A little poem

10 I'm not sleeping, I am listening  
12 Bye, little butterfly  
14 You have the power - use it wise  
16 Feign feelings  
18 The Butterfly Effect  
20 Enlighten me  
22 You are blessed, rise and bloom  
26 Nature animated  
30 Fragmented  
32 Light it up, be the light!  
34 Hope is a cheerful rope  
36 Sweet dreams are made of this  
38 Just do it and enjoy!  
40 Sundown in Dessau  
42 Life is colorful  
44 Me is all in one  
48 Paeonia is calling!  
50 She does not want to see the truth!  
52 Dreams are my reality  
56 To much pressure  
58 There is more, let's explore ...  
60 The Empress  
62 Stop it! Enough is enough.
