

Contents

Previous Edition Authors *vii*

Preface *ix*

Acknowledgments *xi*

1 Mouse *1*

Introduction *1*

Anatomic Features *5*

Bibliography for Introduction and Anatomic Features *11*

Infections of Laboratory Mice *13*

DNA Viral Infections *14*

RNA Viral Infections *26*

Bibliography for Viral Infections *49*

Bacterial Infections *58*

Bibliography for Bacterial Infections *84*

Fungal Infections *93*

Bibliography for Fungal Infections *95*

Parasite Infections *96*

Bibliography for Parasite Infections *103*

Metabolic and Toxic Disorders *105*

Bibliography for Metabolic and Toxic Disorders *109*

Non-neoplastic Organ System Disorders *110*

Bibliography for Non-neoplastic Organ System Disorders *127*

Neoplasms *132*

Bibliography for Neoplasms *142*

Xenotransplantation in Globally Immunodeficient NOD Mice *144*

Bibliography for Xenotransplantation in Globally Immunodeficient NOD Mice *150*

2 Rat *152*

Introduction *152*

Anatomic Features *152*

Bibliography for Introduction and Anatomic Features *155*

DNA Viral Infections *155*

RNA Viral Infections *159*

Bibliography for Viral Infections *166*

Bacterial Infections *170*

Bibliography for Bacterial Infections *183*

Fungal Infections *188*

Bibliography for Fungal Infections *191*

Parasite Infections *192*

Bibliography for Parasite Infections *198*

Nutritional, Metabolic, and Toxic Disorders *200*

Bibliography for Nutritional, Metabolic, and Toxic Disorders *201*

Non-neoplastic Organ System Disorders *202*

Bibliography for Non-neoplastic Organ System Disorders *214*

Neoplasia *217*

Bibliography for Neoplasms *225*

3 Hamster *227*

Introduction *227*

Anatomic Features *227*

Behavioral Features *228*

Bibliography for Introduction, Anatomic, and Behavioral Features *229*

DNA Viral Infections *229*

RNA Viral Infections *233*

Bibliography for Viral Infections *234*

Bacterial Infections *236*

Fungal Infections *243*

Bibliography for Bacterial and Fungal Infections *243*

Parasite Infections *246*

Bibliography for Parasite Infections *250*

Nutritional and Metabolic Disorders *251*

Bibliography for Nutritional and Metabolic Disorders *253*

Non-neoplastic Organ System Disorders *254*

Bibliography for Non-neoplastic Organ System Disorders *257*

Neoplasms *258*

Bibliography for Neoplasms *259*

4 Gerbil 261

Introduction 261
 Anatomic Features 261
 Bibliography for Introduction and Anatomic Features 262
 Viral Infections 263
 Bibliography for Viral Infections 263
 Bacterial Infections 263
 Fungal Infections 266
 Bibliography for Bacterial and Fungal Infections 266
 Parasite Infections 268
 Bibliography for Parasite Infections 269
 Nutritional, Metabolic, and Toxic Disorders 269
 Bibliography for Nutritional, Metabolic, and Toxic Disorders 271
 Non-neoplastic Organ System Disorders 271
 Respiratory System Disorders 272
 Bibliography for Non-neoplastic Organ System Disorders 273
 Neoplasms 274
 Bibliography for Neoplasms 275

5 Guinea Pig 277

Introduction 277
 Behavioral, Physiologic, and Anatomic Features 277
 Bibliography for Introduction, Behavioral, Physiologic, and Anatomic Features 283
 DNA Viral Infections 284
 RNA Viral Infections 286
 Bibliography for Viral Infections 287
 Bacterial Infections 289
 Bibliography for Bacterial Infections 300
 Fungal Infections 304
 Bibliography for Fungal Infections 305
 Parasite Infections 306
 Bibliography for Parasite Infections 311
 Genetic Disorders 312
 Nutritional, Metabolic, and Toxic Disorders 313
 Bibliography for Genetic, Nutritional, Metabolic, and Toxic Disorders 318
 Non-neoplastic Organ System Disorders 320
 Bibliography for Non-neoplastic Organ System Disorders 329
 Neoplasms 331
 Bibliography for Neoplasms 333

6 Chinchilla 335

Introduction 335
 Behavioral, Physiologic, and Anatomic Features 335
 General References 337

Bibliography for Behavioral, Physiologic, and Anatomic Features 337
 Viral Infections 337
 Bibliography for Viral Infections 338
 Bacterial Infections 338
 Bibliography for Bacterial Infections 344
 Fungal Infections 345
 Bibliography for Fungal Infections 346
 Parasite Infections 347
 Bibliography for Parasite Infections 349
 Nutritional, Metabolic, and Toxic Disorders 350
 Bibliography for Nutritional, Metabolic, and Toxic Disorders 350
 Non-neoplastic Organ System Disorders 351
 Musculoskeletal System Disorders 354
 Urinary System Disorders 354
 Female Reproductive System Disorders 354
 Male Reproductive System Disorders 355
 Bibliography for Non-neoplastic Organ System Disorders 355
 Neoplasms 355
 Bibliography for Neoplasms 356

7 Rabbit 357

Introduction 357
 Behavioral, Physiologic, and Anatomic Features 357
 Bibliography for Introduction, Behavioral, Physiologic, and Anatomic Features 361
 DNA Viral Infections 362
 RNA Viral Infections 370
 Bibliography for Viral Infections 375
 Bacterial Infections 379
 Bibliography for Bacterial Infections 402
 Fungal Infections 409
 Bibliography for Fungal Infections 415
 Parasite Infections 417
 Bibliography for Parasite Infections 429
 Genetic Disorders 432
 Bibliography for Genetic Disorders 435
 Nutritional, Metabolic, and Toxic Disorders 436
 Bibliography for Nutritional, Metabolic, and Toxic Disorders 443
 Non-neoplastic Organ System Disorders 445
 Bibliography for Non-neoplastic Organ System Disorders 454
 Neoplasms 457
 Bibliography for Neoplasms 461

Index 463
