1	Introduction	1
2	Municipal Finances in Germany	7
2.1	The Federal System of Germany	7
2.1.1	Fiscal Federalism in Germany	8
2.1.2	Intergovernmental Financial Relations	11
2.1.2.1	Public Expenditure	11
2.1.2.2	Public Revenue	13
2.2	Municipal Finances	16
2.2.1	Legal Basis of Municipalities in the Federal System of Germany	16
2.2.2	Municipal Finances—Tasks and Expenditure	19
2.2.2.1	Municipal Tasks	20
2.2.2.2	Municipal Expenditure	22
2.2.3	Municipal Finances—Revenues	30
2.2.3.1	Municipal Revenue Categories	30
2.2.3.2	Municipal Revenue—Data	36
2.2.4	Income from Debt	40
2.2.4.1	Legal Considerations	41
2.2.4.2	Development of Municipal Debt	43
2.3	The Municipal Budget—Principles and Procedure	47
2.3.1	Budgetary Principles in Germany	47
2.3.2	Legal Bases, Structure of the Budget and Budget Cycle	48
2.4	Chapter Summary	51

3 Participatory Budgeting—Origins, Diffusion and Research	
Findings	55
3.1 Definition, Origins and Global diffusion of PB	55
3.1.1 Definition	55
3.1.2 Origins and Global Diffusion	57
3.1.3 Typology of PB processes	62
3.2 PB in Germany	66
3.2.1 The Background of PB in Germany	66
3.2.2 Diffusion of PB Processes in Germany	69
3.2.3 A German Peculiarity: Saving Budgets	81
3.3 Literature review of PB	83
3.3.1 Adoption and Diffusion of PB—Research Findings	84
3.3.2 Goals, Process Design and Outcomes of PB—International Research Findings	88
3.3.3 Effects and Process Design of PB in Germany	93
3.3.4 Critical Review of PB Processes	97
3.4 Chapter Summary	100
4 Theoretical Framework and Hypotheses—Examination of Factors Explaining PB Adoption and Diffusion	105
4.1 Explanatory Factors Based on Public Administration Research	105
4.2 Explanatory Factors Based on Fiscal Federalism Theories	109
4.3 Explanatory Factors Based on Public Choice Theory	114
4.4 Explanatory Factors Based on Diffusion Theory of Innovation	119
4.5 Research Hypotheses Regarding PB Adoption in Germany	124
4.6 Chapter Summary	130
5 Empirical Analysis	133
5.1 Variables and Data	133
5.2 Differences Between Municipalities with and Without PB	143
5.2.1 Cluster Analysis	144
5.2.2 Mean value comparisons	145
5.3 Factors Affecting Adoption of PB Processes	157
5.3.1 Methodology: Population-Averaged Logistic Regression Analysis	157
5.3.2 Presentation of Regression Results Regarding PB Adoption	161
5.3.3 Diagnostics	171

5.3.4	Robustness Test	178
5.4	Factors Influencing Different Phases of PB Adoption	181
5.4.1	Results of an Ordered Logistic Regression Analysis	181
5.4.2	Diagnostics	186
5.5	Chapter Summary	188
6	Conclusion and Outlook	191
6.1	Outlook & Limitations	196
	List of Primary Sources	199
	Bibliography	201
