Preface	XI
Acknowledgements	XII

Chapter 1: Introduction

Background	1
Aims and Scope	3
Malay Peninsula	4
Study Areas	7
1. Ulu Sempam	8
2. Kuala Lompat	14
3. Ulu Gombak	15
Study Methods	16
1. Habituation	20
2. Data Collection	22
A Siamang Day	23
Weather and Seasonality in Central Malaysia (1969 – 1970)	24

Chapter 2: Ranging Behaviour and Territory

Introduction	27
Measures of Movement	28
Methods	28
Results	29
1. Temporal Variation in Movement	31
2. Effect of Weather on Movement	34
Ranging Patterns	36

Contents	VI
Sectional Analysis	40
Quadrat Analysis	41
Extent and Rate of Ranging	45
Night Sleeping Trees	49
Maintenance of Territory	52
Territory Size	56
Discussion	57
Summary	61

Chapter 3: Diet and Feeding Behaviour

Introduction	63
Vegetation Analysis	64
Diet	69
Food Categories	70
1. Food Trees	70
2. Feeding Visits	76
3. Feeding Time	78
4. Feeding Visit Duration	83
Food Tree Identity	86
1. Kuala Lompat	86
2. Ulu Sempam	91
Principal Food Trees	92
1. Kuala Lompat	99
2. Ulu Sempam	105
Feeding Behaviour	107
Dispersion of Food Trees	107
1. Kuala Lompat	107
2. Ulu Sempam	110
Drinking Behaviour	113
Feeding Habits and Posture	114
Feeding Rates	116
Movements within Food Tree	118
Discussion	119
Summary	126

Chapter 4: Daily Activity Patterns

Introduction	128
Daily Activity Time and Day Length	129
Differential Use of Forest Levels	133
Activity Bouts	137
Behavioural Synchrony in Group Activities	137

Daily Pattern of Activity Bouts	140
Periodicity of Maintenance Activities	140
Drinking Behaviour	146
Activity Time	148
Kuala Lompat (TS1)	148
1. Group Behaviour	148
2. Individual Behaviour	151
Ulu Sempam (RS2)	155
Weather and Daily Activity Patterns	157
Behaviour and Weather	158
Discussion	163
Summary	169

Chapter 5: Social Organisation

Introduction	172
Spatial Relations	172
Group Cohesion	173
Group Spread	178
Inter-Individual Distance	181
Spacing of RS2 in Ulu Sempam	183
Spacing and Weather	184
Interim Discussion	186
Group Progressions	188
Start and Finish of Daily Activities	188
Travel Order	189
Travel Sequence	192
Infant Behaviour	193
Grooming Behaviour	197
Group Behaviour	199
Individual Behaviour	205
1. Initiation of Pair Association and Grooming	205
2. Duration and Frequency of Grooming Bouts and Sequences	207
3. Daily Patterns for Each Pairing	209
4. Grooming Relations between Each Individual	211
Play and Maturation	214
Sexual Behaviour	219
Aggression and Group Formation	222
Discussion	227
Summary	232

Chapter 6: Calling Behaviour

Introduction	235
Pattern of Group Calls	237
Siamang	237
1. Male Calls	238
2. Female Calls	238
3. Inter-Group Conflicts	241
4. Alarm	241
White-Handed Gibbon	242
Group Calling Behaviour	245
Ulu Gombak (G)	247
Kuala Lompat (T)	249
1. Siamang	249
2. Gibbon	250
Ulu Sempam (R)	252
1. Siamang	252
2. Gibbon	255
Calling in Local Populations	256
Time of First Calls	256
Daily Number of Call Hours	258
Daily Number of Group Calls	259
Duration of Call Bouts	262
Calling and Weather	263
Discussion	264
Summary	267

Chapter 7: Distribution and Density

Introduction	269
Distribution	269
Siamang	269
Gibbons	271
1. White-Handed (<i>lar</i>)	271
2. Black-Handed (<i>agilis</i>)	272
Altitudinal Zonation	272
Group Size	274
Population Density	274
Methods	275
Results	275
1. Siamang	282
2. Gibbons	283
Discussion	284
Summary	287

Chapter 8: Concluding Discussion

Comparative Socio-Ecology	289
Malayan Forest Primates	291
The Siamang in Tropical Rain Forest	293
Siamang and the Great Apes	294
Summary	296
Postscript	299
References	301

Appendices

A. Patterns of Fieldwork and Primate Observation	306
B. Tree Species in Study Areas	309
C. Patterns of Territory Use by TS1	313
D. Daily Patterns of Weather and Behaviour	318
E. Distribution and Density of Hylobatid Groups in Survey Localities in West Malaysia	325
F. Notes on Colour Phases and Female 'Great Calls' in Gibbons	330
