

Contents

Foreword	XIII
Mechanisms of Estrogen Receptor-Mediated Agonistic and Antagonistic Effects <i>S. O. Mueller, K. S. Korach</i>	1
In Vitro Methods for Characterizing Chemical Interactions with Steroid Hormone Receptors <i>K. W. Gaido, D. P. McDonnell, S. Safe</i>	27
Antiandrogenic Effects of Environmental Endocrine Disruptors <i>W.R. Kelce, E.M. Wilson</i>	39
Chemistry of Natural and Anthropogenic Endocrine Active Compounds <i>M. Metzler, E. Pfeiffer</i>	63
Exposure to Endogenous Estrogens During Lifetime <i>J. Dötsch, H. G. Dörr, L. Wildt</i>	81
Dietary Estrogens of Plant and Fungal Origin: Occurrence and Exposure <i>W.E. Ward, L. U. Thompson</i>	101
Alkylphenols and Bisphenol A as Environmental Estrogens <i>C. M. Markey, C. L. Michaelson, C. Sonnenschein, A. M. Soto</i>	129
Hydroxylated Polychlorinated Biphenyls (PCBs) and Organochlorine Pesticides as Potential Endocrine Disruptors <i>S. Safe</i>	155
The Endocrine Disrupting Potential of Phthalates <i>C. A. Harris, J. P. Sumpter</i>	169
Subject Index	203

Contents of Part II

Estrogen and Human Breast Cancer

Y. F. Hu, I. H. Russo, J. Russo

The Role of Sex Hormones in Prostate Cancer

M. C. Bosland

Beneficial and Adverse Effects of Dietary Estrogens on the Human Endocrine System: Clinical and Epidemiological Data

D. M. Tham

Mechanism-Based Carcinogenic Risk Assessment of Estrogens and Estrogen-Like Compounds

B. A. T. Willems, C. J. Portier, G. W. Lucier

Alterations in Male Reproductive Development: The Role of Endocrine Disrupting Chemicals

S. H. Swan, F. vom Saal

Effects of Perinatal Estrogen Exposure on Fertility and Cancer in Mice

R. R. Newbold

Genotoxic Potential of Natural and Synthetic Endocrine Active Compounds

M. Metzler

Emerging Issues Related to Endocrine Disrupting Chemicals and Environmental Androgens and Antiandrogens

L. E. Gray Jr., C. Lambright, L. Parks, R. W. Tyl, E. F. Orlando, L. J. Guillette Jr., C. J. Wolf, J. C. Seely, T.-Y. Chang, V. Wilson, A. Hotchkiss, J. S. Ostby

Developmental and Reproductive Abnormalities Associated with Endocrine Disruptors in Wildlife

E. F. Orlando, L. J. Guillette Jr.

Endocrine Disruption in the Aquatic Environment

J. P. Sumpter
