

Table of Contents

Introduction

Anatomy of the Anorectal Region 3

- Anal Canal 3
- Rectum 3
- Musculature of the Pelvic Floor 6
- Pelvic Connective Tissue 6
- Anorectal Veins 9
- Anorectal Arteries 9
- Anorectal Nerves 9
- Anorectal Lymphatics 11

Physiology and Pathophysiology of Anorectal Function 13

- Continence 13
- Incontinence 15

The Proctologic Examination 19

- Examination Positions 19
- Disinfection and Sterilization 20
- Methods of Evaluation 27
 - History 27
 - Physical Examination 28
 - Digital Examination 29
 - Speculum Examination 30
 - Proctoscopy and Anoscopy 31
 - Rigid Rectosigmoidoscopy 33
 - Flexible Rectosigmoidoscopy 37
 - Colonoscopy 38
 - Imaging Studies 41
 - Sonography 46
 - Anorectal Manometry and Electromyography 47
 - Mycological and Bacteriological Evaluation 50
 - Allergological Testing Methods 59
 - Cancer Prevention 64

Anorectal and Colon Diseases

1	Hemorrhoidal Symptom Complex	71
1.1	Hemorrhoids	71
1.2	Anal Tags	79
1.3	Perianal Thrombosis	80
1.4	Anal Prolapse	82
1.5	Rectal Prolapse	84
1.6	Cryptitis and Papillitis	87
1.7	Hypertrophic Anal Papillae	88
1.8	Anal Rhagades and Erosions	90
1.9	Anal Fissure	91
1.10	Anorectal Abscess	97
1.11	Fistulas	101
2	Perianal Skin Diseases	107
2.1	Pruritus Ani	107
2.2	Side Effects of Topical Corticosteroids	109
2.3	Perianal Contact Dermatitis	112
2.4	Pigmentary Disorders	121
2.4.1	Perianal Hyperpigmentation	122
2.4.2	Perianal Depigmentation	124
2.5	Perianal Hematoma	128
2.6	Acne Tetrad	128
2.7	Pilonidal Sinus	133
2.8	Bacterial Diseases	135
2.8.1	Pyodermas	135
2.8.2	Perianal Streptococcal Dermatitis	135
2.8.3	Erythrasma	137
2.9	Tinea Inguinalis	138
2.10	Herpes Simplex	141
2.11	Herpes Zoster	147
2.12	Mollusca Contagiosa	151
2.13	Infections with Human Papilloma Virus	154
2.13.1	Verrucae Vulgares	155
2.13.2	Condylomata Acuminata	158
2.13.3	Bowenoid Papulosis	162
2.13.4	Bowen Disease	165
2.13.5	Verrucous Carcinoma	169
2.14	Epizoonoses	171
2.14.1	Scabies	172
2.14.2	Pediculosis Pubis	176
2.15	Lichen Planus	177
2.16	Lichen Sclerosus et Atrophicus	181
2.17	Acrodermatitis Enteropathica	184
2.18	Glucagonoma Syndrome	188
2.19	Acanthosis Nigricans	191
2.20	Darier Disease	194
2.21	Hailey-Hailey Disease	197

2.22	Porokeratosis of Mibelli	200
2.23	Inverse Psoriasis	202
2.24	Pemphigus Vegetans	207
2.25	Behçet Disease	210
2.26	Extramammary Paget Disease	214
2.27	Langerhans Cell Histiocytosis	218
2.28	Syringocystadenoma Papilliferum	220
3	Tumors and Tumor-like Lesions of the Colon, Rectum, Anus and Perianal Region	223
3.1	Epithelial Tumors	223
3.1.1	Colorectal Polyps	223
3.1.2	Carcinomas	236
3.1.2.1	Colorectal Carcinoma	236
3.1.2.2	Anal Carcinoma	246
3.1.3	Neuroendocrine Tumors (Carcinoid Tumors)	254
3.2	Malignant Melanoma	257
3.3	Mesenchymal Tumors and Tumor-like Lesions	265
3.3.1	Tumors of Fatty Tissue	266
3.3.2	Tumors of Muscle	272
3.3.3	Tumors of Blood Vessels	275
3.3.4	Tumors of Lymphatic Vessels	288
3.4	Lymphoma	288
3.4.1	Malignant Lymphoma	288
3.4.2	Pseudolymphoma	293
4	Endometriosis	295
5	Pneumatosis Coli	299
6	Malacoplakia	303
7	Melanosis Coli	307
8	Stenoses and Atresias	311
9	Injuries to the Colon, Rectum and Anal Sphincter	317
10	Descending Perineum Syndrome	325
11	Pectenosis	329
12	Coccydynia	331
13	Proctalgia Fugax	333
14	Inflammatory Diseases of the Colon, Rectum, Anus and Perianal Region	335
14.1	Crohn Disease	335
14.2	Ulcerative Colitis	351
14.3	Ischemic Colitis	363

14.4	Collagenous Colitis	368
14.5	Pseudomembranous Colitis	371
14.6	Irritable Bowel Syndrome	376
14.7	Colitis Cystica Profunda	380
14.8	Solitary Rectal Ulcer	383
14.9	Diverticulosis and Diverticulitis	386
14.10	Radiation Proctitis	394
15	Infectious Diseases	399
15.1	Traveler's Diarrhea	399
15.2	Shigellosis	402
15.3	Yersiniosis	404
15.4	Campylobacteriosis	409
15.5	Actinomycosis	412
15.6	Tuberculosis	418
15.7	Gonorrhea	424
15.8	Syphilis	428
15.9	Chancroid	437
15.10	Granuloma Inguinale	440
15.11	Lymphogranuloma Venereum	442
15.12	HIV Infection/AIDS	445
15.13	Candidiasis	454
16	Intestinal Parasites	459
16.1	Laboratory Diagnosis of Intestinal Parasites	460
16.1.1	Stool Examination for Ova	460
16.1.2	Stool Examination for Protozoa	462
16.1.3	Serological Methods	463
16.1.4	Blood Eosinophil Count	463
16.1.5	IgE Measurements	464
16.2	Worms (Helminthes)	464
16.2.1	Flatworms (Platyhelminthes)	464
16.2.1.1	Flukes (Trematoda)	464
16.2.1.2	Tapeworms (Cestoda)	471
16.2.2	Roundworms (Nematoda)	480
16.3	Protozoa	495
16.3.1	Amebiasis	496
16.3.2	Giardiasis	500
16.3.3	Leishmaniasis	502
16.3.4	Balantidiasis	504
16.3.5	Sarcocystosis	505
16.3.6	Isosporiasis	507
16.3.7	Cryptosporidiosis	507
16.3.8	Microsporidiosis	509
16.3.9	Cyclosporiasis	510
16.3.10	Blastocystosis	510
	Subject Index	513
