

Front matter

Foreword	V
Preface	VI
Acknowledgments	VII
Contributors	VIII

Section 1 Principles

1	Implant-associated biofilm	3
	Kohei Nishitani, Karen de Mesy Bentley, John L Daiss	
2	Host immunity	19
	John L Daiss, Edward M Schwarz	
3	Microbiology	29
	Virginia Post, R Geoff Richards, T Fintan Moriarty	
4	Prevention of intraoperative infection	45
	Erlangga Yusuf, Olivier Borens	
5	Systemic antibiotics	63
	Werner Zimmerli, Parham Sendi	
6	Local delivery of antibiotics and antiseptics	77
	Volker Alt	
7	Diagnostics	91
	Stéphane Corvec, María Eugenia Portillo, Josephina A Vossen, Andrej Trampuz, Peter J Haar	

Section 2 Special situations

8	Open fractures	123
	Charalampos G Zalavras	
9.1	Infection after fracture	139
	Martin A McNally	
9.2	Infected nonunion	167
	Johan Lammens, Peter E Ochsner, Martin A McNally	
10	Infection after joint arthroplasty	189
	Antonia F Chen, Carlo L Romanò, Lorenzo Drago, Javad Parvizi	
11.1	Septic arthritis	213
	Anna Conen, Olivier Borens	
11.2	Septic arthritis after anterior cruciate ligament surgery	227
	Parag Sancheti, AJ Electricwala, Ashok Shyam, Kailash Patil	
12	Spondylodiscitis	235
	Paul W Millhouse, Caleb Behrend, Alexander R Vaccaro	
13	Soft-tissue infections	245
	Sven Hungerer, Mario Morgenstern	
14	Open wounds	265
	Jorge Daniel Barla, Luciano Rossi, Yoav Rosenthal, Steven Velkes	

Section 3

Cases

15.1	Acutely infected tibial nail James F Kellam	283	19.2	Implant removal—infected nonunion of the tibia Jong-Keon Oh	369
15.2	Acutely infected lateral malleolar fracture A Samuel Flemister Jr	289	19.3	Implant removal—chronically infected total hip arthroplasty Olivier Borens	379
15.3	Acutely infected proximal humerus after soft-tissue repair Matthias A Zumstein	293	19.4	Implant removal—chronic infection after total knee arthroplasty Craig J Della Valle	383
15.4	Infected tibial delayed union with broken implants Christoph Sommer	297	19.5	Implant removal—infected total knee replacement Stephen L Kates, Christopher J Drinkwater	391
15.5	Acutely infected proximal femoral fracture—dynamic hip screw Stephen L Kates	309	19.6	Implant removal—infected total shoulder arthroplasty Arthur Grzesiak, Alain Farron	401
15.6	Acutely infected proximal femoral fracture—proximal femoral nail Michael J Zegg, Christian Kammerlander	313	19.7	Implant removal—acutely infected total ankle arthroplasty Lisca Drittenbass, Xavier Crevoisier, Mathieu Assal	409
16.1	Chronically infected distal tibial fracture Zhao Xie	319	19.8	Implant removal—chronically infected total elbow arthroplasty Anjan P Kaushik, John C Elfar	415
16.2	Chronically infected proximal tibial fracture Zhao Xie	325	20	Pediatric osteomyelitis Theddy Slongo	423
16.3	Chronically infected distal femoral fracture Chang-Wug Oh	331	20.1	Osteomyelitis of the distal tibia Theddy Slongo	429
16.4	Chronically infected hip hemiarthroplasty Tak-Wing Lau	337	20.2	Osteomyelitis of the proximal humerus Theddy Slongo	435
16.5	Chronically infected distal radial fracture Peter JL Jebson, David C Ring, George SM Dyer	345	20.3	Postoperative osteomyelitis of the tibia Theddy Slongo	443
17	Acute osteomyelitis of the femur Peter E Ochsner	351	20.4	Osteomyelitis/septic arthritis of the proximal femur in a toddler Theddy Slongo	453
18	Chronic osteomyelitis of the tibia Peter E Ochsner	357	21	Treatment of infection with limited resources Zhao Xie	463
19.1	Implant removal—infected nonunion of the distal humerus Jong-Keon Oh	361
