

Contents

I. Lipolytic Enzymes

Chairmen: H.GRETEN and J.BOBERG

Lipases and Lipoproteins

W.V.BROWN, M.BAGINSKY, J.BOBERG, and J.AUGUSTIN. With 4 Figures.. 2

Human Postheparin Plasma Lipolytic Activities

J.AUGUSTIN, H.FREEZE, J.BOBERG, and W.V.BROWN. With 4 Figures.... 7

Physiologic Implications of the Interaction between Lipoprotein Lipase and Some Sulfated Glycosaminoglycans

T.OLIVECRONA, G.BENGTTSSON, M.HÖÖK, and U.LINDAHL. With 2 Figures. 13

Reversible Activation-Deactivation of Hormone-Sensitive Lipase and Observations on Its Relation to Lipoprotein Lipase

D.STEINBERG and J.C.KHOO. With 5 Figures..... 20

Recent Studies of the Role of the Lecithin-Cholesterol Acyl-transferase Reaction in Plasma Lipoprotein Metabolism

J.A.GLOMSET..... 28

II. Interconversion and Turnover of Plasma Lipoproteins

Chairmen: M.BERMAN and S.SAILER

Metabolism of Very Low Density Lipoproteins

S.EISENBERG. With 3 Figures..... 32

Low Density Lipoprotein Metabolism and Cholesterol Synthesis in Familial Homozygous Hypercholesterolemia: Influence of Portacaval Shunt Surgery

D.W.BILHEIMER. With 2 Figures..... 44

The Composition, Structure, and Metabolism of High Density Lipoprotein

R.I.LEVY, C.B.BLUM, and E.J.SCHAEFER..... 56

Metabolism of Lipid and Protein Components of Triglyceride-Rich Lipoproteins in Rats and Humans

R.J.HAVEL, J.P.KANE, and A.PAGNAN..... 65

Lipid Composition of the Major Human Serum Lipoprotein Density Classes in Different Types of Hyperlipoproteinemia

L.A.CARLSON. With 9 Figures..... 69

III. Intracellular Lipoprotein Metabolism

Chairmen: O.STEIN and K.OETTE

Role of the LDL Receptor in the Regulation of Cholesterol and Lipoprotein Metabolism M.S.BROWN, K.LUSKEY, H.A. BOHMFALK, J.HELGESON, and J.GOLDSTEIN. With 2 Figures.....	82
Binding, Uptake, and Catabolism of Low Density (LDL) and High Density Lipoproteins (HDL) by Cultured Smooth Muscle Cells D.STEINBERG, T.E.CAREW, D.B.WEINSTEIN, and T.KOSCHINSKY. With 4 Figures.....	90
Role of Serum Lipoproteins in the Transport of Cellular Cholesterol Y.STEIN, O.STEIN, and J.VANDERHOEK. With 4 Figures.....	99
Structure-Function Relationships of Lipoproteins in Tangier Disease G.ASSMANN. With 1 Figure.....	106

IV. Sitosterol Metabolism

Chairmen: G.SCHLIERF and F.A.GRIES

Effects of Low Dose Phytosterols on Cholesterol Absorption in Man S.M.GRUNDY and H.Y.I.MOK. With 5 Figures.....	112
Effects of Sitosterol Therapy on Plasma Lipid and Lipoprotein Concentrations R.S.LEES and ANN M.LEES. With 3 Figures.....	119
Sitosterol in Type II Hyperlipoproteinemia P.OSTER, G.SCHLIERF, C.HEUCK, H.GRETEN, U.GUNDERT-REMY, W.HAASE, G.KLOSE, N.NOTHHELPER, H.RAETZER, and B.SCHELLENBERG. With 5 Figures.....	125

V. Special Lectures

Chairman: D.SEIDEL

Carbon 13 NMR-Spectroscopic Studies on Liposomes and Human High Density Lipoproteins W.STOFFEL. With 13 Figures.....	132
Molecular Association of Lipids and Proteins in the Plasma Lipoproteins: A Review A.M.GOTTO, Jr., R.L.JACKSON, J.D.MORRISETT, J.P.POWNALL, and J.T.SPARRROW. With 5 Figures.....	152
<u>Subject Index</u>	159
