

Contents

1	Metabolic Depression: A Historical Perspective	1
	Philip C. Withers and Christine E. Cooper	
2	Metabolic Regulation and Gene Expression During Aestivation	25
	Kenneth B. Storey and Janet M. Storey	
3	The Connection Between Oxidative Stress and Estivation in Gastropods and Anurans	47
	Marlize Ferreira-Cravo, Alexis F. Welker, and Marcelo Hermes-Lima	
4	Nitrogen Metabolism and Excretion During Aestivation.....	63
	Y.K. Ip and S.F. Chew	
5	Aestivation in Mammals and Birds	95
	Fritz Geiser	
6	Metabolic Rate Suppression as a Mechanism for Surviving Environmental Challenge in Fish.....	113
	Jeffrey G. Richards	
7	Energy and Water in Aestivating Amphibians.....	141
	José E. Carvalho, Carlos A. Navas, and Isabel C. Pereira	
8	Effects of Aestivation on Skeletal Muscle Performance	171
	Rob S. James	
9	Morphological Plasticity of Vertebrate Aestivation.....	183
	Stephen M. Secor and Jean-Herve Lignot	
10	Water Management by Dormant Insects: Comparisons Between Dehydration Resistance During Summer Aestivation and Winter Diapause	209
	Joshua B. Benoit	

11	Diapause and Estivation in Sponges.....	231
	Stephen H. Loomis	
12	Aestivation in the Fossil Record: Evidence from Ichnology	245
	Daniel I. Hembree	
	Index.....	263
