About the Editor	xxvi

I NEWER CONCEPTS IN VASCULAR SURGERY

1 Arterial Reconstruction of the Lower Extremities	3
Yoshihiko Kubo, Tadahiro Sasajima, Kazutomo Goh, Masashi Inaba, Yuichi Izumi, and Nobuyoshi Azuma	
2 Development of Modern Vascular Surgery in Korea	24
Yong Kak Lee	
3 A Novel Approach to Preventing Intimal Hyperplasia: Inhibition of Smooth Muscle Cell Migration with Enalapril ..	28
Eric T. Choi, Niraj Sehgal, Shaping Sun, Jeffrey Trachtenberg, Una S. Ryan, and Allan D. Callow	
4 Involvement of Calpain in the Development of Myoneuropathic Metabolic Syndrome (MNMS)	41
Yoshifumi Tsuji, Ei-ichi Shiba, and Jun-ichi Kambayashi	

II ANESTHESIA IN VASCULAR SURGERY

5 Anesthesia and Perioperative Cardiac Risk in Vascular Surgery Patients	51
Thomas R. Eide	

III ANGIOGRAPHY

6 Brachial Approach for Lower Limb Arteriography	67
Seok Kil Zeon, Soo Jhi Suh, Won Hyun Cho, Ki Yong Chung, and You-Sah Kim	
7 Angiographic and Doppler Evaluation of Profunda Femoris Artery Runoff	77
Hiroshi Yasuhara, Hiroshi Shigematsu, Toshiyuki Kubo, Takashi Komiyama, and Tetsuichiro Muto	

IV CAROTID ARTERY SURGERY

8 Endarterectomy and Reimplantation for Carotid Stenosis ...	85
Rudolph G. Vanmaele, Paul E. Van Schil, Marianne G. De Maeseneer, Philippe Leheret, and Robin F. Van Look	

V CARDIAC HEMODYNAMICS

- 9 Effect of Acute Normovolemic Hemodilution on Blood Coagulation 99
Zsolt A. Varga, Jill C. Locke-Edmunds, Peter M. Lamont, Roger N. Baird, and John F. Thompson
- 10 Percutaneous Bidirectional Femoral Artery Cannulation for Extended Extracorporeal Circulatory Support 110
Hiroshi Matsuura, Xi Ming Yang, James D. Fonger, Gabriel S. Aldea, and Richard J. Shemin
- 11 Plain Chest Radiographic Assessment of Cardiac Tamponade in Patients with Penetrating Chest Injury Using Vascular Pedicle Width Measurements 118
Felisberto M. Soriano and Romulo G. Veá
- 12 Incidence and Anatomy of the Posterior Gastric Artery and Its Surgical Importance 132
You-Sah Kim, Seok Kil Zeon, Wansik Yu, and Il Woo Whang
- 13 Coronary Artery Bypass Surgery with Right Gastroepiploic Artery 138
Thay-Hsiung Chen
- 14 Inferior Epigastric Artery for Coronary Bypass 145
Hendrick B. Barner
- 15 Significant Decrease in Mortality in Surgery for Ventricular Septal Defect with Serious Pulmonary Hypertension by Use of Vasodilators 150
Liu Zong-gui, Liu Wei-gong, Ju Ming-da, Zhang Wei-lian, Yan Jing-xue, and Liang Ji-he

VI AORTOILIAC OCCLUSIVE DISEASE

- 16 Early Functional Outcome After Treatment of Chronic Aortoiliac Occlusive Disease 159
Young Wook Kim, Thomas C. Park, Jae Seok Choi, and Soo Il Chang
- 17 Intrapleural Preperitoneal Route of Axillofemoral and Axilloiliac Bypass for the Treatment of Leg Ischemia or Stenotic/Obstructive Lesion of the Aorta 166
Nobuyuki Nakajima, Shigeyasu Takeuchi, Masahisa Masuda, Mitsuru Nakaya, and Narutsugu Adachi

VII AORTIC DISSECTION

- 18 Follow-up of Aortic Dissection with Thrombosed False Lumen 175
Nobuhiko Mukohara, Kyoichi Ogawa, Tatsuro Asada, Masami Nishiwaki, Tetsuya Higami, and Takaki Sugimoto

VIII AORTIC ANEURYSM

- 19 Evolution of Treatment of Aortic Aneurysms 187
Denton A. Cooley
- 20 Abdominal Aortic Aneurysm with Perianeurysmal Fibrosis:
An Analysis of 27 Cases in 1,004 AAAs Treated in a Single
Vascular Center 194
Mikael Bitsch, Jørgen E. Lorentzen, and Torben V. Schroeder
- 21 Vasospasm and Ruptured Aneurysmal Surgery 201
Hwan Hung Chung
- 22 Aneurysm of the Abdominal Aorta Associated with
Aortocaval Fistula: A Case Report 206
Duck Jong Han and Young Soon Hyun
- 23 Management of Coronary Disease in Patients with
Abdominal Aortic Aneurysm 213
J. Ernesto Molina, Fredy Abed, and Michael G. Petty
- 24 Management of Thoracoabdominal Aneurysm and Difficult
Aneurysmal Problems of the Aorta 219
Samuel R. Money and Larry H. Hollier
- 25 Inflammatory Abdominal Aortic Aneurysms 226
Hiroshi Ouchi, Masataka Ichiki, Kichiya Okuyama, and Shuzo
Kamioki
- 26 Inflammatory Aneurysms of the Abdominal Aorta 238
Keishu Yasuda, Makoto Sakuma, Yoshiro Matsui, and
Tatsuzo Tanabe
- 27 Treatment of Consumption Coagulopathy Complicated with
Abdominal Aortic Aneurysm 248
Haruo Aramoto, Hiroshi Shigematsu, Toshiyuki Kubo, and
Tetsuichiro Muto
- 28 Abdominal Aortic Aneurysms and Surgical Management ... 257
Takeshi Ueyama

IX AORTIC SURGERY

- 29 Clinical Application of Deep Hypothermia and Total
Circulatory Arrest for Treatment of Aortic Disease 269
Wan Ki Baek and Hyuk Ahn
- 30 Results of Concomitant Renal Artery Reconstruction in
Abdominal Aortic Surgery 278
Masashi Inaba, Tadahiro Sasajima, Yoshihiko Kubo, Yuhichi
Izumi, and Kazutomo Goh
- 31 Complications Following Aortic Reconstructive Surgery 286
Jang Sang Park, Wook Kim, and Yong Bok Koh

32	Cardiovascular Changes After Infrarenal Aortic Cross-Clamping in Clinical and Animal Studies	296
	Kazuro Sugi, Akira Furutani, Takayuki Kuga, Kentaro Fujioka, Hidetoshi Tuboi, and Kensuke Esato	
33	Surgical Management of Aortoiliac Occlusive Disease	306
	John B. Chang	
X ILIOFEMORAL OCCLUSIVE DISEASE		
34	Treatment of Iliofemoral Stenosis and Occlusion by Means of Modified Gianturco Expandable Metallic Stents	337
	Byung Suk Roh, See Sung Choi, Seon Kwan Juhng, Chang Guhn Kim, and Jong Jin Won	
XI ARTERIAL ANEURYSM		
35	A Profile of Peripheral Arterial Aneurysms in South India ..	347
	Booshanam V. Moses, Stanley John, R. David Sadhu, and Sunil Agarwal	
XII ARTERITIS		
36	Surgical Treatment of Takayasu's Arteritis: Report of Clinical Experience of 27 Patients	359
	Yong Bok Koh, Seung Nam Kim, Hae Myung Chun, and In Chul Kim	
37	Characteristic Angiographic Findings of Thromboangiitis Obliterans	370
	Choong Ki Park, Bum Gyu Ahn, and Chang Sig Choi	
XIII CONGENITAL VASCULAR DEFECTS		
38	Surgical Treatment of Congenital Vascular Defects	383
	Stefan Belov	
XIV FEMORAL POPLITEAL ARTERY DISEASE		
39	Clinical Review of 49 Cases of Lower Limb Ischemic Disease	401
	Byung Jun So and Kwon Mook Chae	
40	Current Status of the Surgical Treatment of Chronic Arterial Occlusive Disease in Japan	409
	Yoshio Mishima	
41	Long-Term Results of Arterial Bypass in the Femoropopliteal Region	415
	Sohei Suzuki, Masayuki Shimizu, Masahiko Tanaka, Shinji Nomura, and Hisaaki Koie	

- 42 Reevaluation of Effectiveness of Low-Dose Warfarin as
Antithrombotic Therapy After Vascular Reconstruction 424
Joonghee Kang, Masato Sakon, and Jun-ichi Kambayashi
- 43 Percutaneous Transluminal Angioplasty and Segmentally
Enclosed Thrombolysis for Femoropopliteal Occlusions 430
Bo Jørgensen and Jørn Dalsgaard Nielsen
- 44 Results of Surgical Treatment of Multivessel Disease in the
Lower Limb 441
Roy Vargese, A.N. Kosencov, and Yury V. Belov
- 45 Late Complications Following Surgery for Popliteal Artery
Entrapment Syndrome 445
Takehisa Iwai, Shoji Sato, Yoshinori Inoue, Noriaki Takiguchi, and
Mitsuo Endo

XV TIBIAL PERONEAL OCCLUSIVE DISEASE

- 46 Tibial Revascularization Under Transmicroscopic
Technique 455
Masayasu Yokokawa, Masaki Tomikawa, Takeshi Ueyama, and
Keiichi Yamamoto
- 47 Clinical Review of Adjunctive Arteriovenous Fistula with
Tibial and Peroneal Reconstruction for Extensive Occlusive
Arterial Disease of Lower Extremity 461
Yong Bok Koh, Cho Hyun Park, Jong Man Won, and Chang Joon
Ahn

XVI ACUTE ARTERIAL OCCLUSION

- 48 Results of Treatment of Acute Arterial Occlusion 469
Takashi Komiyama, Hiroshi Shigematsu, Hiroshi Yasuhara, and
Tetsuichiro Muto

XVII AMPUTATION

- 49 Should Chemical Sympathectomy Precede Below-Knee
Amputation? 477
Leonid Lantsberg and Mark Goldman

VIII VASCULAR GRAFTS

- 50 Increased Resistance to Staphylococcal Graft Infection by
Rifampicin Impregnation of Gelatin-Sealed Dacron 483
John P. Fletcher, J. Avramovic, J. Kenny, and F. Sardelic
- 51 Involvement of Growth Factors in Pseudointimal
Hyperplasia Analyzed by Synthetic Somatostatin Analogues 488
Jun-ichi Kambayashi, Suguru Shibuya, and Makoto Watase

52	Experimental Evaluation of a New Compliant Biological Arterial Substitute	495
	Armin Welz, G. Murrmann, S. Grenzner, R. Triefenbach, and M. Beyer	
XIX VENOUS SYSTEM		
53	A New Valvuloplasty for Primary Deep Venous Insufficiency	507
	Katsushi Akemoto and Takeshi Ueyama	
54	Homolateral Long Saphenous Vein as a Valvulated Graft for Reflux Treatment of Deep Venous Postthrombotic Disease	515
	J.M. Cardon, A. Joyeaux, D. Noblet, M.M. Faye, and P. Bousquet	
55	Local Gas Analysis in Patients with Venous Ulcers	523
	Živan V. Maksimović, Tomislav Jovanović, Slobodanka Dukić, and Siniša Jagodić	
56	Local Lactate and Pyruvate Values Prior to and Following a Shearing Operation for Venous Ulcers	528
	Živan V. Maksimović, Veljko Djukić, Djordje Radak, and Tomislav Javanović	
57	Ablative Surgery Versus Sclerotherapy in the Treatment of Vein Disease	535
	George M. Robb	
58	Functional Evaluation of the Venocuff Sleeve in the Primary Great Saphenous Varicose Vein	539
	Bo Yang Suh, Dong Kweon Suh, and Koing Bo Kwun	
XX PULMONARY EMBOLISM		
59	Genetic Predisposition to Pulmonary Embolism Following Deep Vein Thrombosis	549
	Tomio Kawasaki, Jun-ichi Kambayashi, and Yoshio Uemura	
XXI PORTOSYSTEMIC SHUNT		
60	Transjugular Intrahepatic Portosystemic Shunt	561
	Jae Hyung Park, Joon Koo Han, Jin Wook Chung, and Man Chung Han	
61	Effectiveness of Portal Vein Arterialization During an Emergency Situation in Partial Liver Transplantation	569
	Masahiko Yamaguchi, Kaoru Kumada, Hiroshi Higashiyama, Taisuke Morimoto, and Kazue Ozawa	

XXII ANGIOACCESS

62	Factors Influencing the Patency of Arteriovenous Fistulae in Patients with Chronic Renal Failure	577
	W.H. Cho, Y.S. Kim, and H.C. Kim	
63	Arteriovenous Fistula for Hemodialysis: Early Failure or Complications According to Different Criteria for Patient Selection and Surgical Procedures	587
	Yu Seun Kim, Soo Ho Choo, and Kiil Park	
Index		593
