

Contents

Part I Introduction

1	. . . and then a Miracle Occurs	3
2	A Quantum Theory of Consciousness	37

Part II Theory

3	The Copenhagen Interpretation	49
4	Mind, Matter, and Quantum Mechanics	79
5	Quantum Propensities and the Brain–Mind Connection	117
6	A Quantum Theory of the Mind–Brain Interface	145

Part III Implications

7	Mind, Matter, and Pauli	175
8	Choice and Meaning in the Quantum Universe	185
9	Future Achievements to Be Gained through Science	197
10	A Quantum Conception of Man	207
11	Quantum Theory and the Place of Mind in Nature	219

Part IV Appendices

A	Mathematical Model	229
	Glossary	233
	Further References	243
	Index	245
