

Contents

List of Contributors	VII
1. Endothelins <i>D. W. P. Hay</i>	1
2. Bradykinin <i>S. G. Farmer</i>	51
3. Tachykinins and Calcitonin Gene-Related Peptide <i>C. A. Maggi</i>	67
4. Vasoactive Intestinal Peptide <i>S. I. Said</i>	87
5. Atrial Natriuretic Peptides <i>N. C. Thomson</i>	115
6. Platelet-Derived Growth Factor, Transforming Growth Factor- β and Connective Tissue Growth Factor <i>J. Kelley</i>	131
7. Voltage-Dependent and Receptor-Operated Calcium Channels <i>I. W. Rodger</i>	155
8. High Conductance Calcium-Activated Potassium Channels <i>G. J. Kaczorowski and T. R. Jones</i>	169
9. Adenosine Triphosphate-Activated Potassium Channels <i>S. L. Underwood and D. Raeburn</i>	199
10. Sodium/Potassium/Chloride Co-Transport <i>A. J. Knox</i>	217
11. Sodium/Hydrogen Exchange <i>R. Bose</i>	233
12. Sodium/Potassium-Dependent Adenosine Triphosphatase <i>S. J. Gunst</i>	255
