I Data Acquisition Systems

1	Tracking Data	3
	<i>Arnold Baca</i>	
1.1	Example Sport	4
1.2	Background	4
1.3	Applications	7
	References	9
2	Biomechanical Data	11
	<i>Wolfgang Potthast</i>	
2.1	Example Sport	12
2.2	Background	12
2.3	Applications	13
	References	16
3	Self-Regulated Learning Employing Marker-Less Movement Analyses in the Context of University Education in Sports	19
	<i>Christian Büning and Constantin Wirth</i>	
3.1	Example Sport	20
3.2	Background	20
3.3	Applications	23
	References	25
4	Wearable Technologies	27
	<i>Peter Düking and Billy Sperlich</i>	
4.1	Example Sport	28
4.2	Background	28
4.3	Applications	30
	References	33
5	Diagnosis of Motor Performance Using Exoskeletons	35
	<i>Tobias Moeller, Janina Krell-Roesch, Alexander Woll, and Thorsten Stein</i>	
5.1	Example Sport	36
5.2	Background and Definition	36
5.3	Applications/Fields of Use	38
	References	40

6	Inertial Sensing in Sports	43
	<i>Kerstin Witte and Stefan Tiedemann</i>	
6.1	Example Sports	44
6.2	Background	44
6.3	Applications	46
	References	49
7	Using Inertial Measurement Units (IMUs) in Performance and Behavioural Analysis	51
	<i>Ludovic Seifert and Brice Guignard</i>	
7.1	Example Sport	52
7.2	Background	52
7.3	Applications	54
	References	57
 II Sports Equipment and Materials		
8	Controlled Sliding as Injury Prevention	61
	<i>Uwe G. Kersting and Filip G. Lysdal</i>	
8.1	Example Sport	62
8.2	Background	62
8.3	Applications	65
	References	68
9	Mechatronic Ski Binding	71
	<i>Veit Senner, Aljoscha Hermann, and Patrick Carqueville</i>	
9.1	Problem Analysis: Epidemiology	72
9.2	Problem Analysis: State of the Art	73
9.3	Application	74
	References	82
10	Aspects and Approaches for the Development of Digital Training Assistants	85
	<i>Kevin Lippmann, Veit Senner, and Melanie Baldinger</i>	
10.1	Background	86
10.2	Applications	87
	References	97
11	Sports Floor Characteristics	99
	<i>Uwe G. Kersting and Shariman Ismadi Ismail</i>	
11.1	Example Sport	100
11.2	Background	100
11.3	Applications	101
	References	107

III Diagnostics

12	SoccerBot360	113
	<i>Sebastian Schwab and Daniel Memmert</i>	
12.1	Example Sport	114
12.2	Background	114
12.3	Applications	117
	References	119
13	Virtual Reality	121
	<i>Kerstin Witte, Stefan Pastel, Dan Bürger, and Katharina Petri</i>	
13.1	Example Sport	122
13.2	Background	122
13.3	Applications	123
	References	127
14	Video-Based Human Action Recognition and Its Application in Dance Research	129
	<i>Claudia Steinberg, Rejnald Lleshi, and Helena Miko</i>	
14.1	Background	130
14.2	Definition	130
14.3	Applications	134
	References	138
15	Sports Measurement and Information Systems and Biomechanical Feedback Training	141
	<i>Thomas Jaitner</i>	
15.1	Example Sport	142
15.2	Background	142
15.3	Applications	145
	References	148
16	Innovative Technologies for Gait and Stance Analysis	151
	<i>André Seyfarth</i>	
16.1	Example Sport	152
16.2	Background	152
16.3	Applications	153
	References	156
17	Panoramic Ultrasound Imaging and MyotonPRO	159
	<i>Florian Wegener and Matthias W. Hoppe</i>	
17.1	Example Sport	160
17.2	Background	160
17.3	Applications and Fields of Use	163
	References	164

IV Evaluation and Communication

18	Feedback Systems	169
	<i>Peter Leinen and Stefan Panzer</i>	
18.1	Example Sport	170
18.2	Background	171
18.3	Applications	172
	References	175
19	Smartphone Apps	177
	<i>Peter Dürking and Billy Sperlich</i>	
19.1	Example Sport	178
19.2	Background	179
19.3	Applications	179
	References	182
20	Movement Sonification: Intermodal Transformation of Movement Data to Enhance Motor Learning	185
	<i>Alfred O. Effenberg and Tong-Hun Hwang</i>	
20.1	Example Sport	186
20.2	Background	187
20.3	Applications	188
	References	193

V Selected Fields of Application

21	Metrics in Soccer	199
	<i>Daniel Memmert</i>	
21.1	Example Sport	200
21.2	Background	200
21.3	Applications	202
	References	204
22	Serious Games	207
	<i>Josef Wiemeyer</i>	
22.1	Example Sport	208
22.2	Background	208
22.3	Applications	211
	References	215
23	The Digital Twin: New Opportunities for Diagnostics and Control? ...	217
	<i>Patrick Wahl and Holger Broich</i>	
23.1	Example Sport	218
23.2	Background	218

23.3	Applications	223
	References	224
24	Vibrations and damping systems in cycling	227
	<i>Josef Viellehner</i>	
24.1	Example Sport	228
24.2	Background	228
24.3	Applications	230
	References	232
25	Performance Analysis in Soccer	235
	<i>Daniel Link</i>	
25.1	Example Sport	236
25.2	Background	236
25.3	Applications	238
	References	240
26	Esports Assessment	243
	<i>Chuck Tholl, Lisa Krampe, Peter Bickmann, Markus Soffner, and Ingo Froböse</i>	
26.1	Example Esports	244
26.2	Background	244
26.3	Applications	247
	References	249
27	Video-Based Decision Support for Referees in Sports Games	251
	<i>Lisa-Marie Schütz and Henning Plessner</i>	
27.1	Video Material in Sports	252
27.2	Background	252
27.3	Applications	253
	References	257
28	Evolutionary Algorithms	261
	<i>Jürgen Edelmann-Nusser</i>	
28.1	Example Sport	262
28.2	Background	262
28.3	Definitions	263
28.4	Applications	265
	References	271
