

Contents

Part I Introduction to DICOM

1 What Is DICOM?	3
2 How Does DICOM Work?	7
3 Where Do You Get DICOM from?	11
3.1 DICOM Versus Digital	11
3.2 DICOM, DICOM-Compatible, DICOM-Ready?	13
3.3 In the Middle of Nowhere	14

Part II DICOM and Clinical Data

4 Brief History of DICOM	19
4.1 How Did This All Get Started?	21
5 Parlez-vous DICOM?	27
5.1 IT Boot Camp	27
5.2 Text Versus Binary	29
5.3 DICOM Grammar: VRs	31
5.3.1 VR Length	36
5.3.2 Characters: Foreign and Wild	37
5.3.3 Text VRs: CS, SH, LO, ST, LT, UT	38
5.3.4 Dates and Times: DA, TM, DT, AS	38
5.3.5 Numbers in Text Format: IS, DS	39
5.3.6 Numbers in Binary Format: SS, US, SL, UL, FL, FD, OB, OW, OF, AT	39
5.3.7 PN – Storing Person’s Names	40
5.3.8 AE – Naming Application Entities	41
5.3.9 UI – Unique Identifiers	41
5.3.10 SQ – Sequencing Data Sets	41
5.3.11 UN – Representing Unknown Values	43
5.4 DICOM Data Dictionary	43
5.4.1 Standard DICOM Data Dictionary	43

5.4.2	Private DICOM Data Dictionaries	47
5.4.3	Standard DICOM Command Dictionary	47
5.5	DICOM Objects	48
5.5.1	Encoding Data Elements	49
5.5.2	Encoding Data Groups	53
5.5.3	Example: Element and Group Lengths	55
5.5.4	Encoding DICOM Data Objects	56
5.5.5	SQ: Encoding DICOM Object Sequences	57
5.5.6	Required and Optional Data Elements	62
5.5.7	Storing Image Data	62
5.5.8	Unique Identifiers	64
5.6	DICOM Information Hierarchy	66
5.6.1	Problems with Patient ID	68
5.6.2	Problems with Study, Series, and Image UUIDs	70
5.6.3	Hierarchical and Relational Data	71
5.7	Modules, IODs and IEs	71
5.7.1	Attribute Macros: Making It Easier	72
5.7.2	Information Modules: Basic Data Blocks	73
5.7.3	Information Entities	77
5.7.4	DICOM Information Objects	77
5.7.5	IODS and Their Instances	77
5.7.6	Learning More	80
6	Medical Images in DICOM	81
6.1	DICOM Bitmaps	82
6.2	Image Compression	86
6.2.1	Lossless Compression	88
6.2.2	Lossy Compression	88
6.2.3	Streaming Compression	91
6.2.4	Choosing the Right Compression Technique	93
6.3	Working with Digital Medical Images	97
6.3.1	Image Interpolation	97
6.3.2	Image Reconstructions	100
6.3.3	Grayscale Depth	102
6.3.4	Waveforms	107
6.3.5	Overlays	108
6.3.6	Supporting True Video in DICOM	111

Part III DICOM Communications

7	DICOM SOPs: Basic	117
7.1	Identifying Units on the DICOM Network	118
7.2	Services and Data	121
7.2.1	DIMSE Services	122
7.2.2	Simple DIMSE Example: C-Echo	124

7.2.3	SOP: Service-Object Pairs	129
7.2.4	Verification SOP	130
7.3	Storage	132
7.3.1	C-Store IOD	132
7.3.2	C-Store DIMSE	133
7.4	Query: Find	137
7.4.1	A Few Words on Data Matching in DICOM	138
7.4.2	C-Find IOD	140
7.4.3	C-Find DIMSE	143
7.5	Modality Worklist	146
7.5.1	MWL IOD	148
7.5.2	MWL DIMSE	149
7.6	Basic DICOM Retrieval: C-Get	150
7.6.1	C-Get IOD	150
7.6.2	C-Get DIMSE	154
7.7	Advanced DICOM Retrieval: C-Move	154
7.7.1	C-Move IOD	157
7.7.2	C-Move DIMSE	158
7.7.3	C-Move Versus C-Get	160
7.8	C-Cancel – Cancel Them All!	163
7.9	DICOM Ping, Push, and Pull	164
7.10	Gentleman's Toolkit	164
7.11	Matching Application Roles	165
8	DICOM SOPs: Beyond Basic	169
8.1	Storage Commitment	169
8.2	Secondary Capture	170
8.3	Structured Reports	171
8.4	Encapsulated PDFs	173
8.5	Hardcopy Printing	174
9	DICOM Associations	177
9.1	Association Establishment Basics	178
9.2	Association Establishment	180
9.3	Abstract Syntax	180
9.4	Transfer Syntax	184
9.5	Application Context	187
9.6	Presentation Context	188
9.7	User Information	191
9.8	Protocol Data Unit (PDU)	193
9.8.1	A-Associate-RQ	195
9.8.2	A-Associate-AC	196
9.8.3	A-Associate-RJ	197
9.8.4	A-Abort	198
9.8.5	A-Release-RQ, A-Release-RP	199
9.8.6	P-Data-TF	200

9.8.7 How Associations Terminate	201
9.8.8 Communication Overhead?	201
9.9 What Do I Do When It Fails?	204
9.10 Point-to-Point Spell	206
9.11 Networking: Standard and Beyond	209

Part IV DICOM Media and Security

10 DICOM Media: Files, Folders, and DICOMDIRs.	217
10.1 DICOM File Format.	218
10.1.1 Preamble and DICM Prefix	218
10.1.2 Group 0002: DICOM File Meta Information.	219
10.1.3 Data Object.	219
10.1.4 DICOM File IDs and Names	221
10.2 Special DICOM File Formats	222
10.2.1 DICOMDIR	222
10.2.2 Secure DICOM File Format.	228
10.3 DICOM File Services.	229
10.3.1 DICOM File Set	229
10.3.2 File Management Roles and Services.	230
10.4 Grains of Salt	232
10.4.1 DICOMDIR	232
10.4.2 Media Storage.	234
10.4.3 Please, Send us Some Film!	235
10.4.4 Just Suggesting...	236
10.4.5 Export and Import.	238
10.5 Storing DICOM Data in PACS	238
10.5.1 File-Based PACS Storage.	240
10.5.2 Database-Based PACS Storage.	240
10.5.3 Mixed PACS Storage Models.	241
10.5.4 Choice of Internal File Format	242
11 DICOM Security	243
11.1 DICOM Hacking	243
11.2 DICOM Anonymization.	245
11.3 Understanding Encryption	250
11.3.1 The Main Idea Behind Encryption	250
11.3.2 Encrypting the Data	252
11.3.3 Verifying Data Integrity	253
11.3.4 Validating Data Origin	254
11.4 Encrypting DICOM Data.	255
11.4.1 De- and Re-Identification: PS3.15	255
11.4.2 De- and Re-Identification: Supplement 142.	258
11.4.3 Security and DICOM Images.	259
11.5 Concluding Remarks on Security.	260
11.6 What Else?	262

12 Incompatibility of Compatible	267
12.1 DICOM Conformance	267
12.2 Testing, Testing, and Yes, More Testing	268
12.3 Who Wants DICOM?	270
12.4 DICOM from a Black Box	271
12.5 “Home-Made” DICOMs	272
12.6 Open-Source DICOM	273
12.7 DICOM Validation Tools	277

Part V Advanced Topics

13 DICOM and Teleradiology	281
13.1 Can I See the Image?	281
13.2 You’ve Got Mail	284
13.3 Teleradiology	286
13.4 DICOM and WWW	292
13.5 DICOM Email	296
13.6 Vox Populi – Vox Dei	300
13.7 From PACS to PDAs?	303
13.7.1 “Pocket Radiology”	303
13.7.2 Multimedia Expansion	306
13.7.3 Thin and Thick DICOM	308
13.7.4 New Gadgets, Old Technology?	311
13.8 Starting Your Teleradiology Project	313
13.9 Conclusion	316
14 Standards and System Integration in Digital Medicine	319
14.1 HL7: HIS and RIS	320
14.2 Integration Problems	323
14.2.1 Data Integration	325
14.2.2 Application Integration	326
14.3 IHE: Integration Profiles	327
15 Disaster PACS Planning and Management	331
15.1 What It Takes to Kill a PACS	332
15.2 Extreme PACS	336
15.2.1 Digging in the Dirt	336
15.2.2 Confidentiality and Security	339
15.2.3 Archiving	339
15.2.4 Disaster-Proof PACS Design	340
16 DICOM Applications: Usual and Not	343
16.1 Temporal Image Analysis	343
16.2 DICOM Localization	344
16.3 Radiation Dose Monitoring	350
16.4 DICOS	355
16.5 Coloring DICOM Images: Science and Art	357

17 DICOM Software Development.	363
17.1 Developing DICOM from Scratch.	363
17.2 The “I Just Need to Open this DICOM File” Project.	364
17.3 Implementing DICOM.	364
17.4 Learning from Others.	369
17.5 What’s Next?	370
18 DICOM Implementation Plans	373
18.1 Imaging Center.	373
18.2 Teleradiology Center	374
18.3 Hospital	376
18.4 Image-Processing Lab	377
19 DICOM FAQs	381
19.1 Frequent Problems	381
19.1.1 I Want to Go Digital. How Do I Start?	381
19.1.2 How Do I Distinguish DICOM Files from Others?	381
19.1.3 I Am Trying to Open a File in My DICOM Program, and It Does Not Open.	382
19.1.4 What Is DICOMDIR?.	382
19.1.5 I Send a Study to My DICOM Device, but It Never Gets There	383
19.1.6 I Send a Study to My PACS Archive, It Arrives There, but Gets Merged with Another Study (Patient)	383
19.1.7 I Need to Send This Study to a Remote Facility	383
19.1.8 I Open a DICOM Image In My Software, and It Looks Wrong	383
19.1.9 I Do Some Image Editing on My PACS, but When I Send It to Another System, the Editing Is Gone.	384
19.1.10 Can I Break My DICOM Device If I DICOM-Connect It to Another?	384
19.2 Naïve Questions That MDs Like to Ask and Salesmen Like to Brag About	385
19.2.1 Do I Get the Original Image Resolution If I Buy Your PACS?	385
19.2.2 Is Your System Web-based?	385
19.2.3 Can You Connect to My CT Scanner (MR, US, PET, and So On)?.	385
19.2.4 Do You Have 3D Imaging (Perfusion, Diffusion, Volume Measurements, and So On)?.	386
19.2.5 Does Your System Support Multitasking (Multithreading, 64-Bit Processors, and So On, and So On)?.	386
19.2.6 Can I Use Your System for Teleradiology?	387
19.2.7 How Fast Can You Transfer the Images?	387
19.2.8 How Much Data Can I Store In Your PACS?.	388
19.2.9 Is Your DICOM Software Secure?	388

19.2.10 Do You Have Full-Fidelity DICOM?	389
19.2.11 Do You Have Free DICOM?	389
Appendix	391
