

CONTENTS

1. Early Immunological Events in the Lung Allograft	1
<i>Dao M. Nguyen, Hani Shennib</i>	
Introduction	1
Ischemia and Reperfusion Injury of the Lung	2
Acute Rejection of the Lung Allograft	7
Infection of the Lung Allograft	19
2. Pathological Classification of Acute and Chronic Rejection of the Lung	29
<i>Samuel A. Yousem, N. Paul Otori</i>	
Introduction	29
Lung Rejection—Overview	29
Acute Cellular Rejection (ACR)	30
Chronic Rejection: Bronchiolitis Obliterans and Graft Atherosclerosis	39
Controversies in the Diagnoses of Lung Rejection	40
Summary and Conclusion	42
3. The Role of Bronchoscopy in Lung Transplantation	45
<i>J.P. Scott</i>	
Introduction	45
Bronchoscopic Appearances in Lung and Heart-Lung Transplants	46
Transbronchial Biopsies	49
Summary	53
4. Infectious Complications in Lung Allograft Recipients	55
<i>Paul Corris</i>	
Introduction	55
Reasons For the Increased Susceptibility to Infection in Lung Allograft Recipients	56
Diagnosis of Pulmonary Infections	62
Summary	67

5. Immunologic Alterations in Chronic Lung Rejection	73
<i>Adriana Zeevi, James H. Dauber, Samuel A. Yousem, Robert J. Keenan,</i>	
<i>Irvin Paradis, Bartley P. Griffith, René J. Duquesnoy</i>	
Introduction	73
Definition and Diagnosis of Obliterative Bronchiolitis	73
Alloreactivity of Lung Allograft Infiltrating Lymphocytes.....	75
Lymphocyte Function During Acute Rejection	75
Lymphocyte Function During Chronic Rejection	76
Relationship Between Acute and Chronic Rejection.....	78
TH1 and TH2 Subsets of CD4+ Helper Cells	80
The Role of HLA-Antibodies in Chronic Rejection	83
CMV Infection and Lung Allograft Rejection	84
CMV-Specific Immune Response in Lung Allograft	85
Factors Affecting Host Response to CMV	88
Interactions Between CMV and Host and the Relationship	
to Allograft Rejection	89
Persistence of Donor-Derived Cells and Chronic Allograft Rejection ...	89
Summary	91
6. The Local Immune System in the Transplanted Lung	99
<i>Jochum Prop, Albertine L. Westra, Jobst B. Winter</i>	
Introduction	99
BALT in the Normal Lung	99
BALT After Lung Transplantation	103
BALT in Human Lung Transplantation	117
Conclusion	118
7. Chronic Irreversible Graft Dysfunction (CIGD)	
and Animal Models of Obliterative Bronchiolitis	121
<i>Hani Shennib</i>	
Introduction	121
Possible Etiologies of Obliterative Bronchiolitis	122
Experimental Animal Models of Obliterative Bronchiolitis	126
Nonallogeneic Animal Models of Obliterative Bronchiolitis	127
Index	135
