ABSTRACT	9
ACKNOWLEDGEMENTS	13
CHAPTER 1 GENERAL CONSIDERATIONS	15
1.1 Choice of Area and Subject of Study	15
1.2 Definition of Area	15
1.3 Historical Introduction	16
1.4 Historical Survey of the Collection of Australasian Helotiales to 1961	16
1.5 Recent Work and Present State of Knowledge	23
1.6 Scope and Value of Present Study	24
CHAPTER 2 MATERIAL AND METHODS	29
2.1 Preparation and Examination of Dried Herbarium Material	29
2.2 Reagents	30
2.2.1 10% aqueous NH_3OH	30
2.2.2 5% aqueous KOH	30
2.2.3 Melzer's Reagent	30
2.2.4 Cotton Blue in Lactophenol	31
2.3 Drawings	31
2.4 Measurements	32
2.5 Abbreviations and Herbarium Citations	32
2.6 Taxonomic Analysis	32
CHAPTER 3 GENERAL ACCOUNT OF THE HELOTIALES	35
3.1 Taxonomy	35
3.2 Economic Importance	40

	Page
3.3 Morphology	40
3.3.1 External Morphology	40
3.3.2 Microanatomy	41
3.4 Taxonomic Criteria and their Application	44
3.5 Taxonomic Conclusions	71
3.6 Practical Difficulties with Helotiales	75
 CHAPTER 4 FORMAL TAXONOMY	 77
4.1 Key to Families of Helotiales Represented in Australasia	77
4.2 Leotiaceae Corda	78
4.3 Geoglossaceae Corda	80
4.3.1 Key to Australasian Genera of Geoglossaceae	81
4.3.2 <i>Geoglossum</i> Pers.	82
4.3.3 <i>Trichoglossum</i> Boud.	118
4.3.4 <i>Microglossum</i> Gillet	138
4.3.5 <i>Thuemenidium</i> O. Kuntze	150
4.4 Orbiliaceae Nannf.	157
4.4.1 Key to Genera of Orbiliaceae	159
4.4.2 <i>Orbilia</i> Fries	160
4.4.3 <i>Hyalinia</i> Boud.	186
4.4.4 <i>Habrostictis</i> Fuckel	192
4.5 Sclerotiniaceae Whetzel ex Whetzel	197
4.5.1 Key to Genera of Sclerotiniaceae known from Australasia	200
4.5.2 <i>Sclerotinia</i> Fuckel	202
4.5.3 <i>Gloeotinia</i> Wilson, Noble & Gray	240
4.5.4 <i>Mitrulinia</i> Spooner, gen. novum	244
4.5.5 <i>Monilinia</i> Honey	256
4.5.6 <i>Stromatinia</i> (Boud.) Boud.	265
4.5.7 <i>Dicephalospora</i> Spooner, gen. novum	267
4.5.8 <i>Poculinia</i> Spooner, gen. novum	277
4.5.9 <i>Asterocalyx</i> Höhnelt	280
4.5.10 <i>Poculum</i> Velen.	287
4.5.11 <i>Ciboria</i> Fuckel	296
4.5.12 <i>Torrendiella</i> Boud.	316
4.5.13 <i>Lambertella</i> Höhnelt	334
4.5.14 <i>Lanzia</i> Sacc.	338
4.6 Hyaloscyphaceae Nannf.	379
4.6.1 Key to Genera of Hyaloscyphaceae known from Australasia	384
4.6.2 <i>Arachnopeziza</i> Fuckel emend Korf	387
4.6.3 <i>Asperopilum</i> Spooner, gen. novum	391
4.6.4 <i>Austropeziza</i> Spooner, gen. novum	397

	Page
4.6.5 <i>Cistella</i> Quélet	402
4.6.6 <i>Dasyscyphella</i> Tranzschel	408
4.6.7 <i>Dematioscypha</i> Svrček	412
4.6.8 <i>Dimorphotricha</i> Spooner, gen. novum	416
4.6.9 <i>Hyaloscypha</i> Boud.	420
4.6.10 <i>Lachnellula</i> P. Karsten	426
4.6.11 <i>Lachnum</i> Retz.	440
4.6.12 <i>Lasiobelonium</i> Ellis & Everhardt	570
4.6.13 <i>Neodasyscypha</i> Spooner, nom. novum	589
4.6.14 <i>Proprioscypha</i> Spooner, gen. novum	600
4.6.15 <i>Perrotia</i> Boud.	604
4.6.16 <i>Polydesmia</i> Boud.	626
4.6.17 <i>Proliferodiscus</i> Haines & Dumont	632
4.6.18 <i>Rodwayella</i> Spooner, gen. novum	651
4.6.19 <i>Unguiculariopsis</i> Rehm	654
