

Inhaltsverzeichnis-Contents

Sitzungsleiter - Session Chairmen XIX

Referenten - Contributors XXIII

Teil I/Part I

7. Internationaler Kongress/7th International Congress

Laser '85 Optoelektronik

In Memoriam Prof. Dr. Endre Mester 2

L. Goldman

The Great Future of Laser Medicine and Surgery After 1985 3

LASER - CHIRURGIE

Laser Surgery

F. Martin, A.A. Behbehani

Indikationen für den CO₂-Laser bei Larynx- und Trachealstenosen . 11

P.L. Fischer, G. Pramesberger, A. Benke, J. Glaninger

Erfahrungen mit einem unbrennbaren Tubus bei endolaryngealen
Lasereingriffen 15

H.D. Nöske, C.F. Rothauge, J. Kraushaar, G. Oberdorf

Die Therapie der männlichen Harnröhrenstriktur mit dem
Argonlaser 19

H. Bülow

Zur Problematik der Harnröhrenstrikturbehandlung mittels Laser.. 22

A. Tuchmann, H. Plenck jr., P. Bauer, O. Braun, P.L. Fischer,

K. Dinstl

Einfluß der Tumorgröße auf die Behandlungsergebnisse
experimenteller Tumore mit dem CO₂-Laser 26

K. Dinstl, H.J. Härb, P.L. Fischer

Die Anwendung des Neodym-YAG-Lasers in der palliativen
Behandlung des Rektumkarzinoms sowie in der Behandlung des
villösen Rektumpolypens 32

VIII

Z. Náprstek

Direct Surgical Procedures on Cardiac Tissue by Different Lasers Compared with Cryodestructive Treatment	35
--	----

H.R. Eggert, V. Blazek

Optical Parameters of Brain Tissue and Tumors of the Brain in the Spectral Range 200 - 900 nm	36
--	----

LASER - GYNÄKOLOGIE

Laser Gynaecology

L. Kovács, P. Unk, A. Bartsch

Behandlung der Dysplasien von Portio vaginalis mit dem CO ₂ -Laser	43
--	----

U. Herrmann, J. Liebetruhl

Laser(mikro)chirurgische Tubenrekonstruktion bei tubarer Sterilität mit dem CO ₂ -Laserstrahl (Videofilm)	48
---	----

W. Albrich, A. Götz, G. Stein, G. Schubert-Fritschle,

W. Waidelich

Erfahrungen mit der CO ₂ -Laser-Bestrahlung bei der Therapie des Vulvakarzinoms	50
---	----

PHOTODYNAMISCHE THERAPIE

Photodynamic Therapy

L. Goldman, R.O. Gregory, M. LaPlant, A. Taylor, T. Putnam

New Developments in PDT	57
-------------------------------	----

H.D. Nöske, C.F. Rothauge, J. Kraushaar

Die Laser-Photoradiotherapie beim menschlichen Harnblasenkarzinom	60
--	----

G.F. Lombard, M.M. Lanotte, S. Tealdi, P. Martinetto,

I. Pancani

Hematoporphyrin and Laser for the Treatment of CNS Infections	62
--	----

H. Inaba, M. Shimamoto, S. Mashiko, S. Sato, T. Kuwahara,

Y. Taguchi, M. Kasai

Two-Photon Excited Fluorescence and Photochemical Effect of Hematoporphyrin on Cancer Cell Using a Nd:YAG Laser.....	66
---	----

H. Schneckenburger, J. Feyh, A. Götz, D. Jocham, E. Unsöld Time-Resolved Fluorescence of Hematoporphyrin Derivative in Tumor Cells and Animal Tissues	70
---	----

✶ LASER - DERMATOLOGIE

Laser Dermatology

M. Landthaler, D. Haina, R. Brunner, W. Waidelich, O. Braun-Falco Argon Laser Therapy of Port Wine Stains - Statistical Analysis	77
W. Seipp, D. Haina, V. Seipp, W. Waidelich Acht Jahre Lasertherapie - Statistische Ergebnisse	83
D. Haina, M. Landthaler, W. Seipp, O. Braun-Falco, W. Waidelich Kühlung der Haut bei der Laserbehandlung von Gefäßmälnern	86
G. Ginsbach Combined Surgical and Laser Treatment of Nevi in Children	95

LASER - BIOSTIMULATION

Laser Biostimulation

A.F. Mester, A. Mester Mester's Method of Laser Biostimulation	103
S. Chlebarov Dermatologische Indikationen für die Laser-Reiztherapie	110
I. Michels, H. Michels Erfahrungen mit dem He-Ne-Laser bei Herpes-Erkrankungen	116
R. Brunner, D. Haina, M. Landthaler, W. Waidelich, O. Braun-Falco Klinische Anwendung des Lasers bei Ulcus cruris	120
W. Ludtmann Möglichkeiten der erfolgreichen Behandlung von Schmerzen und Bewegungseinschränkungen bei Arthrosen und rheumatischen Arthritiden mit Infrarot- und He-Ne-Lasern	125

M. Taghawinejad, R. Fricke Erste Erfahrungen mit Lasertherapie in der Behandlung von kleinen Gelenken bei chronischer Polyarthritits	126
A. Mack, E. Mack Application of the Laser Radiation for Tropical Diseases	130
A. Benedicenti Laser Treatment of Periodontopathies	136
H. Pratzel Biochemische Lichte effekte durch Laser	140
M.B. Kövy, S. Tisza, A. Eory Veränderungen der Parameter auf der Hautoberfläche infolge der Einwirkung von Softlasern	144
F. Dalmases, C. Omera, M. Trelles Scheme of Laser Therapy Units and Their Technical Protocols in Dosimetry	149
H. Porteder, P. Schenk, K. Zetner Tierexperimentelle elektronenmikroskopische Studie über die Wirkung des Helium-Neon-Lasers	161
E. Mayayo, M.A. Trelles, L. Punsola, J. Guarro Low Power Laser Radiation does not Alter the Trychophyton/Mentagrophytes (FMR 771) in Vitro	165
A. Benedicenti Measurement of ATP Concentration Increases in Lymphocytes Biostimulated with the 904 nm IR Laser (Experimental Procedure)	173
L. Miro, P. Mases, M. Bruel Ruby Laser Effects on the Blood Flow in Micro Vessels	180
M. Dzinić, O. Nanusević Effects of Laser Radiation on Bacteria	184
M.A. Trelles, E. Mayayo Low Intensity Laser Irradiation Promotes More Rapid Repair of Bone Fractures, Experimental Demonstration	188
J. Hubáček, J. Pospíailová, Z. Hložek Effect of He-Ne-Laser on Healing of Wounds	199

LASER - PHOTOBIOLOGIE

Laser Photobiology

A. Anders, M. Knälmann, P. Pierchalla, E.-G. Niemann,
H. Tronnier
Dye-Laser and He-Ne/IR Laser Application in
Photodermatological Research and Therapy207

H. Kaase, J. Metzdorf
Messung bewerteter Strahlungsgrößen im UV zur Analyse
aktinischer Effekte213

W.-D. Wagner, W. Waidelich
Resonanz Raman Spektroskopie an Algenpigmenten in vivo217

F. Drissler
Experimental Results of Raman Studies with
Active E.Coli Cells221

LASER - SICHERHEIT

Laser Safety

V.H. Havlovic
Criteria for Safety Measures During Operation of an
High-Power Laser-Satellite Tracking Station231

P.L. Fischer, H. Brusl
Anmerkungen zu einem in Österreich herausgegebenen
Merkblatt (AUVA) über die Sicherheit bei der medizinischen
Anwendung des Lasers235

OPTOELEKTRONISCHE MESSVERFAHREN UND LASER
FÜR MEDIZINISCHE ANWENDUNGENOptoelectronic Measurement Techniques and
Laser for Medical Applications

M. Brenci, G. Conforti, R. Falciai, A.M. Scheggi,
A.G. Mignani
Optical Fiber Temperature Sensing in Medicine241

T. Mühl, V. Blazek, U. Reuke
Faseroptisches Meßsystem zur Erfassung dermalen
Blutdruckschwankungen247

T.L. Jing, L.X. Bo Method of Correlation Measurement for Blood Flow Velocity in Microcirculation	251
B. Ruth, D. Haina, W. Waidelich Ein Laser-Verfahren für Durchblutungsmessungen an Beinulcera	253
S. Tisza, M.B. Kövy, E. Márton, S. Sziklay Qualitätskontrolle von pharmazeutischen Grundmaterialien und Arzneimitteln mit dem Laser-Nephelometer	257
B. Vedlin, S. Trost, M. Kazic, J. Zakelj Multiple Pulse Q-switched Nd:YAG Laser	262
L. Zhengjia, L. Xinju, W. Zhaide Application of Nd:YAG Laser in Medical Science Area	267

Teil II/Part II

2nd International Nd:YAG Laser Conference

Special Preface	271
Maiman Lecture G. Nath, P. Kiefhaber Transmission Systems for Laser Radiation and Incoherent Light Sources in Medicine	275

NEW DEVELOPMENTS

E. Reichel, H. Schmidt-Kloiber, G. Dohr, A. Eherer, H. Schöffmann, T. Kenner Interaction of Intensive ns-Laserpulses with Biological Matter	285
F. Frank, O.J. Beck, K. Häussinger, E. Keiditsch, M. Landthaler, H.-J. Meyer, E. Unsöld Comparative Investigation of Tissue Reaction with 1.06 μm and 1.32 μm Nd:YAG Laser Radiation	290

L.O. Svaasand
Thermal Distribution from Inserted Optical Fibers294

N. Daikuzono, S.N. Joffe
Introduction of a Newly Developed Contact Ceramic Probe
Connected to a Laser Optical Quartz Fiber for Wide
Applications in Medicine and Surgery302

C.J. Mackety
Nd-YAG Lasers in a Health Care Facility - Implementation,
Training and Nursing Responsibilities307

GASTROENTEROLOGY

H. Schönekäs, I. Wild, F. Trump
Bleeding Ulcers, Results with Nd-YAG Laser Coagulation317

Y. Oguro, H. Tajiri
Present Status of Laser Medicine and Laser Endoscopic
Treatment of Gastrointestinal Cancers in Japan323

F. Futatsuki, T. Nakagawa, T. Fujiki, Y. Kanda, S. Akazawa,
S. Abe
Treatment of Upper Digestive Cancer with Nd-YAG Laser and
Endoscopy: With Focus on the Improvement of Cardiac
Stricture329

N. Marcon, G. Haber, P. Kortan
Neodymium YAG Laser for the Treatment of Anal Condylomata333

Y. Oguro, H. Tajiri
YAG Laser Treatment for Stenosis due to Advanced Cancer of
Esophagus and Stomach-Non-Contact and Contact Irradiation338

R. Sander, H. Poesl
Nd:YAG Laser Therapy of Colorectal Tumors - Indications
and Limits344

H.J. Eddy, E.C. Eddy
Total Hemorrhoidectomy with the Neodymium:YAG Laser
- 300 Cases348

T.N. Mills, C.P. Swain
A Coaptive Laser Fibre Endcap to Enhance Photocoagulation
of Large Diameter Vessels351

XIV

D. Tsujimura, H. Kagen, H. Matsui, K. Hajiro, T. Yamamoto, N. Daikuzono Contact Methods of Endoscopic Laser Treatment	352
H. Tsunekawa, K. Morise, A. Iizuka, K. Kanayama, A. Furusawa, N. Kanemaki, M. Hotta, N. Daikuzono Studies on the Application of the Newly Developed Laser Microprobes for the Nd-YAG Laser Endoscopy	360
S.N. Joffe, M.Y. Sankar, D.S. Kincaid, J. Osborn, N. Daikuzono Preliminary Report Using the Contact Endoprobes and the Laser Scalpel with the Neodymium:YAG Laser in Gastrointestinal Surgery	367
H.-J. Meyer, K. Haverkamp, F. Frank, H. Ostertag Nd-YAG Lasers in Abdominal Surgery	372
S.N. Joffe, K.A. Brackett, M.Y. Sankar, N. Daikuzono Liver Resection with the Nd:YAG Laser: A Comparison of a New Contact Probe, the Laser Scalpel, with the Conventional Non-Contact Method	376
H. Meier, K.-H. Dietl, E. Unsöld, G.H. Willital New Indications for Neodym-YAG-Laser in Pediatric Surgery	383
M.Y. Sankar, K.A. Brackett, S.N. Joffe Effects of Non-Contact Nd-YAG Laser Photoradiation in Intra-Abdominal Tissues	387
K.-H. Dietl, H. Meier, E. Unsöld, G.H. Willital Histochemical Examination of Parenchymal Organs after Neodym-YAG-Laser Coagulation	392
M.Y. Sankar, S.B. Vallgren, K.M. Brackett, M.H. Chen, J. Wirman, S.N. Joffe Vagolysis and Mucosal Antrectomy by Contact. Intra-Gastric Nd:YAG Laser Photoradiation	396

NEUROSURGERY, OTOLARYNGOLOGY

O.J. Beck, F. Frank, E. Keiditsch, E. Unsöld The Laser in the Neurosurgery	405
P.W. Ascher Endoscopic Laser Procedures in Neurosurgery	412

F. Ulrich, T. Sander, W.J. Bock
Anastomosis of the Sciatic Nerve of the Rat with the
Modified Nd-YAG Laser. A Preliminary Report414

F. Ulrich, W.J. Bock
Laser Assisted Repair of Small Blood Vessels with the
1,3 μ m Nd:YAG Laser418

V.A. Fasano, R.M. Ponzio, M. Lanotte, J. Gawlik
Preliminary Experiences with Argon and Nd:YAG Scalpel
Laser in Neurosurgery424

Y. Miyazaki, J. Hirota, M. Yamamoto, T. Nobori, M. Ohyama
Nd-YAG Laser Antrostomy Using a Flexible Fiberscope
for Chronic Sinusitis428

M. Ohyama, T. Nobori, Y. Miyazaki, T. Hirota, N. Daikuzono
Contact YAG Laser Surgery in the Treatment of the Head
and Neck Tumors432

T. Nobori, M. Ohyama, T. Shima, Y. Miyazaki, J. Hirota,
N. Daikuzono
Localized Hyperthermia Using Contact YAG Laser in the
Treatment of Head and Neck Cancer438

PULMONARY, CARDIOLOGY

H.P. Emslander, J. Munteanu, K. Hinke, K.W. Heinl, S. Daum
Endobronchial Laser Treatment of Tumor Stenoses of the
Bronchial System445

P. Spinelli, M. dal Fante
Photodynamic Therapy in the Digestive Tract: An
International Enquiry450

E.C. Douville, P.T. Doerger, R.F. Kempczinski, J. van der Bel-Kahn
M.Y. Sankar, S.N. Joffe
A Comparative Study of the Acute Effects of Contact Versus
Non-Contact Delivery of Nd:YAG Laser Energy on the
Canine Arterial Wall458

V. Obelienius, J. Bredikis, A. Knepa
Nd-YAG Lasers in the Treatment of Cardiac Arrhythmias462

DERMATOLOGY, ORAL SURGERY, GYNAECOLOGY

M. Landthaler, D. Haina, R. Brunner, W. Waidelich, O. Braun-Falco Lasers in Dermatology	469
L. Goldman, A. Taylor, R. Putnam Preliminary Clinical Studies in Dermatology with Q Switched Nd:YAG Laser	473
R. Brunner, M. Landthaler, D. Haina, W. Waidelich, O. Braun-Falco Laser Treatment of Benign, Premalignant, and Malignant Neoplasms of the Oral Mucosa	474
G. Fürnsinn Neodym-YAG Laser Treatment of Recurrent Oral Angiomas	478
M. Landthaler, D. Brunner, D. Haina, W. Waidelich, O. Braun-Falco Nd-YAG-Laser Therapy of Teleangiectasias	480
A. Nagasawa Nd-YAG-Laser Therapies in Dental and Oral Surgery	483
K. Ackermann Local Haemostasis by Nd-YAG Laser After Dental Surgery Treatments in Patients with Severe Haemorrhagic Diathesis	490
R. Totani, T. Karasawa, Y. Suzuoki Application of Newly-developed Contact Type Surgical Rod for Nd:YAG Laser Conization of Uterine Cervix	491
N.E. Marcon, G.B. Haber, P.P. Kortan Neodymium YAG Laser for Malignant Tumors of the Esophagus, Stomach and Duodenum	497
UROLOGY	
A. Hofstetter, E. Schmiedt Nd:YAG Laser Application in Urological Tumors	505
F.T. Aledia Clinical Experience with the use of the Neodymium:YAG Laser in Treatment of Bladder Tumor. A Two-Year Follow-Up	510

M. Beer, G. Staehler, A. Beer, D. Jocham, E. Schmiedt Clinical Importance of Neodymium YAG Laser in Urology	516
J. Pensel, N. Schmeller, E. Keiditsch, A. Hofstetter M. Kriegmair Neuromuscular Reparation after Extended Neodymium:YAG Laser Coagulation	521
H. Washida, M. Tsugaya, N. Nirao, H. Sakagami, Y. Iwase, N. Daikuzono Interstitial Laser Irradiation for Bladder Cancer	524
R. Böwering, A. Schilling, A. Hofstetter, E. Keiditsch, F. Frank Treatment of Tumors of the Upper Urinary Tract by Neodymium YAG Laser	527
J. Pensel, N. Schmeller, E. Keitisch, A. Hofstetter, M. Kriegmair, E. Unsöld Percutaneous Ureter Occlusion with the Neodymium-YAG Laser	530
