1	Introduction	1
1.1	Systems Approach to Natural and Artificial Plankton Communities by Continuous Cultures	
	NORBERT WALZ	3
2	General Continuous Culture Methods	11
2.1	Semicontinuous Culture Methods	
	MARTIN E. BORAAS	13
2.2	Methods of Single- and Two-Stage Chemostat Experiments	
	NORBERT WALZ	21
2.3	Rotifer Culture in the Turbidostat	
	WILLIAM E. BENNETT and MARTIN E. BORAAS	30
3	Characteristics of Rotifer Continuous Culture Systems	39
3.1	The Growth of <i>Brachionus rubens</i> in Semicontinuous Culture	
	MARTIN E. BORAAS	41
3.2	Single-Stage Predator-Prey Algal-Rotifer Chemostat Culture	
	MARTIN E. BORAAS	51
3.3	Characteristics of Two-Stage Chemostat Cultures of <i>Brachionus angularis</i>	
	NORBERT WALZ	62
3.4	Turbidostat Culture of <i>Brachionus calyciflorus</i> : An Experimental System to Assess Biological Limits on Population Growth	
	WILLIAM N. BENNETT, MARTIN E. BORAAS and DIANNE B. SEALE	77
4	Metabolism and Energetics in Chemostats	87
4.1	Carbon Metabolism and Population Dynamics of <i>Brachionus angularis</i> and <i>Keratella cochlearis</i>	
	NORBERT WALZ	89

4.2	Elements of Energy Balance of <i>Brachionus angularis</i> NORBERT WALZ	106
4.3	Steady-State Growth and Carbon Metabolism of <i>Brachionus rubens</i> and <i>B. calyciflorus</i> KARL O. ROTHHAUPT	123
5	Growth Models of Rotifers	133
5.1	Regulation Models in Rotifer Chemostats NORBERT WALZ	135
5.2	Comparison of Ecological and Microbial Growth Models MARTIN E. BORAAS	151
6	Competition and Life History Strategies of Rotifers	159
6.1	Use of Semicontinuous Culture Methods for Examining Competitive Outcome Between Two Freshwater Rotifers (Genus <i>Brachionus</i>) Growing on a Single Algal Resource DIANNE B. SEALE, MARTIN E. BORAAS and J. BRIAN HORTON	161
6.2	Rotifers and Continuous Culture Techniques: Model Systems for Testing Mechanistic Concepts of Consumer-Resource Interactions KARL O. ROTHHAUPT	178
6.3	Life History Strategies of Rotifers NORBERT WALZ	193
7	Ecological, Ecotoxicological and Aquacultural Significance of Continuous Culture Experiments	215
7.1	Critical Consideration of Chemostat Experiments KARL O. ROTHHAUPT	217
7.2	Chemostat Regulation Principles in Natural Plankton Communities NORBERT WALZ	226
7.3	Application of Rotifer Continuous Cultures to Ecotoxicology DIANNE B. SEALE and MARTIN E. BORAAS	243
7.4	Use of Rotifer Chemostats in Aquaculture CHARLES M. JAMES	253
8	Epilogue NORBERT WALZ	265
	Appendix NORBERT WALZ	270
