<b>1 Introduction</b>	1	Injection to the Stellate Ganglion (According to Leriche and Fontaine, as Modified by P Dosch)	50
<b>Preparations, Material, and Dosages</b>	1	Injection to the Stellate Ganglion (According to Reischauer)	52
Skin Disinfection	1	Injection under the Scalp	56
Procaine (Novocaine), "King of Medicines"	2	Injection to the Mastoid Process	58
Neural-Therapeutic Preparations Containing Procaine	6	Injection to the Glossopharyngeal Nerve	60
Neural-Therapeutic Preparations Containing Procaine, with Depot Effect	6	Injection to the Infraorbital Nerve	62
Neural-Therapeutic Preparations without Procaine	6	Injection to the Superior Laryngeal Nerve	64
Local Anesthetics with Amide Structure	6	Injection to the Mental Nerve	66
Dosage	7	Injection to the Occipital Nerve	68
Maximum Doses without Vasoconstrictors	9	Injection to the Phrenic Nerve C3–C5	70
Needle Size Equivalents	9	Injection to the Lateral Supraorbital Nerve	72
<b>2 Segmental Therapy</b>	11	Injection to the Deep Cervical Plexus C2–C4	74
The Segments of the Body (Head's Zones)	12	Injection to the Superficial Cervical Plexus	76
Internal Organs and Their Related Pain and Reactive Segments	14	Injection into the Thyroid	78
Summary of the Principal Injection Points in the Segmental Treatment of the Disorders	17	Injection to the Palatine Tonsil	80
Segmental Therapy in Cardiac Disorders	18	Injection into the Adenoids (Pharyngeal Tonsil) and the Pharyngeal Hypophysis	82
Segmental Therapy in Disorders of the Lungs	20	Test Injections to the Teeth	84
Segmental Therapy in Disorders of the Liver and Gallbladder	22	<b>5 Chest, Back, Abdomen, Pelvis</b>	86
Segmental Therapy in Gastric Disorders	24	Injection to the Intercostal Nerves	86
Summary of the Principal Injection Points on the Head (Anterior Aspect)	26	Epidural Anesthesia	88
Summary of the Principal Injection Points on the Head (Lateral Aspect)	28	Injection into the Posterior Sacral Foramina	92
Frequently Used Injection Points on the Back of the Head, on Neck and Shoulders	30	Injection to the Celiac Plexus (According to Vishnevski)	96
<b>3 The Lightning Reaction and the Search for an Interference Field</b>	33	Injection to the Lumbar Sympathetic Chain	100
Technique	34	Injection into the Region of the Root of the Sciatic Nerve L3–L5	104
List of Injections	34	Injection to and into the Sacral Plexus	108
<b>4 Head, Neck</b>	36	Presacral Infiltration According to Pendl	112
Injection to and into the Temporal Artery	36	Injection into the Sacroiliac Joint	114
Injection to the Upper Cervical Ganglion and the Retrostyloid Region	38	Injection to Frankenhäuser's Ganglia (Uterovaginal Plexus)	116
Injection to the Ciliary Ganglion	40	Injection into the Pelvic Region	118
Injection to the Mandibular Nerve Near the Gasserian Ganglion	42	Injection into the Epigastrium	120
Injection to the Sphenopalatine Ganglion and the Maxillary Nerve	44	Injection to Vogler's Points	122
Injection to the Stellate Ganglion	46	Injection to the Xiphoid	124
Injection to the Stellate Ganglion (According to Herget)	48	Injection to the Pudendal Nerve	126
		Injection into the Prostate	130
		Injection into the Prostate (Suprapubic Injection According to Hopfer)	132
		<b>6 Extremities: Arms, Legs</b>	134
		Injection to and into the Brachial Artery	134
		Injection to the Subclavian Artery	136
		Injection into the Elbow Joint	138
		Injection into the Wrist Joint	140
		Injection into the Shoulder Joint	142

Injection to the Median Nerve .....	144	<b>8 Interference Fields in the Teeth and Jaws .....</b>	<b>198</b>
Injection to the Radial Nerve .....	146	Apical Periodontitis .....	199
Injection to the Ulnar Nerve .....	150	Apical Broadening of the Periodontal Space .....	200
Ring-block Anesthesia of Fingers and Toes .....	152	Chronic Apical Periodontitis .....	201
Injection to the Brachial Plexus C5-T1 .....	154	Deep Inflammatory Periodontal Disease .....	203
Injection to and into the Femoral Artery .....	158	Local Deep Inflammatory Periodontal Disease .....	204
Injection to and into the Posterior Tibial Artery .....	160	Radicular Cyst .....	205
Injections into the Hip Joint .....	162	Radicular Cysts Adjacent to a Retrograde Amalgam Filling after Resection .....	206
Injection into the Knee Joint .....	166	Hypercementosis .....	207
Injection into the Ankle Joint .....	168	Residual Ostitis Following Hemisection .....	208
Injection into the Joint of Fingers and Toes .....	170	Residual Ostitis Following Extraction and Superficial Wound Healing .....	209
Injection to the Lateral Cutaneous Femoral Nerve ....	172	Impacted and Displaced Wisdom Tooth .....	210
Injection to and into the Femoral Nerve .....	174	Impacted and Displaced Tooth 11 .....	211
Injection to the Fibular Nerve .....	176	Root Fragment in the Region of the First Molar in the Left Lower Jaw .....	212
Injection to the Obturator Nerve .....	178	Root Fragment of the First Molar in the Left Maxillary Sinus .....	213
Injection to the Tibial Nerve .....	180	<b>Further Reading .....</b>	<b>214</b>
Injection to the Trochanter Major .....	182	<b>Index .....</b>	<b>215</b>
<b>7 Quaddle Therapy .....</b>	<b>184</b>		
Intramuscular Infiltration .....	185		
Quaddles in the Region of the Knee Joint .....	186		
Quaddles in the Sacroiliac Region .....	188		
Quaddles in the Parasternal Region .....	190		
Quaddles to the Pelvic Region .....	192		
Intravenous Injection .....	194		
Injections into Scars .....	196
