Anatomy

1 Anatomy	
P. RABISCHONG and A. PISSAS	3
2 Radiological Anatomy	
P. MANNELLA and R. GALEOTTI	13
3 Surgical Anatomy of the Biliary Ducts	
Y. NIMURA	21

Diagnostic Imaging

4 Oral Cholecystography	
M. BAZZOCCHI, E. QUAIA, C. ZUIANI, and A. RIGAMONTI	33
5 Ultrasonography of the Gallbladder	
M. BAZZOCCHI, C. ZUIANI, A. RIGAMONTI, and E. QUAIA	39
6 CT of the Gallbladder	
L. VAN HOE, D. VANBECKEVOORT, and A.L. BAERT	53
7 MRI of the Gallbladder	
P.M. BRET and C. REINHOLD	59
8 Ultrasonography of the Bile Ducts	
R. DI NARDO, L. BROGLIA, M. BEZZI, and A. TORTORA	71
9 CT of the Biliary Tree	
G.M. RICHTER and L. GRENACHER	87
10 MRI of the Bile Ducts	
C. REINHOLD and P.M. BRET	101
11 Endoluminal Ultrasonography of the Biliary Tree	
H.-J. BRAMBS	121
12 Laparoscopic Ultrasonography in Benign and Malignant Biliary Diseases	
M. BEZZI, O.J.M. VAN DELDEN, R. MERLINO, and J.W.A.J. REEDERS	129
13 Nuclear Medicine in Acute and Chronic Disorders of the Hepatobiliary Tree	
D. FINK-BENNETT and H. BALON	141

14 Diagnostic Imaging of the Gallbladder and Hepatobiliary System in Children D.C.B. REDD and K.E. FELLOWS	159
---	-----

Interventional Radiology

Benign Diseases

15 Percutaneous Cholecystostomy for Treatment of Benign Gallbladder Disease R.L. VOGELZANG	177
16 Benign Biliary Diseases: Surgical Approach V. SPERANZA and D. LOMANTO	189
17 A Percutaneous Treatment of Benign Biliary Stenoses and Injuries M. ROSSI, M. BEZZI, F. MACCIONI, F.M. ARATA, G. BONOMO, and P. ROSSI	203
B Use of Metallic Stents in Benign Biliary Strictures: Mid- and Long-Term Results F. MACCIONI, M. BEZZI, M. ROSSI, H.-J. BRAMBS, A. RIEBER, and P. ROSSI ...	213
C Percutaneous Biliary Endoscopy: Technique and Clinical Applications P. ROSSI, M. BEZZI, F.M. SALVATORI, and F. FIOCCA	223
18 Role of Endoscopy in the Treatment of Benign Biliary Disease G. COSTAMAGNA	233
19 Benign Biliary Disease: Management of Bile Duct Stones G. GANDINI, M.C. CASSINIS, P. FONIO, J. MAASS, M. NATRELLA, and D. RIGHI	245
20 Role of Interventional Radiology in Laparoscopic Injuries of the Bile Duct A.L. ZERBEY, S.L. DAWSON, and P.R. MUELLER	261
21 Biliary Complications After Orthotopic Liver Transplantation: Imaging and Intervention J.M. LLERENA and W.R. CASTAÑEDA-ZUÑIGA	271
22 Recurrent Pyogenic Cholangitis: Pathology, Imaging and Management by Interventional Radiology M.C. HAN, J.K. HAN, B.I. CHOI, and J.H. PARK	279

Malignant Diseases

23 Primary Cholangiocarcinoma of the Porta Hepatis: The Surgeon's Point of View N.J. LYGIDAKIS	301
24 Critical Evaluation of the Different Imaging Modalities for Preoperative Staging of Bile Duct Carcinoma J.W.A.J. REEDERS, O.J.M. VAN DELDEN, N.J. SMITS, and E.A.J. RAUWS	311

25 Percutaneous Management of Malignant Biliary Tract Obstruction A.F. WATKINSON and A. ADAM	343
26 Percutaneous Hepatogastric Biliary Drainage L. TIPALDI	365
27 Management of Malignant Biliary Strictures M. CREMER, J. DEVIERE, and J.-L. VAN LAETHEM	371
28 Comparison of Various Types of Metallic Biliary Stents J. LAMMER	381
29 Metallic Stents in Malignant Biliary Obstruction: Autopsy Findings on Causes of Obstruction C. ZOLLIKOFER	387
30 Endoluminal Radiation Therapy and Infusion Chemotherapy for Malignant Biliary Strictures H. YOSHIMURA, H. SAKAGUCHI, and H. UCHIDA	397
31 Controversies in Biliary Intervention H. COONS	411
Subject Index	419
