List of Tables.....	XV
---------------------	----

List of Figures	XIX
-----------------------	-----

1 Introduction	1
----------------------	---

2 Nature, Origin and Transmission of Other-Regarding Preferences.....	7
---	---

2.1 Experimental Findings on Other-Regarding Preferences.....	8
---	---

2.1.1 Interpretation of Measures of Other-Regarding Preferences	13
---	----

2.2 Models of Other-Regarding Preferences	16
---	----

2.3 The Origins of Other-Regarding Preferences	19
--	----

2.3.1 Biological Approach.....	19
--------------------------------	----

2.3.2 Psychological Approach	20
------------------------------------	----

2.3.2.1 Social Learning Theory.....	20
-------------------------------------	----

2.3.2.2 Cognitive Developmental Theory	21
--	----

2.3.2.3 Social Identity Approach	22
--	----

2.4 Transmission of Other-Regarding Preferences	25
---	----

2.4.1 Heritability of Other-Regarding Preferences.....	26
--	----

2.4.2 Cultural Transmission.....	27
----------------------------------	----

2.4.2.1 Parental Socialization	28
--------------------------------------	----

2.4.2.2 Socialization via Peers.....	31
--------------------------------------	----

2.4.2.3 Socialization via Society.....	32
--	----

3 Set-Up and Implementation of the Empirical Analysis of Other-Regarding Preferences.....	37
---	----

3.1 Framework of the Analysis	37
-------------------------------------	----

3.2 Data Collection.....	43
3.3 Measuring Other-Regarding Preferences	46
3.3.1 Experiment Design	48
3.3.2 Empirical Use of Decisions Made	51
3.4 Non-Experimental Survey	52
3.4.1 Personality Traits	53
3.4.2 Intelligence Test.....	56
3.4.3 Questionnaires	57
 4 Results of the Empirical Analysis of Other-Regarding Preferences.....	 61
4.1 Description of Sample Background	61
4.1.1 External Validity	64
4.2 Outcomes of Games.....	68
4.2.1 Behavior Across Games.....	70
4.3 Analysis of Hypothesized Influences.....	72
4.3.1 Age.....	72
4.3.2 Ability	77
4.3.3 Personality	80
4.3.4 Gender	90
4.3.5 Family Background	95
4.3.6 Leisure Activities.....	102
4.3.7 Residence	105
4.3.8 School	109
4.3.9 School Track	112
4.3.10 Experiment Design	115
4.4 Summary of Empirical Findings	117
 5 School Environment as a Specific Influence on Other-Regarding Preferences.....	 119
5.1 School Environment at the Level of the School	119

5.1.1	Data Restriction	120
5.1.2	Regression Analysis.....	121
5.1.3	Sensitivity Analysis.....	130
5.1.4	Discussion of Preference Transmission via (School) Environment.....	136
5.2	School Environment at the Level of the School Track.....	137
5.2.1	A Model of Tracking and Other-Regarding Preferences	139
5.2.2	Data Restriction and Aggregation of School Tracks	140
5.2.3	Experiment Outcomes for Subgroups.....	143
5.2.4	Endowment and its Relation to Experiment Outcomes.....	144
5.2.5	School-Track Environment and its Relation to Experiment Outcomes.....	147
5.2.6	Robustness and Validity	153
5.2.6.1	Length of Treatment	153
5.2.6.2	Robustness of the Balancing Score.....	155
5.2.7	Discussion of School Environment Association	157
6	Concluding Remarks	161
	Appendix A Experiment Course and Instructions	163
	Appendix B Questionnaires	167
	Appendix C Further Tables and Figures	177
	Appendix D Ultimatum Game.....	185
	Bibliography.....	189
