I. Das apallische Syndrom

Das apallische Syndrom. E. Kretschmer	2
---	---

II. Clinical Problems

1. Clinical Picture and Problems in Terminology. U.H. Peters and F. Gerstenbrand	8
2. The Symptomatology of the Apallic Syndrome. F. Gerstenbrand. With 4 Figures	14
3. The Transition Stage from Midbrain-Syndrome to Traumatic Apallic Syndrome. H.J. Avenarius and F. Gerstenbrand. With 1 Figure	22
4. Surgery of Traumatic Apallic Syndrome. G. Dalle Ore. With 1 Figure	26
5. The Apallic Syndrome in Metabolic Disorders of the Brain. F. Gerstenbrand, H.J. Avenarius, and H.P. Preissler	29
6. Apallic Syndrome Following Protracted Hypoglycemia. G.P. Liebaltd and I. Schleip. With 2 Figures	37
7. Apallic Syndrome in the Metabolic Diseases. L. Infuso	44
8. Apallic Syndrome Due to Pharmacotoxic Effects. S. Kanowski	46
9. Courses of Protracted States of Coma. H.H. Wieck, R. Rettelbach, B. Heerklotz, and K.A. Flügel. With 4 Figures	50
10. Apallic Syndrome in Diseases of the Cerebral White Matter. H.J. Lehmann . . .	57
11. Psychopathology of the Apallic Syndrome. U.H. Peters. With 2 Figures . . .	59
12. On the Psychopathology of Postapallic Terminal States. U. Boeters	69

III. Pathology

13. Neuropathology of the Traumatic Apallic Syndrome. G. Peters and E. Rothmund. With 5 Figures	78
14. Pathology and Pathogenesis of Apallic Syndromes Following Closed Head Injuries. K. Jellinger. With 4 Figures	88
15. Pathomorphological Aspects of the Nontraumatic Apallic Syndrome and of the Problem of Traumatic Brainstem Lesions with a Survival of Several Decades. G. Ule. With 3 Figures	104

16. Neuropathological Correlates of Supratentorial Lesions in Traumatic and Nontraumatic Apallic Syndrome. N. Grčević. With 2 Figures	109
---	-----

IV. Pathophysiology

17. An Attempt at Interpretation of the Apallic Syndrome on the Basis of Experimental Findings. G.F. Rossi. With 3 Figures	116
18. Experimental Studies with Cats to Produce a State Similar to the Apallic Syndrome. G. Dolce and H. Fromm. With 3 Figures	125
19. Clinical Pathophysiology of the Apallic Syndrome. C.H. Lücking	129

V. Additional Diagnostic Methods and Investigations

20. Temperature Regulation in Acute and Chronic Mesencephalic Syndrome and in Apallic Syndrome. G. Lausberg. With 4 Figures	134
21. A Neuroradiological Study of Traumatic Apallic Syndrome. A. Benati and A. Bricolo. With 3 Figures	139
22. Electroencephalographic Findings in the Apallic Syndrome. C.H. Lücking, E. Müllner, K. Pateisky, and F. Gerstenbrand. With 7 Figures	144
23. Studies on Sleep the Apallic Syndrome. B. Bergamasco, L. Bergamini, A. Bricolo, and G. Dolce. With 3 Figures	155
24. Complementary Examinations of the Central Nervous System Activity in the Apallic Syndrome. S. Mingrino. With 1 Figure	160
25. Electronystagmographic Findings Following Traumatic Apallic Syndrome. E. Scherzer and F. Gerstenbrand	164
26. Cerebral Blood Flow Reduction After Severe Head Injury and Its Relationship to the Extent of Brain Damage in Apallic Syndrome. W.-D. Heiss. With 2 Figures	168

VI. Therapy

27. Early Treatment of the Initial Stage of the Apallic Syndrome. C. Lehmann	176
28. The Medical Therapy of the Apallic Syndrome. A. Bricolo	182
29. Problems of Tracheotomy in Patients with the Apallic Syndrome. A. Berger. With 2 Figures	189
30. Utilization of the Tonus Regulating Reflexes in the Rehabilitation of the Apallic Syndrome. U. Seifert-Mielke. With 2 Figures	194
31. The Rehabilitation of the Apallic Syndrome During the Phase of the Reintegration of the Higher Function Stages. R.A. Dietze. With 3 Figures	198
32. The Rehabilitation of Patients with Apallic Syndrome in the Therapeutic Community. F. Gerstenbrand and C.H. Lücking	204

33. The Orthopedic Treatment of Patients with Apallic Syndrome. K. Zhuber, M. Salzer, and F. Gerstenbrand. With 2 Figures	208
34. The Apallic Syndrome and Secondary Lesions of Peripheral Nerves. B. Mamoli, E. Sluga, H. Zacherl, and F. Gerstenbrand. With 4 Figures	214
35. Social Problems of the Apallic Syndrome. U.H. Peters	225
36. A Rating Sheet to Monitor Apallic Syndrome Patients. F. Gerstenbrand, F. Lackner, and C.H. Lücking	227
Bibliography	232
Subject Index	255
