentally Friendly Hydrometallurgy Process: Effect of Heat Treatment Atmosphere O. Floweri, K. Salamayana, J. Karunawan, O.B. Abdillah, P.N. Suryadi, J.F. Warman, M. Muchlis and F. Iskandar	81
--	----

Chapter 5: Building Materials and Structures

Influence of Repeated Wetting-Drying Process on Strength of Cement Admixed Soil Improved by Natural Liquid Latex Rubber A. Uchaipichat	91
Impact of Surface Treatment and Curing Conditions on the Mechanical Properties of OPS Lightweight Concrete N. Ahmad Zamri, S. Ismail, A. Husin and M.N. Abd Rashid	97
The Influence of the Brace Topology on the Reliability of the Platform Jacket Structure A. Anwar, R.W. Prastianto and D.M. Rosyid	105

Chapter 6: Equipment Design and Mechatronics

Effect of Mass Flow Rates of the Liquid Petroleum Gas on the Power of the Thermoelectric Generator

T.W.B. Riyadi, N.A. Nugraha, E.M. Suroto, H. Haryanto, A. Sulistyanto, A. Hendrawan, N.T. Atmoko and D. Gustiani
