Introduction

CLAUDIA MILBRADT

I

Enforcement of Intellectual Property Rights in Germany

CLAUDIA MILBRADT/HEINER HUGGER

I.	Enforcement of Intellectual Property Rights in Germany	7
A.	Civil Action	7
1.	First Step – Warning letter?	7
2.	Preliminary injunction vs. action on the merit	8
3.	International Issues of Enforcement of Rulings	9
4.	Enforcement of Intellectual Property according to the Enforcement Directive 2004/48/EC	10
B.	Public Law	13
1.	German Product Safety Act	13
2.	Border Seizures	14
C.	Criminal Action	16
1.	Coercive Measures	17
2.	Requirements for the Initiation of Criminal Proceedings	19
3.	Criminal and regulatory sanctions	21
4.	Prosecution of product piracy on the EU level	22

Trademark Piracy

DIANA KAUFMANN

25

I.	Legal Requirements for Trademark Protection under the German Trademark Act	26
A.	Scope of Protection	26
1.	Trademarks	27
2.	Company Symbols	31
3.	Titles of Work	31
4.	Indications of Geographic Origin	32
B.	Creation of Trademark Protection	33
1.	Registration	33
2.	Trademark Protection through Usage/Secondary Meaning	38
3.	Famous Trademarks	39
4.	Company Symbols and Titles of Works	39
5.	Indications of Geographic Origin	40

TABLE OF CONTENTS

C.	Infringing Behaviour	40
1.	Trademark Infringement according to Section 14 MarkenG [Trademark Act]	40
2.	Infringement of Business Designations according to Section 15 MarkenG [Trademark Act]	45
3.	Special Case: Transit as an Infringing Behavior	46
4.	Special Case: Internet Providers	50
5.	Special case: Metatags	58
6.	Special case: Context-Sensitive Advertising	59
7.	Special Case: Parallel Imports	61
II.	Legal Consequences of Trademark Infringement	65
A.	Discontinuance	65
1.	Risk of First Infringement	65
2.	Risk of Recurrence	67
B.	Damages	67
1.	Basic Principle	67
2.	Calculation of the Compensation	68
C.	Information	70
D.	Destruction	71
E.	Recall	73
F.	Presentation and Inspection	74
III.	Enforcement	75
A.	Civil Action	75
1.	Preliminary Injunction	75
2.	Action on the Merits	76
3.	Choice of Courts	76
B.	Border Measures	77
1.	Border Seizure Request according to the EU Customs Regulation	77
2.	Border Seizure Request according to National Law	78
3.	Simplified Destruction Procedure	78
4.	Liability of Forwarding Agents	79
C.	Measures on Trade Shows	80
1.	Actions at the Trade Show Itself	80
2.	Actions in the Run-Up to the Trade Show	82

Design Piracy

ANNA GRUCHOL

I.	Introduction	83
II.	Protection under the German Design Act	83
A.	Requirements for protection	84
1.	Protected subject matter	84
2.	Beginning of protection and entitlement	87
3.	Term of protection and cancellation	88
4.	Scope of protection	88
5.	The spare parts issue	89

TABLE OF CONTENTS

B. Acts of infringement	90
C. Legal consequences	91
1. Injunctive Relief	91
2. Information	91
3. Damages	92
4. Destruction	93
5. Recall	93
6. Sec. 44 Assertion of claims also against owners	93
7. Consequences under criminal law	93
D. Enforcement	93
1. Enforcement in court	93
2. Customs action	94
III. International Design	95
A. Community Design	95
1. Registered design	96
2. Unregistered Community design	96
B. IR designs	98
C. TRIPS and the Paris Convention	98
IV. Design protection and copyright law, unfair competition law and trademark law International Design	99
A. Design protection in copyright law	99
1. Requirements for protection	100
2. Acts of infringement	100
3. Legal consequences and enforcement	102
B. Design protection and trademark law	102
C. Design protection in competition law	103
1. Requirements for protection	104
2. Acts of infringement	105
3. Legal consequences and enforcement	106

Patent Piracy

CLAUDIA MILBRADT

I. Definitions	107
A. Patents	107
B. Utility Models	108
C. Know-how	108
II. Special Cases	109
A. Natural materials	109
B. Reach-Through-Patents	110
C. Second medicinal indication	111
D. Standard Essential Patents	111
E. Software Patents	112
F. Patentability of Nanotechnology	114

TABLE OF CONTENTS

III.	Securing Rights from Employees, Universities and other R&D Partners	115
A.	Employees	115
B.	R&D with Universities	116
1.	University Claims to Employee Inventions	116
2.	Impact on Contractual Structure	117
C.	R&D with other Industry Partners	118
A.	Determining the Scope of Protection of the Patent	119
IV.	Infringement	119
B.	Direct Infringement	120
C.	Indirect Infringement	121
D.	Transit	123
E.	Objections	124
V.	Legal Consequences of Infringement	125
A.	Inspection	125
B.	Cease-and-Desist	125
C.	Damages	126
D.	Information	128
E.	Destruction	128
F.	Recall	128
VI.	Enforcement	129
A.	Preliminary Injunction vs. Action on the Merit	129
B.	Border Seizures	130

Know-How Piracy

BARBARA MAUCHER

I.	Protection of Know-How	133
A.	Objects and Concept of Know-How Protection	133
1.	The definition of 'not readily known or ascertainable'	136
2.	Definition of 'linked to a business enterprise'	137
3.	Definition of 'intention to keep information secret'	138
4.	The definition of 'legitimate interest in keeping information secret'	139
B.	Confidentiality Agreement	140
C.	Practical Measures	146
1.	Defining risks	146
2.	Taking measures	146
II.	Definition of Product Piracy	149
1.	Industrial or commercial espionage	150
2.	Breach of Trust	150
3.	Inducement to infringe contractual obligations	151
4.	Other	152
III.	Know-How Piracy as a form of unfair competition	152
IV.	Remedies in Case of Know-How Piracy	154

Music, Film and Software Piracy**WOLFGANG SCHÖNIG**

I.	Protected Works	159
A.	General Requirements and Term of Protection	159
B.	Protection of Musical Works	160
1.	Eligibility for Protection	160
2.	Copyright Owners	160
C.	Writings	161
1.	Eligibility of Protection	161
2.	Copyright Owners	162
D.	Photographic Works	162
1.	Eligibility for Protection	162
2.	Copyright Owners	162
E.	Protection of Cinematographic Works	163
1.	Eligibility for Protection	163
2.	Copyright Owners	163
F.	Television Program Formats	164
G.	Computer Programs	165
1.	Eligibility for Protection	165
2.	Copyright Owners	166
H.	Protection of Databases	167
1.	Eligibility for Protection	167
2.	Copyright Owners	168
I.	Protection of Multimedia Works, Computer and Video Games	169
J.	Websites	170
1.	Eligibility for Protection	170
2.	Copyright Owners	170
II.	Scope of Copyright Protection	170
A.	Exploitation Rights of the Author or Holder of Neighbouring Rights	170
B.	Dealing with Copyrights and Neighbouring Rights – Legal Position of Licencees	171
C.	Limitations of German Copyright Law – in particular making copies for private purposes (<i>Privileg der Privatkopie</i>); copyright levy on recording equipment (<i>Geräteabgabe</i>) vs. DRM and individual licensing	172
D.	Comparative Legal Aspects	175
III.	Offline Digital Piracy	176
A.	Infringements	177
B.	Privilege to Make Copies for Private Purposes	178
C.	Circumvention of Protective Measures (DRM Systems)	179
D.	Liability of Manufacturers of Means to Circumvent	180
IV.	Online Digital Piracy	181
A.	Introduction	181
B.	Liability of Online Providers	181
1.	Overview of the Liability Principles and the Limits set out in the German Telemedia Act	182
2.	Liability of Content Providers	184

TABLE OF CONTENTS

3. Liability of Host Providers	184
4. Usenet	189
5. Filesharing Systems	190
6. Liability of Access Providers	193
7. Conclusion	195
C. Liability of Users	196
1. Uploading Content and Making it Available for Download	196
2. Downloading Content – Difficulties of the Privilege to make Private Copies under German Law	196
3. Circumventing Protection Measures (Ripping Protected Online Streams)	197
4. Identifying Private Users in Order to Effectively Pursue Legal Measures	198
D. Other Parties Potentially Liable for Online Piracy	202
1. Liability of Search Engine Providers	202
2. Manufacturers of Online Recording Software	204
3. Responsibility for Links	205
E. International Issues in an Online Environment	205
V. Legal Consequences	206
A. Claims to Cease and Desist	206
B. Destruction, Recall and Surrender	206
C. Claims for Information	206
D. Inspection	207
E. Damages	207
VI. Enforcement	208
A. Civil Action	208
1. Plaintiff's Right of Action	208
2. Warning Letter	208
3. Preliminary Injunction versus Action on the Merit	208
B. Customs Seizures	208
1. German Custom Seizures	209
2. European Customs Seizures	209

Product Piracy in China

LING HO/AUDREY SHUM

I. China IP Legal Framework	211
II. Trademarks	211
A. Legal Requirements for Trademark Protection under the China Trademark Law	211
B. Infringing Behaviour	212

3. Copyright Law Remedies	245
4. Criminal Copyright Laws and Administrative Proceedings	246
5. Digital Millennium Copyright Act	247
D. Trade Secrets	247
1. Trade Secret Protection	247
2. Trade Secret Remedies	248
3. Federal trade secret law provides criminal sanctions	248
4. Other Measures For Fighting Piracy and Counterfeiting	248
III. Final Comment	249

Product Piracy in Spain

MONSERRAT LOPEZ-BELLOSTA/ISABEL CARULLA

I. Legal Framework Overview	251
A. Protection of Intellectual Property by Substantive Law	251
1. Spanish Trademark Act, Patent Act, Utility Model Act, Copyright Act	251
2. Role of the Spanish Unfair Competition Act	252
3. Criminal Law	252
B. Enforcement of Intellectual Property Rights	253
1. Civil Action	253
2. Public Law	256
3. Criminal Action	263
II. Trademark Piracy	264
A. Legal Requirements for Trademark Protection under the Trademark Act	264
B. Infringing Behaviour	265
1. Deceit of Origin	265
2. Likelihood of Confusion	265
3. Transit as Infringing Behaviour (particularly focusing on the Decision given by the ECJ (European Court of Justice) on 9 November 2006 (<i>Diesel</i>))	266
4. Accountability for Online Auctions	266

TABLE OF CONTENTS

C.	Enforcement	266
1.	Border Measures	266
2.	Measures on Trade Fairs	267
D.	Legal Consequences	268
1.	Discontinuance	268
2.	Information	268
3.	Damages	269
4.	Destruction	269
5.	Recall	269
6.	Criminal Sanctions	269
III.	Patent Piracy	270
A.	Prerequisites for Patent Protection	270
1.	Service Inventions	271
2.	Securing Rights in the Context of Cooperation with Third Parties	271
3.	Licence Agreements	271
4.	Technology Transfer Agreements	272
5.	R&D Agreements	273
B.	Infringing Behaviour	274
1.	Direct and Indirect Patent Infringement	274
2.	Doctrine of Equivalence	275
3.	Transit as an Infringing Behaviour	276
C.	Legal Consequences	276
1.	Discontinuance	276
2.	Information	277
3.	Damages	277
4.	Destruction	278
5.	Recall	278
6.	Criminal Sanctions	278
IV.	Know-How Piracy	279
A.	Know-How as a Trade Secret	279
1.	Information must be secret	280
2.	Information must entail a competitive edge	280
3.	The holder of the information must take steps to keep the information secret	280
B.	Measures to Protect Know-How	281
1.	Contractual Measures	281
2.	Practical Measures	282
C.	Know-How Piracy as Unfair Competition	282
1.	Disclosure or Exploitation of Trade Secrets, without the Owner's Consent	282
2.	Lawful Access to Trade Secrets but under a Duty of Secrecy	283
3.	Acquisition of Trade Secrets using Espionage or Similar Methods	283
4.	Trade Secrets must have been violated in order to obtain personal profit or profit for a Third Party, or to cause Damage to the Owner of the Secret	283
D.	Criminal Sanctions	283

TABLE OF CONTENTS
