

Table of Contents

<i>1. Controversial Points in Selection of Patients for Surgery . . .</i>	1
<i>Changing Medical and Surgical Therapy in Coronary Artery Disease - Need for Prospective Studies</i>	
<i>(Th. Killip)</i>	2
<i>A Critical Review of the Veterans Administrative Cooperative Study</i>	
<i>(H. Loeb)</i>	10
<i>The Effect of Coronary Bypass on Longevity - a Nonrandomized Study</i>	
<i>(L.H. Cohn and J.J. Collins)</i>	13
<i>The Effects of Aortocoronary Bypass Surgery on Life Expectancy - a Nonrandomized Study</i>	
<i>(R.J. Flemma)</i>	18
<i>Does Coronary Bypass Surgery Prolong Life Expectancy?</i>	
<i>(R.J. Hall, D.A. Cooley, E. Garcia, V.S. Mathur, and C.M. deCastro, Jr.)</i>	26
<i>Are There Indications for Surgery in Asymptomatic Patients?</i>	
<i>(A. Selzer)</i>	32
<i>Factors to Prolong Survival in Patients with Coronary Artery Disease</i>	
<i>(R.B. Karp, N.T. Kouchoukos, and J.W. Kirklin)</i>	36
<i>Preinfarction Angina due to LAD Stenosis - a Surgical Follow-up</i>	
<i>(F. Cherrier, C. Pesch, J.L. Neumann, G. Braganti, and D. Souris)</i>	47
<i>Aortocoronary Bypass Surgery in Patients with Organic Coronary Atherosclerosis Combined with Spasm</i>	
<i>(A. L'Abbate and A. Maseri)</i>	53
<i>Indications and Results of Emergency Coronary Revascularization</i>	
<i>(A. Deloche, Ph. Menasche, A. Carpentier, J.N. Fabiani, A. Piwnica, J. Relland, and Ch. Dubost)</i>	61
<i>2. Controversial Points in Surgical Tactics and Techniques . . .</i>	69
<i>Complete Revascularization, Including Moderate Stenosis?</i>	
<i>(H.A. Huysmans, F.E.E. Vermeulen, and A.V.G. Bruschke)</i>	70
<i>Is Revascularization Limited to Good Quality and High Caliber Vessels?</i>	
<i>(M. Schmuziger, H. Roskamm, P. Stürzenhofecker, Ch. Hahn, and M. Stolte)</i>	73

Diffuse Coronary Artery Disease; Is it a Contraindication for Surgery? (W.D. Johnson)	80
Revascularization of Partially Infarcted Areas - Pathologist's Point of View (M. Stolte, H. Selz, U. Fiegl, and H. Müller)	84
Revascularization of Partially Infarcted Myocardium (O. Pachinger, P. Probst, and E. Kaindl)	98
Indications for Distal Coronary Artery Endarterectomy and Proximal Coronary Artery Bypass Grafts (H.C. Urschel and M.A. Razzuk)	108
Patency Rate and Functional Results of Left Anterior Descending Bypass Surgery by Internal Mammary Artery (P. Mathieu, C. Giorgi, J. Helmer, and Ch. Goepfert)	112
The Internal Mammary Artery as a Coronary Artery Bypass Graft (J.L. Ochsner, J.W. Jones, and N.L. Mills)	120
Does the Choice of Grafts (Veins or IMA) Influence Patency Rate and Functional Results? (R.J. Flemma)	125
Intra-operative Estimation of Technical and Functional Causes of Limited Aortocoronary Bypass Flow (P. Walter, W. Flameng, F. Schwarz and F.W. Hehrlein)	131
 <i>3. Indications for and Results of Aneurysmectomy</i>	141
Tachyarrhythmia as an Indication for Cardiac Surgery (J.W. Lister, A.J. Gosselin, Th.O. Gentsch, P.B. Larsen, E.A. Traad, and P.S. Swaye)	142
Does Aneurysmectomy Reduce Life-Threatening Ventricular Arrhythmias? (H. Klein, P.R. Lichtlen, and H.G. Borst)	165
Modification of Ventricular Function by Hypercontraction of the Surviving Heart Muscle Following Myocardial Infarction (P. Mathes, W.A. Baxley, A. Neiss, H. Sebening, and H. Blömer)	174
Factors Influencing Results in Surgery of Postinfarction Ventricular Aneurysms (R. Rivera and J.L. Delcan)	178
Functional Analysis of the Left Ventricle with Postinfarction Aneurysm (K.L. Neuhaus, K. Bornikoel, and H.J. Schrage)	188
 <i>4. Anesthesia and Myocardial Protection in Coronary Heart Surgery</i>	195
Primary Importance of Myocardial Blood Flow in Determining in the Survival of Ischemic Myocardium (E.S. Kirk, H.O. Hirzel, and E.H. Sonnenblick)	196
Myocardial Protection by Cardioplegic Solutions (N. Bleese)	202
Myocardial Protection by Pulsatile Flow - Clinical Experience (D. Bregman)	211

Comparative Study of Three Methods of Myocardial Protection (R. Rivera, J.L. Cantalapiedra, and C. Trascasas)	220
Anesthesia for Coronary Artery Surgery (S. Tarhan and J.H. Tinker)	226
Myocardial Protection by a Calcium Antagonist (R.E. Clark, Ph.D. Henry, I.Y. Christlieb, J.R. Williamson, and B.E. Sobel)	249
Myocardial Protection and Postoperative Care with Vasodilator Therapy (Nitrates) (S. Piepenbrock and G. Hempelmann)	255
Can Postoperative Care be Facilitated by Preoperative Preparation? (P. Suter and A. Bloch)	265
 5. <i>Functional Results of Coronary Heart Surgery</i> 271	
Factors Influencing Long-Term Improvement of Angina Pectoris, Exercise Tolerance, and Exercise Electrocardiography in Pa- tients After Vein Bypass Surgery (M.H. Ellestad and R.J. Stuart, Jr.)	272
Long-Term Effect of Coronary Bypass Surgery on Exercise Tolerance: A 2-Year Randomized Study (M.H. Frick, P-T. Harjola, and M. Valle)	279
Improvement of Hemodynamics During Exercise (A. Holmgren and P. Carlens)	285
Pulmonary Artery Pressure During Exercise and LV Diastolic Compliance Before and After Coronary Artery Surgery (J. Jehle, K. Bornikoel, K.L. Neuhaus, G. Sauer, and P. Spiller)	297
Factors Influencing Improvement of Hemodynamics During Exercise (P. Stürzenhofecker, H. Roskamm, and K. Schnellbacher)	303
Thallium ²⁰¹ Myocardial Perfusion Scintigraphy for the Evalua- tion of Post Coronary Bypass Patients (B.H. Greenberg, R. Hart, E.H. Botvinick, J.A. Werner, B.H. Brundage, D.M. Shames, K. Chatterjee, and W.W. Parmley) . .	311
Regional Ventricular Function at Rest, During Leg Raising and Physical Exercise Before and After Aortocoronary Bypass Surgery (W.-D. Bussmann, V. Mayer, G. Kober, and M. Kaltenbach)	322
Global and Regional Postoperative Left Ventricular Function in Relation to Preoperative Function and Degree of Revascularization (I. Amende, R. Simon, W. Hood, W. Liese, H.G. Borst, and P. Lichtlen)	340
Early Myocardial Depression After Coronary Artery Bypass Surgery (P.W. Serruys, R.W. Brower, H.J. ten Katen, M.v.d. Brand, and P.G. Hugenholtz)	349
Indications for and Results of Reoperation (W.J. Keon)	355

6. <i>What Can be Done to Improve Long-Term Results and Vocational Rehabilitation?</i>	367
Recent Changes in Incidence and Course of Hepatitis After Heart Surgery (M. Kaltenbach, L. Krehan, K. Wolf, and P. Satter)	368
Contributing Factors Preventing Return to Work of Cardiac Surgery Patients (P. David)	370
Clinical Results and Social Implications in Patients After Coronary Bypass Surgery (G. Blümchen, E. Scharf-Bornhofen, D. Brandt, C. van den Bergh, and G. Bierck)	375
Clinical Results and Return to Work After Coronary Heart Surgery (L. Benesch, K.L. Neuhaus, J. Rivas-Martin, and F. Loogen)	379
Need for Coronary Bypass Surgery in Europe (E. Varnauskas)	385
Subject Index	389
