Euromech Colloquium No. 79, Darmstadt, 7–10 September 1976:	
List of participants and papers	VI
<i>Rivlin, R. S.</i> (Bethlehem/USA), Some research directions in finite elasticity theory (with 1 figure)	1
<i>Isherwood, D. A.</i> and <i>R. W. Ogden</i> (Bath/U. K.), Finite plane strain problems for compressible elastic solids: General solution and volume changes	13
<i>Rogers, T. G.</i> (Nottingham/England), Deformations of strongly anisotropic materials (with 4 figures)	23
<i>Parker, D. F.</i> (Nottingham/England), Locally 'simple' unsteady deformations (with 6 figures) .	34
<i>Braun, M.</i> (Stuttgart/Germany), Nonlinear progressive waves in elastic materials (with 1 figure)	46
<i>Wesołowski, Z.</i> and <i>W. Bürger</i> (Warszawa/Poland and Karlsruhe/Germany), Shock waves in incompressible elastic solids (with 2 figures)	55
<i>Broer, L. J. F.</i> and <i>E. W. C. van Groesen</i> (Eindhoven/The Netherlands), Simple wave interaction of an elastic string (with 1 figure and 1 table)	61
<i>Joseph, D. D.</i> and <i>G. S. Beavers</i> (Minneapolis/USA), Free surface problems in rheological fluid mechanics (with 13 figures)	69
<i>Böhme, G.</i> (Hamburg/Deutschland), Über die Kraft, die ein einfaches Fluid bei axialer Schichtenströmung auf die Wand ausübt (mit 6 Abbildungen)	90
<i>Currie, P. K.</i> (Dublin/Ireland), Viscometric flows of anisotropic fluids (with 4 figures and 1 table)	105
<i>Atkin, R. J.</i> and <i>N. Fox</i> (Sheffield/England), Some effects in liquid helium II – a continuum approach	113
<i>Owen, D. R.</i> and <i>W.-L. Yin</i> (Pittsburgh/USA and Hsinchu/Taiwan), A class of exact solutions of the dynamical equations for rigid-viscoplastic bodies	123
