

Table of Contents

Introduction	1
1. History and Nomenclature	3
2. Clinical and Genetic Aspects	7
3. Radiological Considerations	13
4. Osteopetrosis	19
5. Pycnodysostosis	33
6. Metaphyseal Dysplasia (Pyle Disease)	43
7. Craniometaphyseal Dysplasia	55
8. Craniodiaphyseal Dysplasia	67
9. Frontometaphyseal Dysplasia	75
10. Osteodysplasty (Melnick-Needles Syndrome)	83
11. Dysosteosclerosis	95
12. Endosteal Hyperostosis	101
13. Sclerosteosis	109
14. Diaphyseal Dysplasia (Camurati-Engelmann Disease)	123
15. Osteopathia Striata	131
16. Osteopoikilosis	137
17. Melorheostosis	143
18. Osteoectasia with Hyperphosphatasia	149
19. Infantile Cortical Hyperostosis (Caffey Disease)	155
20. Oculodento-Osseous Dysplasia	163
21. Miscellaneous Sclerosing Dysplasias	173
22. Differential Diagnosis: Other Sclerosing Disorders	181
Subject Index	189
