

Contents

1	Introduction.....	1
1.1	Scientific Aims	1
1.2	General Introduction	2
1.3	Literature Survey	4
1.3.1	General Information – Alimentary Canal.....	4
1.3.2	Morphometry, Morphometric Techniques, and Quantitative Surveys	5
1.4	Primary Objectives	6
2	Methodology	11
2.1	Introductory Word on Techniques.....	11
2.2	Methods	12
2.2.1	Animals	12
2.2.2	Fixation	13
2.2.3	Determination of Ground Level of Basal Surface Area	13
2.2.3.1	Small Intestine	14
2.2.4	Determination of Second-Order Enlargement of the Surface Area	14
2.2.4.1	Sampling and Further Fixation	14
2.2.5	Tissue Embedding	15
2.2.5.1	Vertical Sections.....	15
2.2.6	Determination of Sampling Sites.....	15
2.2.6.1	Pilot Study.....	16
2.2.6.2	Alternative Methods for Large Animals	17
2.2.7	Measurements	17
2.2.7.1	Aim.....	17
2.2.7.2	Calibration	18
2.2.8	Measuring Devices.....	18
2.2.8.1	Advantages of the Semi-automatic Videoplan Analyzing System	19
2.2.9	Measurement of Microvilli: Pilot Experiment . . .	22
2.2.10	Shrinkage	23
2.3	Discussion.....	24
2.3.1	Statistical Confirmation of Using Three Animals Per Group	24

2.3.2	Fixation.....	27
2.3.2.1	Method of Choice: Intracorporeal/Intraluminal Fixation	27
2.3.2.2	Other Considerations of Fixed Material.....	29
2.3.3	Morphometric Techniques	30
2.3.3.1	Measurement of Surface Enlargement.....	31
2.3.3.2	Changes in Measured Structures Dependent on External Factors	35
2.3.3.3	Microvilli Considerations	35
2.3.4	Scaling Considerations: Relationship to Body Weight.....	35
2.3.5	Conclusions	38
3	Morphology of the Mammalian Cecum and Colon	39
3.1	Introduction.....	39
3.2	General Aspects.....	43
3.3	Terminology	46
3.4	Methodology	47
3.5	Observations	48
3.5.1	Gross Anatomical Aspects	48
3.5.2	Second-Order Enlargements	48
4	Morphometry of the Mammalian Cecum and Colon.....	51
4.1	Application	51
4.1.1	Areas	56
4.1.2	Volumes	58
4.1.3	Coefficients.....	59
4.1.3.1	Areas (Coefficient of Gut Differentiation).....	59
4.1.3.2	Volumes (Coefficient of Volume).....	62
4.1.4	Area to Unit Volume Relationships	65
4.2	Concluding Discussion	66
4.2.1	Areas	66
4.2.2	Volume	70
4.2.3	Coefficients.....	71
4.2.3.1	Areas	71
4.2.3.2	Volumes	72
4.2.4	Area to Unit Volume Relationships	73
5	Summary	79
	References	81
	Subject Index.....	89
