List of Contributors *vii*

Preface *x*

About the Companion Website *xi*

Section 1 A Primer for the Clinician *1*

1 A Clinician's Guide to the Immune System: Innate and Adaptive Immunity *3*

Oliver A Garden

2 Pathophysiology of Immune-Mediated Disease *39*

James W Swann

3 Immunogenetics: The Final Frontier *61*

Lucy J Davison and Lorna J Kennedy

4 Vector-Borne Pathogens and Immune-Mediated Disease *84*

Linda Kidd and Edward B Breitschwerdt

Section 2 Diagnostic Approaches and Treatment *107*

5 Diagnosing Immune-Mediated Disease: General Approach and Specific Tests *109*

Linda Kidd and Amy L MacNeill

6 Treating Immune-Mediated Disease: What to Use and When *134*

Todd M Archer and Claire L Fellman

Section 3 Specific Immune-Mediated Diseases *165*

7 Blood and Hematopoietic System *167*

Todd M Archer

8 Musculoskeletal System *192*

Karen Perry

- 9 Central and Peripheral Nervous System 234**
Nicolas Granger and Linda Kidd
- 10 Urinary Tract 279**
Jack S Lawson and Harriet M Syme
- 11 Oral Cavity and Gastrointestinal Tract 313**
Karin Allenspach, Albert E Jergens, Laura van Vertloo, and Brenda L Mulherin
- 12 Liver, Biliary Tract, and Exocrine Pancreas 347**
Penny Watson, Nick Bexfield, and Michael J Day
- 13 Nose, Trachea, and Bronchopulmonary System 387**
Leah A Cohn, Cécile Clercx, and Michael J Day
- 14 Endocrine Organs 421**
Lucy J Davison
- 15 Skin 436**
Domenico Santoro
- 16 Eye and Adnexa 469**
Màrian Matas Riera and Oliver A Garden
- 17 Polysystemic Autoinflammatory and Autoimmune Diseases 503**
Jonathan E Fogle
- Section 4 Immunodeficiency, Onco-Immunology, and Vaccination 521**
- 18 Primary Immunodeficiencies 523**
James W Swann
- 19 Cancer Immunology 549**
David R Killick
- 20 Vaccination 580**
Alison Stickney and NJ Cave
- Index 615**
