Preface	v
Introduction: Pelvic Floor Re-education – What does it mean?	
<i>B. Schüssler</i>	1
1 Anatomy and function of the pelvic floor muscle	7
1.1 Functional anatomy of the pelvic floor and urinary continence mechanism <i>J. DeLancey</i>	9
1.2 Innervation <i>K. Jünemann and J. Thüroff</i>	22
1.3 Histomorphology of pelvic floor muscle <i>J. Dixon and J. Gosling</i>	28
1.4 Summary and paramount: anatomy and physiology of the pelvic floor <i>P. Norton</i>	34
2 Evaluation of the pelvic floor	37
2.1 Aims of pelvic floor evaluation <i>B. Schüssler</i>	39
2.2 Clinical evaluation of the pelvic floor <i>J. Laycock</i>	42
2.3 Q-tip testing <i>B. Schüssler and U. Hesse</i>	49
2.4 The role of urodynamics in pelvic floor re-education <i>P. Hilton</i>	51
2.5 Ultrasound <i>H. Kölbl</i>	64
2.6 Radiological evaluation of the pelvic floor and viscera <i>B. Schüssler</i>	75
2.7 Magnetic resonance imaging (MRI) of the pelvic floor <i>G. Debus-Thiede</i>	78
2.8 Electrophysiology <i>D. Vodusek</i>	83
2.9 Pelvic floor biopsy <i>T. Sayer and T. Smith</i>	98
3 Childbirth and pelvic floor damage	103
3.1 The pelvic floor before and after delivery <i>B. Schüssler, C. Anthuber and D. Warrell</i>	105
3.2 Delivery and urethral sphincter incompetence <i>J. van Geelen</i>	111

4 Pelvic floor re-education	119
4.1 Aims of pelvic floor re-education	
4.1.1 Prophylaxis of pelvic floor insufficiency	
<i>P. Norton</i>	121
4.1.2 Treatment of stress urinary incontinence	
<i>P. Norton</i>	123
4.1.3 Treatment of sexual dysfunction	
<i>A. Pigné and G. Oudin</i>	126
4.1.4 Treatment of anal sphincter incompetence	
<i>M. Henry</i>	129
4.2 Selection of patients	
<i>S. Stanton</i>	132
4.3 Techniques	
4.3.1 Isolated muscle exercises	
<i>K. Bø</i>	134
4.3.2 Vaginal cones	
<i>S. Plevnik</i>	139
4.3.3 Electrical stimulation	
<i>J. Laycock, S. Plevnik and E. Senn</i>	143
4.3.4 Biofeedback control	
<i>J. Laycock</i>	153
4.4 Clinical results	
4.4.1 Isolated muscle exercise	
<i>K. Bø</i>	157
4.4.2 Vaginal cones	
<i>S. Stanton</i>	160
4.4.3 Neuromuscular electrical stimulation	
<i>C. Anthuber and A. Pigné</i>	163
4.4.4 Interferential therapy	
<i>J. Laycock</i>	168
4.4.5 Concept of an individualised combined pelvic floor re-education programme	
<i>B. Schüssler and S. Prince</i>	169
4.4.6 Long-term results	
<i>A. Shepherd</i>	176
4.4.7 Postpartum treatment	
<i>P. Norton</i>	179
Appendix	183
Index	185
