1	Introduction	1
1.1	Dissertation Description	1
1.2	Research Question and Sub Questions	6
1.3	Literature Review and the Contribution of My to This Literature	6
1.4	Methodology	8
1.5	Research Findings	8
1.6	Conclusions	11
2	Theoretical Framework	13
2.1	What is Realism?	13
2.2	The Development of Political Realism	18
2.3	Hans Morgenthau—the Six Principles of Political Realism	26
2.3.1	First Principle—Politics is Governed by Objective Laws Which Have Roots in Human Nature	26
2.3.2	Second Principle—National Interest Defined in Terms of National Power	27
2.3.3	Third Principle—Interest is Always Dynamic	31
2.3.4	Fourth Principle—Abstract Moral Principles Cannot Be Applied to Politics	33
2.3.5	Fifth Principle—Difference Between Moral Aspirations of a Nation and the Universal Moral Principles	34
2.3.6	Sixth Principle—Autonomy of International Politics	35

2.4	Kenneth Waltz—Neorealism	39
2.4.1	Defining Power	42
2.4.2	Why Do States Struggle for Power?	43
2.4.3	The Critical and Normative Dimension of Power Politics	45
2.5	Realism, Liberalism and Constructivism in Transboundary Water Relations	46
2.5.1	Realism in Transboundary Water Relations	47
2.5.2	Liberalism in Transboundary Water Relations	48
2.5.3	Constructivism in Transboundary Water Relations	50
2.5.4	Realism, Liberalism and Constructivism in Turkey's Hydro Diplomacy	52
3	Hydropolicy and Hydropolitical Interdependence	59
3.1	Water and Interdependence in World Politics	59
3.1.1	The Importance of Water	59
3.1.2	Hydropolitical Interdependence	61
3.2	The Rise of Hydro-Diplomacy	63
3.2.1	Transboundary Water Governance	63
3.2.2	Technical Cooperation	67
3.2.3	Hydrohegemony	71
3.2.4	River Basin Organization	77
3.3	International Water law	82
3.3.1	Conflicts Over Transboundary Water	82
3.3.2	The Helsinki Rules on the Uses of the Waters of International Rivers	88
3.3.3	UN Convention on the Law of the Non-Navigational Uses of International Watercourses	89
3.3.4	Similarities and Differences Between the 1966 Helsinki Rules and the 1997 U.N. Convention	94
3.4	Turkey's Transboundary Water Policy (Official Position)	96
3.5	New Approach for Analyzing Turkey's Hydro Policy	97
4	Historical and Geographical Overviews of the Euphrates-Tigris and the Orontes Basins	107
4.1	The Importance of Water in the Ottoman Era	107
4.1.1	The Problem of Drinking and Irrigation Water	107
4.1.2	Economic and Military Importance of Rivers	109
4.1.3	Steamship Era	113

4.2	The First Steps of the Republic of Turkey in Water Sphere	117
4.2.1	EIE	117
4.2.2	DSİ	118
4.2.3	The Water Sphere of Turkey	121
4.3	Physical Characteristics of the Euphrates, Tigris and Orontes Rivers	124
4.3.1	The Euphrates River	125
4.3.2	The Tigris River	130
4.3.3	The Orontes River	135
4.4	Construction of the First Dam on The Euphrates in Turkey—Upper Euphrates Basin	139
4.4.1	Suleyman Demirel—The Architect of GAP	140
4.4.2	Construction of Keban Dam	142
4.5	Water Disagreements in the “Turkey-Syria-Iraq” Triangle in 1920–1975	146
4.5.1	The First Period—Rivers of Common Geography and History	147
4.5.2	The Second Period—Rivers of Competition	148
4.6	Concluding Summary of the Second Chapter	155
5	The Southeastern Anatolia Project—GAP	157
5.1	General Information About GAP	157
5.2	Water Projects in the Euphrates Basin	167
5.2.1	Construction of Karakaya Dam	167
5.2.2	Lower Euphrates Projects	169
5.2.3	The Border Euphrates Project	172
5.3	Water Projects in the Tigris Basin	175
5.3.1	Kralkizi-Dicle Integrated Project	176
5.3.2	Construction of Batman and Garzan Dams	177
5.4	Water Projects in Syria and Iraq	178
5.4.1	The Euphrates Basin	178
5.4.2	The Tigris Basin	181
5.4.3	Orontes River Basin	184
5.5	Peace Water Pipeline	189
5.6	Concluding Summary of the Third chapter	192
6	Water Conflicts Between Turkey, Syria and Iraq in 1980–2000	195
6.1	Water Quantity and Quality	195
6.1.1	Euphrates and Tigris	200
6.1.2	Impact on the Gulf	206

6.2	Water Conflicts in the Euphrates Basin	210
6.2.1	Ataturk Dam Crisis	211
6.2.2	Birecik Dam (Border Euphrates) Crisis	221
6.3	Water Conflicts in the Orontes Basin	222
6.3.1	General Overview of the Orontes Basin Hydropolitics	222
6.3.2	The Broader Political Context of Lebanon–Syria Relations	227
6.3.3	Lebanon–Syria Hydropolitical Relations on the Orontes Basin	228
6.3.4	Untangling the Political Context of Transboundary Water Relations: The Case of Syria and Turkey on the Orontes Basin	233
6.4	Concluding Summary of the Fourth Chapter	237
7	Water Projects and the Kurds of Turkey	241
7.1	The Situation of the Kurds in Turkey and the Birth of the PKK	241
7.2	Kurdish Migration and Impact of GAP	254
7.2.1	Intra-regional Migration of Kurds	265
7.2.2	Interregional Migration of Kurds	266
7.2.3	Results of Migration of Kurds	267
7.3	PKK Between Turkey and Syria	268
7.4	The Role of Hafez Al-Assad	287
7.4.1	Physical Rescue of Ocalan and Kurdish Militants (PKK)	289
7.4.2	Establishment of Ocalan’s Headquarters in Damascus	293
7.4.3	Organizing Military Training of Kurdish Militants in the Bekaa Valley	294
7.4.4	Ensuring Visits of Kurdish Militants to Europe	297
7.4.5	Syria as a Transit Country for Arms and Militants	301
7.4.6	Direct Penetration of Kurdish Militants and Arms From Syria to Turkey	303
7.4.7	Allowing Recruitment and Fundraising Among the Syrian Kurds	304
7.4.8	Conclusion	305
7.5	The Fight Against PKK and Hydro Projects: Financial Comparison	306
7.6	Concluding Summary of Chapter 5	312

8	GAP in the 21th Century—Justice and Development Party	315
8.1	GAP Plans during rule of JDP	315
8.1.1	GAP Regional Development Plan (2002–2010)	315
8.1.2	GAP Action Plans (2008–2012 & 2014–2018)	319
8.2	Water Projects in the Euphrates-Tigris Basin in Turkey	322
8.2.1	Euphrates River	322
8.2.2	Tigris River	324
8.3	Rivers for Cooperative Endeavors	331
8.3.1	High-Level Strategic Cooperation Councils and Water	332
8.3.2	New Water Protocols and New Perspectives on Transboundary Water Issues	334
8.3.3	Issues of Common Concern: Protocols on Water Efficiency, Drought Management, and Quality Remediation	336
8.3.4	The Ministers’ Network and the JTC Revitalized	337
8.3.5	The Euphrates-Tigris Initiative for Cooperation: A Network of Academics and Professionals	338
8.4	Water as Turkey’s Leverage Against Neighboring Countries	340
8.4.1	The Case of Syria—Friendship Dam	341
8.4.2	The Case of Iraq—Ilisu Dam	348
8.4.3	Case of Iran and the Kurds of Iraq	352
8.4.4	The Case of the Kurds of Syria	355
8.5	Turkey’s “Water Weapon” Against the PKK	361
8.5.1	Security Reservoirs (Hakkari and Sirnak Provinces)	361
8.5.2	Ilisu and Silvan Dams	372
8.5.3	Blockade of Dersim with Reservoirs	375
8.5.4	Mardin-Ceylanpinar Irrigation Main Canal	377
8.6	Concluding Summary of Chapter 6	378
9	Conclusion	381
	Reference List/Bibliography	397
