

TABLE DES MATIERES
TABLE OF CONTENTS

INTRODUCTION	1
PROGRAMMATION STRUCTUREE STRUCTURED PROGRAMMING	
On a measure of program structure - R.N. Chanon	9
Higher order software techniques applied to a space shuttle prototype program - M. Hamilton, S. Zeldin	17
A proposed system for structured programming - T.E. Cheatham, Jr. Townley, J.A. Townley	33
JUSTIFICATION DES PROGRAMMES PROGRAM CORRECTNESS	
S.V.P., Un système interactif pour la validation et la préparation de programmes - B. Amy, F. Ouabdesselam	41
Proving program correctness in L.C.F. - L. Aiello, M. Aiello	59
Finite state testing of structured programs - P. Henderson, P. Quarendon	72
PREUVES FORMELLES DE PROGRAMMES PROVING PROPERTIES OF PROGRAMS	
Structured recursive programming - R.E. Noonan, D.J. Panton	81
Top-down approach to the synthesis of programs - G. Degli Antoni, P.A. Miglioli, M. Ornaghi	88
A more mechanical approach to program verification - I. Greif, R.J. Waldinger	109
APPLICATIONS DES LANGAGES DE PROGRAMMATION SPECIFIC APPLICATIONS OF PROGRAMMING LANGUAGES	
Tree structures handling by APS - G. Aguzzi, F. Cesarini, R. Pinzani, G. Soda, R. Sprugnoli	120
Towards a high-level job control language - A.F. Gurski	130
Formal definition of a simple on-line teleprocessor in VDL - G.G. Hay	141

STRUCTURES DE CONTROLE
CONTROL STRUCTURES

The suitability of a very high level language (SETL) for simulation structuring and control - W.R. Franta, K. Maly	156
A control statement for natural top-down structured programming - Ch.T. Zahn	170
On the transfer of control between contexts - B.W. Lampson, J.G. Mitchell, E.H. Satterthwaite	181

SCHEMAS DE PROGRAMMES
SCHEMATOLOGY

Equivalences dans l'algèbre des schémas de programmes - I. Guessarian	204
Inductive assertion patterns for recursive procedures - M.M. Fokkinga	221
Complétude d'un système formel pour prouver l'équivalence de certains schémas récursifs monadiques - B. Courcelle, J. Vuillemin	234

THEORIE DE LA PROGRAMMATION
THEORY OF PROGRAMMING

Non-existence of program optimizers in an abstract setting - D.A. Alton, J.L. Lowther	253
Listing of information structures defined by fixed-point operators - C. Böhm, M. Dezani-Ciancaglini, S. Ronchi Della Rocca	266

CONCEPTION DE SYSTEME
SYSTEM DESIGN

Application de la structuration de système à la conception interne du système GEMAU - Ph. Darondeau, S. Guiboud-Ribaud, C. Otrage	280
Un système de communications: logiciel ou matériel? - M. Cheminaud, A. Scrizzi	298
Structure du système SAR - A. Kerangueven, F. Kerangueven	314

CALCUL PARALLELE
PARALLEL PROCESSING

Transformation de programmes séquentiels en programmes parallèles - G. Roucairol	327
--	-----

A model for structured parallel processing in block-structured programming languages - C. Montangero, G. Pacini, F. Turini	350
First version of a data flow procedure language - J.B. Dennis	362

SEMANTIQUE FORMELLE FORMAL SEMANTICS

Towards more flexible type systems - J.H. Morris	377
Behavioral semantics of nonrecursive control structures - C. Hewitt, P. Bishop, R. Steiger, I. Greif, B. Smith, T. Matson, R. Hale	385
Towards a theory of type structure - J.C. Reynolds	408
